Operating and Financial Review and Prospects

The following is a discussion of the financial condition and results of operations of Navios Maritime Holdings Inc. (“Navios Holdings” or the “Company”) for the three and six month periods ended June 30, 2011 and 2010. Navios Holdings’ financial statements have been prepared in accordance with Generally Accepted Accounting Principles in the United States of America (U.S. GAAP). You should read this section together with the consolidated financial statements and the accompanying notes included in Navios Holdings’ Form 6-K dated August 8, 2011 and the management’s discussion and analysis included in Navios Holdings’ 2010 annual report on Form 20-F filed with the Securities and Exchange Commission and the condensed consolidated financial statements and the accompanying notes included elsewhere in this form 6-K.

This report contains forward-looking statements made pursuant to the safe harbor provisions of the Private Securities Reform Act of 1995. These forward looking statements are based on Navios Holdings’ current expectations and observations. Included among the factors that, in management’s view, could cause actual results to differ materially from the forward-looking statements contained in this report are changes in any of the following: (i) charter demand and/or charter rates; (ii) production or demand for the types of drybulk products that are transported by Navios Holdings’ vessels; (iii) operating costs including but not limited to changes in crew salaries, insurance, provisions, repairs, maintenance and overhead expenses; or (iv) changes in interest rates. Other factors that might cause a difference include, but are not limited to, those discussed under Part I, Item 3D — Risk Factors in Navios Holdings’ 2010 annual report on Form 20-F.

Recent Developments

Navios Holdings

Vessel Acquisition

On May 30, 2011, Navios Holdings agreed to acquire a 81,600 deadweight ton (“dwt”) bulk carrier scheduled to be delivered in April 2012 by a South Korean shipyard. The aggregate purchase price for the new vessel is approximately \$35.5 million, which is to be partially funded with a credit facility of Emporiki Bank of Greece for an amount up to \$23.0 million. The facility, which was entered into on August 19, 2011, is repayable in 20 semi-annual installments of \$0.8 million after the drawdown date with a final balloon payment of \$8.0 million on the last payment date. The interest rate of the facility is based on a margin of 275 bps. The facility also requires compliance with certain financial covenants.

Purchase Options

On May 30, 2011, Navios Holdings entered into option agreements to acquire four 82,000 dwt bulk carriers. Upon exercise of the options, delivery of the vessels is expected within the second half of 2013 or the first half of 2014. The contract price for each vessel is \$35.0 million.

Dividend Policy

On August 18, 2011, the Board of Directors declared a quarterly cash dividend for the second quarter of 2011 of \$0.06 per share of common stock. This dividend is payable on October 6, 2011 to stockholders of record on September 22, 2011. The declaration and payment of any further dividends remain subject to the discretion of the Board, and will depend on, among other things, Navios Holdings’ cash requirements as measured by market opportunities, debt obligations and restrictions under its credit and other debt agreements.

Navios Logistics

Acquisitions

During the second and third quarter of 2011, on various dates on or prior to August 22, 2011, Navios South American Logistics Inc. (“Navios Logistics”) used a portion of the proceeds from its offering of senior unsecured notes due 2019 to acquire three pushboats, 66 barges and one floating drydock for a total cost of approximately \$45.8 million, including transportation and other related costs.

Acquisition of Noncontrolling Interests in Joint Ventures

On July 25, 2011, Navios Logistics acquired the noncontrolling interests of its joint ventures Thalassa Energy S.A., HS Tankers Inc., HS Navigation Inc., HS Shipping Ltd. Inc. and HS South Inc., in accordance with the terms of certain stock purchase agreements with HS Energy Ltd., an affiliate of Vitol S.A. Navios Logistics paid a total consideration of \$8.5 million for such noncontrolling interests, and simultaneously paid \$53.2 million including \$0.2 million of accrued interest up to July 25, 2011 in full and final settlement of all amounts of indebtedness of such joint ventures under certain loan agreements.

Navios Partners

On August 10, 2011, Navios Holdings received \$6.7 million as a dividend distribution from its affiliate Navios Maritime Partners L.P. (“Navios Partners”).

Changes in Capital Structure

During the six month period ended June 30, 2011, 8,001 shares of restricted common stock were forfeited upon termination of employment. On March 1, March 2, March 7 and June 23, 2011, 18,281, 29,250, 68,047 and 15,000 shares, respectively, were issued following the exercise of the options for cash at an exercise price of \$3.18 per share.

Following the issuances and cancellations of the shares described above, Navios Holdings had outstanding as of June 30, 2011, 101,686,343 shares of common stock and 8,479 shares of Preferred Stock.

Overview

General

Navios Holdings is a global, vertically integrated seaborne shipping and logistics company focused on the transport and transshipment of drybulk commodities, including iron ore, coal and grain. We technically and commercially manage our owned fleet, Navios Acquisition’s fleet and Navios Partners’ fleet, and commercially manage our chartered-in fleet. Navios Holdings has in-house ship management expertise that allows it to oversee every step of technical management of its owned fleet, and Navios Partners’ and Navios Acquisition’s fleet, including the shipping operations throughout the life of the vessels and the superintendence of maintenance, repairs and drydocking.

On August 25, 2005, pursuant to a Stock Purchase Agreement dated February 28, 2005, as amended, by and among International Shipping Enterprises, Inc (“ISE”), Navios Holdings and all the shareholders of Navios Holdings, ISE acquired Navios Holdings through the purchase of all of the outstanding shares of common stock of Navios Holdings. As a result of this acquisition, Navios Holdings became a wholly owned subsidiary of ISE. In addition, on August 25, 2005, simultaneously with the acquisition of Navios Holdings, ISE effected a reincorporation from the State of Delaware to the Republic of the Marshall Islands through a downstream merger with and into its newly acquired wholly owned subsidiary, whose name was and continues to be Navios Maritime Holdings Inc.

On February 2, 2007, Navios Holdings acquired all of the outstanding share capital of Kleimar N.V. for a cash consideration of \$165.6 million (excluding direct acquisition costs), subject to certain adjustments. Kleimar is a Belgian maritime transportation company established in 1993. Kleimar is the owner and operator of Handymax, Capesize and Panamax vessels used in the transportation of cargoes and has an extensive contract of affreightment (“COA”) business.

On August 7, 2007, Navios Holdings formed Navios Partners under the laws of Marshall Islands. Navios G.P. L.L.C. (“General Partner”), a wholly owned subsidiary of Navios Holdings, was also formed on that date to act as the general partner of Navios Partners and received a 2% general partner interest in Navios Partners. Navios Partners is an affiliate and is not consolidated under Navios Holdings.

Navios Logistics

Navios Logistics is one of the largest logistics companies in the Hidrovia region of South America, serving the storage and marine transportation needs of its customers through its port terminals, river and coastal cabotage operations.

On January 1, 2008, pursuant to a share purchase agreement, Navios Holdings contributed (i) \$112.2 million in cash; and (ii) the authorized capital stock of its wholly owned subsidiary Corporation Navios Sociedad Anonima (“CNSA”) in exchange for the issuance and delivery of 12,765 shares of Navios Logistics, representing 63.8% (or 67.2% excluding contingent consideration) of its outstanding stock. Navios Logistics acquired all ownership interests in Horamar in exchange for (i) \$112.2 million in cash, of which \$5.0 million was kept in escrow, payable upon the attainment of certain EBITDA targets during specified periods through December 2008 (the “EBITDA Adjustment”); and (ii) the issuance of 7,235 shares of Navios Logistics representing 36.2% (or 32.8% excluding contingent consideration) of Navios Logistics’ outstanding stock, of which 1,007 shares were held in escrow pending attainment of certain EBITDA targets. In November 2008, \$2.5 million in cash and 503 shares were released from escrow when Horamar achieved the interim EBITDA target.

On March 20, 2009, August 19, 2009, and December 30, 2009, the agreement pursuant to which Navios Logistics acquired CNSA and Horamar was amended to postpone until June 30, 2010 the date for determining whether the EBITDA target was achieved. On June 17, 2010, \$2.5 million in cash and the 504 shares remaining in escrow were released from escrow upon the achievement of the EBITDA target threshold. Navios Holdings currently owns 63.8% of Navios Logistics.

For a more detailed discussion about the Navios Logistics segment, please see Exhibit 99.1 to this Form 6-K.

Navios Acquisition

On July 1, 2008, the Company completed the initial public offering (“IPO”) of its subsidiary, Navios Acquisition. At the time of the IPO, Navios Acquisition was a blank check company. In the offering, Navios Acquisition sold 25,300,000 units for an aggregate purchase price of \$253.0 million. Simultaneously with the completion of the IPO, the Company purchased private placement warrants of Navios

Acquisition for an aggregate purchase price of \$7.6 million (“Private Placement Warrants”). Prior to the IPO, Navios Holdings had purchased 8,625,000 units (“Sponsor Units”) for a total consideration of \$25,000, of which an aggregate of 290,000 units were transferred to the Company’s officers and directors and an aggregate of 2,300,000 Sponsor Units were returned to Navios Acquisition and cancelled upon receipt. Each unit consisted of one share of Navios Acquisition’s common stock and one warrant (“Sponsor Warrants,” together with the “Private Placement Warrants,” the “Navios Acquisition Warrants”). Navios Acquisition, at the time, was not a controlled subsidiary of the Company but was accounted for under the equity method due to the Company’s significant influence over Navios Acquisition.

On May 25, 2010, after its special meeting of stockholders, Navios Acquisition announced the approval of (a) the acquisition of 13 vessels (11 product tankers and two chemical tankers plus options to purchase two additional product tankers) for an aggregate purchase price of \$457.7 million, of which \$128.7 million was paid from existing cash and the \$329.0 million balance was paid with existing and new financing pursuant to the terms and conditions of the Acquisition Agreement by and between Navios Acquisition and Navios Holdings and (b) certain amendments to Navios Acquisition’s amended and restated articles of incorporation.

Navios Holdings purchased 6,337,551 shares of Navios Acquisition’s common stock for \$63.2 million in open market purchases. Moreover, on May 28, 2010, certain shareholders of Navios Acquisition redeemed 10,021,399 shares pursuant to redemption rights granted in the IPO upon de-“SPAC”-ing. As of May 28, 2010, following these transactions, Navios Holdings owned 12,372,551 shares, or 57.3%, of the outstanding common stock of Navios Acquisition. On that date, Navios Holdings acquired control over Navios Acquisition, and consequently concluded a business combination had occurred and consolidated the results of Navios Acquisition from that date until March 30, 2011.

On March 30, 2011, Navios Holdings exchanged 7,676,000 shares of Navios Acquisition’s common stock it held for non-voting Series C preferred stock of Navios Acquisition (the “Navios Acquisition Share Exchange”) pursuant to an Exchange Agreement entered into on March 30, 2011 between Navios Acquisition and Navios Holdings. The fair value of the exchange was \$30.5 million, which was based on the share price of the publicly traded common shares of Navios Acquisition on March 30, 2011. Following the Navios Acquisition Share Exchange, Navios Holdings’ ownership of the outstanding voting stock of Navios Acquisition decreased to 45% and Navios Holdings no longer controls a majority of the voting power of Navios Acquisition. From that date onwards, Navios Acquisition is considered as an affiliate entity of Navios Holdings and is not a controlled subsidiary of the Company, and the investment in Navios Acquisition is now accounted for under the equity method due to the Company’s significant influence over Navios Acquisition. Navios Acquisition will be accounted for under the equity method of accounting based on Navios Holdings’ 53.7% economic interest in Navios Acquisition, since the preferred stock is considered in-substance common stock for accounting purposes.

On March 30, 2011, based on the equity method, the Company recorded an investment in Navios Acquisition of \$103.3 million, which represents the fair value of the common stock and Series C preferred stock that was held by Navios Holdings on such date. On March 30, 2011, the Company calculated a loss on change in control of \$35.3 million, which is equal to the fair value of the Company’s investment in Navios Acquisition of \$103.3 million less the Company’s 53.7% interest in Navios Acquisition’s net assets on March 30, 2011.

Navios Acquisition is an owner and operator of tanker vessels focusing in the transportation of petroleum products (clean and dirty) and bulk liquid chemicals.

Fleet

The following is the current “core fleet” employment profile (excluding Navios Logistics), including the newbuilds to be delivered, as of August 19, 2011. The current “core fleet” consists of 56 vessels totaling 5.9 million dwt. The 43 vessels in current operation aggregate approximately 4.6 million dwt and have an average age of 5.0 years. Navios Holdings has currently fixed 95.2%, 55.9% and 37.9% of its 2011, 2012 and 2013 available days, respectively, of its fleet (excluding vessels which are utilized to fulfill COAs), representing contracted fees (net of commissions), based on contracted charter rates from its current charter agreements of \$305.8 million, \$216.8 million and \$168.8 million, respectively. Although these fees are based on contractual charter rates, any contract is subject to performance by the counterparties and us. Additionally, the level of these fees would decrease depending on the vessels’ off-hire days to perform periodic maintenance. The average contractual daily charter-out rate for the core fleet (excluding vessels which are utilized to fulfill COAs) is \$25,824, \$28,874 and \$32,415 for 2011, 2012 and 2013, respectively. The average daily charter-in rate for the active long-term charter-in vessels (excluding vessels which are utilized to fulfill COAs) for 2011 is estimated at \$10,479.

-
- (1) Daily rate net of commissions.
 - (2) Expected redelivery basis midpoint of full redelivery period.
 - (3) Generally, Navios Holdings may exercise its purchase option after three to five years of service.
 - (4) Navios Holdings holds the initial 50% purchase option on each vessel.
 - (5) Profit share based on applicable Baltic TC Average exceeding \$/day rates listed.
 - (6) Year eight optional (option to Navios Holdings) included in the table above. Profit sharing is 100% to Navios Holdings until net daily rate of \$44,850 and becomes 50/50 thereafter.
 - (7) Amount represents daily net rate of insurance proceeds following the default of the original charterer. The contracts for these vessels have been temporarily suspended and the vessels have been re-chartered to third parties for variable charter periods. Upon completion of the suspension period, the contracts with the original charterers will resume at amended terms. The obligations of our insurers are reduced by an amount equal to the mitigation charter hire revenues earned under the contracts with third parties and/or the original charterer or the applicable deductibles for any idle periods. The Company has filed claims for all unpaid amounts by the original charterer in respect of the employment of the vessels in the corporate rehabilitation proceedings. The disposition of these claims will be determined by the court at a future date.
 - (8) Subject to COA of \$45,500 per day for the remaining period until first quarter of 2015.
 - (9) Amount represents daily rate of insurance proceeds following the default of the original charterer. These vessels have been rechartered to third parties for variable charter periods. Obligations of the insurer are reduced by an amount equal to the mitigation charter hire revenues earned under these contracts and the applicable deductibles under the insurance policy.

Charter Policy and Industry Outlook

Navios Holdings' policy has been to take a portfolio approach to managing operating risks. This policy led Navios Holdings to time charter-out many of the vessels that it is presently operating (i.e., vessels owned by Navios Holdings or which it has taken into its fleet under charters having a duration of more than 12 months) for periods up to 12 years to various shipping industry counterparties considered by Navios Holdings to have appropriate credit profiles. By doing this, Navios Holdings aims to lock in, subject to credit and operating risks, favorable forward cash flows which it believes will cushion it against unfavorable market conditions. In addition, Navios Holdings trades additional vessels taken in on shorter term charters of less than 12 months duration as well as voyage charters or COAs and forward freight agreements ("FFAs").

In 2008 and 2009, this policy had the effect of generating Time Charter Equivalents ("TCE") that, while high by the average historical levels of the drybulk freight market over the last 30 years, were below those which could have been earned had the Navios Holdings' fleet been operated purely on short-term and/or spot employment. In 2010 and during the first half of 2011, this chartering policy had the effect of generating TCE which were higher than spot employment.

The average daily charter-in vessel cost for the Navios Holdings long-term charter-in fleet (excluding vessels, which are utilized to serve voyage charters or COAs) was \$10,331 per day for the six month period ended June 30, 2011. The average long-term charter-in hire rate per vessel is included in the amount of long-term hire included elsewhere in this document and was computed by (a) multiplying (i) the daily charter-in rate for each vessel by (ii) the number of days the vessel is in operation for the year and (b) dividing such product by the total number of vessel days for the year. These rates exclude gains and losses from FFAs. Furthermore, Navios Holdings has the ability to increase its owned fleet through purchase options at favorable prices relative to the current market exercisable in the future.

Navios Holdings believes that a decrease in global commodity demand from its current level, and the delivery of drybulk carrier new buildings into the world fleet, could have an adverse impact on future revenue and profitability. However, the operating cost advantage of Navios Holdings' owned vessels and long-term chartered fleet, which is chartered-in at favorable rates, will continue to help mitigate the impact of the current decline in freight rates. A reduced freight rate environment may also have an adverse impact on the value of Navios Holdings' owned fleet and any purchase options that are currently in the money. In reaction to a decline in freight rates, available ship financing has also been negatively impacted.

Navios Holdings currently owns 63.8% of Navios Logistics. Navios Logistics owns and operates vessels, barges and push boats located mainly in Argentina, the largest bulk transfer and storage port facility in Uruguay, and an upriver liquid port facility located in Paraguay. Operating results for Navios Logistics are highly correlated to: (i) South American grain production and export, in particular Argentinean, Brazilian, Paraguayan, Uruguayan and Bolivian production and export; (ii) South American iron ore production and export, mainly from Brazil; and (iii) sales (and logistic services) of petroleum products in the Paraguayan market. Navios Holdings believes that the continuing development of these businesses will foster throughput growth and therefore increase revenues at Navios Logistics. Should this development be delayed, grain harvests be reduced, or the market experience an overall decrease in the demand for grain or iron ore, the operations in Navios Logistics would be adversely affected.

From March 30, 2011, Navios Acquisition is accounted for under the equity method due to the Company's significant influence over Navios Acquisition. Navios Acquisition owns a large fleet of modern crude oil, refined petroleum product and chemical tankers providing world-wide marine transportation services. Navios Acquisition's strategy is to charter its vessels to international oil companies, refiners and large vessel operators under long, medium and short-term charters. Navios Acquisition is committed to providing quality transportation services and developing and maintaining long-term relationships with its customers. Navios Acquisition believes that the Navios brand will allow it to take advantage of increasing global environmental concerns that have created a demand in the petroleum products/crude oil seaborne transportation industry for vessels and operators that are able to conform to the stringent environmental standards currently being imposed throughout the world.

Factors Affecting Navios Holdings' Results of Operations

We believe the principal factors that will affect our future results of operations are the economic, regulatory, political and governmental conditions that affect the shipping industry generally and that affect conditions in countries and markets in which our vessels engage in business. Please read "Risk Factors" included in Navios Holdings' 2010 annual report on Form 20-F filed with the Securities and Exchange Commission for a discussion of certain risks inherent in our business.

Navios Holdings actively manages the risk in its operations by: (i) operating the vessels in its fleet in accordance with all applicable international standards of safety and technical ship management; (ii) enhancing vessel utilization and profitability through an appropriate mix of long-term charters complemented by spot charters (time charters for short term employment) and voyage charter or COAs; (iii) monitoring the financial impact of corporate exposure from both physical and FFAs transactions; (iv) monitoring market and counterparty credit risk limits; (v) adhering to risk management and operation policies and procedures; and (vi) requiring counterparty credit approvals.

Navios Holdings believes that the important measures for analyzing trends in its results of operations consist of the following:

- *Market Exposure:* Navios Holdings manages the size and composition of its fleet by chartering and owning vessels in order to adjust to anticipated changes in market rates. Navios Holdings aims to achieve an appropriate balance between owned vessels and long and short term chartered-in vessels and controls approximately 5.9 million dwt in drybulk tonnage. Navios Holdings' options to extend the charter duration of vessels it has under long-term time charter (durations of over 12 months) and its purchase options on chartered vessels permit Navios Holdings to adjust the cost and the fleet size to correspond to market conditions.
- *Available days:* Available days is the total number of days a vessel is controlled by a company less the aggregate number of days that the vessel is off-hire due to scheduled repairs or repairs under guarantee, vessel upgrades or special surveys. The shipping industry uses available days to measure the number of days in a period during which vessels should be capable of generating revenues.
- *Operating days:* Operating days is the number of available days in a period less the aggregate number of days that the vessels are off-hire due to any reason, including lack of demand or unforeseen circumstances. The shipping industry uses operating days to measure the aggregate number of days in a period during which vessels actually generate revenues.
- *Fleet utilization:* Fleet utilization is obtained by dividing the number of operating days during a period by the number of available days during the period. The shipping industry uses fleet utilization to measure a company's efficiency in finding suitable employment for its vessels and minimizing the amount of days that its vessels are off-hire for reasons other than scheduled repairs or repairs under guarantee, vessel upgrades, special surveys or vessel positioning.
- *TCE rates:* TCE rates are defined as voyage and time charter revenues less voyage expenses during a period divided by the number of available days during the period. The TCE rate is a standard shipping industry performance measure used primarily to compare daily earnings generated by vessels on time charters with daily earnings generated by vessels on voyage charters, because charter hire rates for vessels on voyage charters are generally not expressed in per day amounts, while charter hire rates for vessels on time charters generally are expressed in such amounts.
- *Equivalent vessels:* Equivalent vessels data is the available days of the fleet divided by the number of the calendar days in the period.

Voyage and Time Charter

Revenues are driven primarily by the number of vessels in the fleet, the number of days during which such vessels operate and the amount of daily charter hire rates that the vessels earn under charters, which, in turn, are affected by a number of factors, including:

- the duration of the charters;
- the level of spot market rates at the time of charters;
- decisions relating to vessel acquisitions and disposals;
- the amount of time spent positioning vessels;
- the amount of time that vessels spend in drydock undergoing repairs and upgrades;

- the age, condition and specifications of the vessels; and
- the aggregate level of supply and demand in the drybulk shipping industry.

Time charters are available for varying periods, ranging from a single trip (spot charter) to a long-term period which may be many years. In general, a long-term time charter assures the vessel owner of a consistent stream of revenue. Operating the vessel in the spot market affords the owner greater spot market opportunity, which may result in high rates when vessels are in high demand or low rates when vessel availability exceeds demand. Vessel charter rates are affected by world economics, international events, weather conditions, strikes, governmental policies, supply and demand, and many other factors that might be beyond the control of management.

Consistent with industry practice, Navios Holdings uses TCE rates, which consist of revenue from vessels operating on time charters and voyage revenue less voyage expenses from vessels operating on voyage charters in the spot market, as a method of analyzing fluctuations between financial periods and as a method of equating revenue generated from a voyage charter to time charter revenue.

TCE revenue also serves as an industry standard for measuring revenue and comparing results between geographical regions and among competitors.

The cost to maintain and operate a vessel increases with the age of the vessel. Older vessels are less fuel efficient, cost more to insure and require upgrades from time to time to comply with new regulations. The average age of Navios Holdings' owned core fleet is 5.3 years. However, as such fleet ages or if Navios Holdings expands its fleet by acquiring previously owned and older vessels, the cost per vessel would be expected to rise and, assuming all else, including rates, remains constant, vessel profitability would be expected to decrease.

Spot Charters, Contracts of Affreightment (COAs), and Forward Freight Agreements (FFAs)

Navios Holdings enhances vessel utilization and profitability through a mix of voyage charters, short-term charter-out contracts, COAs and strategic backhaul cargo contracts.

Navios Holdings enters into drybulk shipping FFAs as economic hedges relating to identifiable ship and/or cargo positions and as economic hedges of transactions the Company expects to carry out in the normal course of its shipping business. By utilizing certain derivative instruments, including drybulk shipping FFAs, the Company manages the financial risk associated with fluctuating market conditions. In entering into these contracts, the Company has assumed the risks relating to the possible inability of counterparties to meet the terms of their contracts.

As of June 30, 2011 and December 31, 2010, none of Navios Holdings' FFAs qualified for hedge accounting treatment. Drybulk FFAs traded by Navios Holdings that do not qualify for hedge accounting are shown at fair value in the balance sheet and changes in fair value are recorded in the statement of operations.

FFAs cover periods generally ranging from one month to one year and are based on time charter rates or freight rates on specific quoted routes. FFAs are executed either over-the-counter, between two parties, or through NOS ASA, a Norwegian clearing house, and LCH, the London clearing house. FFAs are settled in cash monthly based on publicly quoted indices.

NOS ASA and LCH call for both base and margin collaterals, which are funded by Navios Holdings, and which in turn substantially eliminates counterparty risk. Certain portions of these collateral funds may be restricted at any given time as determined by NOS ASA and LCH.

At the end of each calendar quarter, the fair value of drybulk shipping FFAs traded over-the-counter are determined from an index published in London, United Kingdom and the fair value of those FFAs traded with NOS ASA and LCH are determined from the NOS ASA and LCH valuations accordingly. Navios Holdings has implemented specific procedures designed to respond to credit risk associated with over-the-counter trades, including the establishment of a list of approved counterparties and a credit committee which meets regularly.

Statement of Operations Breakdown by Segment

Navios Holdings reports financial information and evaluates its operations by charter revenues and not by vessel type, length of ship employment, customers or type of charter. Navios Holdings does not use discrete financial information to evaluate the operating results for each such type of charter. Although revenue can be identified for these types of charters, management does not identify expenses, profitability or other financial information for these charters. The reportable segments reflect the internal organization of the Company and are strategic businesses that offer different products and services. The Company has three reportable segments from which it derives its revenues: Drybulk Vessel Operations, Tanker Vessel Operations and Logistics Business. The Drybulk Vessel Operations business consists of transportation and handling of bulk cargoes through ownership, operation, and trading of vessels, freight, and FFAs. For Navios Holdings' reporting purposes, Navios Logistics is considered as one reportable segment, the Logistics Business segment. The Logistics Business segment consists of our port terminal business, barge business and cabotage business in the Hidrovia region of South America. Following the formation of Navios Acquisition in 2010, the Company included an additional reportable segment, the Tanker Vessel Operations business, which consists of transportation and handling of liquid cargoes through ownership, operation, and trading of tanker vessels. Navios Holdings measures segment performance based on net income. From March 30, 2011, following the Navios Acquisition deconsolidation, this segment no longer exists as of June 30, 2011.

For a more detailed discussion about Navios Logistics segment, refer to Exhibit 99.1 to this Form 6-K.

Period over Period Comparisons

For the Three Month Period Ended June 30, 2011 compared to the Three Month Period Ended June 30, 2010

The following table presents consolidated revenue and expense information for the three month periods ended June 30, 2011 and 2010. This information was derived from the unaudited condensed consolidated revenue and expense accounts of Navios Holdings for the respective periods.

	Three Month Period Ended June 30, 2011 (unaudited)	Three Month Period Ended June 30, 2010 (unaudited)
(Expressed in thousands of U.S. dollars)		
Revenue	\$ 165,353	\$ 165,445
Time charter, voyage and port terminal expenses	(62,598)	(72,230)
Direct vessel expenses	(31,657)	(21,109)
General and administrative expenses	(13,911)	(11,351)
Depreciation and amortization	(24,397)	(22,366)
Interest income/expense and finance cost, net	(25,133)	(20,982)
Gain on derivatives	303	5,880
Gain on sale of assets	38,787	1,751
Gain on change in control	—	17,742
Other expense, net	(2,565)	(3,005)
Income before equity in net earnings of affiliated companies	44,182	39,775
Equity in net earnings of affiliated companies	7,731	8,172
Income before taxes	51,913	47,947
Income tax (expense)/benefit	(1,085)	133
Net income	50,828	48,080
Less: Net loss/(income) attributable to the noncontrolling interest	22	(1,571)
Net income attributable to Navios Holdings common stockholders	\$ 50,850	\$ 46,509

Set forth below are selected historical and statistical data for Navios Holdings for each of the three month period ended June 30, 2011 and 2010 that the Company believes may be useful in better understanding the Company's financial position and results of operations.

	Three Month Period Ended June 30,	
	2011 (unaudited)	2010 (unaudited)
FLEET DATA		
Available days	4,129	3,915
Operating days	4,081	3,904
Fleet utilization	98.8%	99.7%
Equivalent vessels	45	43
AVERAGE DAILY RESULTS		
Time Charter Equivalents	\$ 23,681	\$ 26,431

During the three month period ended June 30, 2011, there were 214 more available days as compared to the same period of 2010 due to an increase of 541 available days of owned vessels mainly attributable to the delivery of the owned newbuilding vessels at various times during 2010 and first quarter of 2011. This increase was offset by a decrease in short and long term fleet available days by 31 days and 296 days, respectively. Navios Holdings can increase or decrease its fleet's size by chartering-in vessels for long or short-term periods (less than one year).

The average Time Charter Equivalent ("TCE") rate for the three month period ended June 30, 2011 was \$23,681 per day, \$2,750 per day lower than the rate achieved in the same period of 2010. This was primarily due to the slowdown in the freight market resulting in lower charter-out daily rates in the second quarter of 2011 than those achieved in the second quarter of 2010.

Revenue: Revenue from drybulk vessel operations for the three months ended June 30, 2011 was \$110.7 million as compared to \$113.8 million for the same period during 2010. The decrease in drybulk revenue was mainly attributable to (i) a decrease in short-term charter-in and long-term charter-in fleet available days by 30 days and 296 days, respectively, and (ii) a decrease in TCE per day by 10.4% to \$23,681 per day in the second quarter of 2011 as compared to \$26,431 per day in the same period of 2010. This decrease was partially offset

by an increase in available days for owned vessels by 25.8% to 2,635 days in the second quarter of 2011 from 2,094 days in the same period of 2010.

Revenue from the logistics business was \$54.7 million for the three months ended June 30, 2011 as compared to \$51.6 million for the same period of 2010. This increase was mainly attributable to (i) the delivery of the Jiujiang and the Stavroula in June and July 2010, respectively; and (ii) improved performance in the iron ore transportation. This increase was partially offset by a decrease in revenues from operations of its dry and liquid port.

Following Navios Acquisition Share Exchange, and the deconsolidation of Navios Acquisition on March 30, 2011, there was no revenue from tanker vessel operations for the three months ended June 30, 2011. During the corresponding period of 2010, revenue from tanker vessel operations was below \$0.1 million.

Time Charter, Voyage and Port Terminal Expenses: Time charter, voyage and port terminal expenses decreased by \$9.6 million or 13.3% to \$62.6 million for the three month period ended June 30, 2011, as compared to \$72.2 million for same period in 2010. This was primarily due to a decrease in the short-term and long-term fleet activity (as discussed above).

Following Navios Acquisition Share Exchange, and the deconsolidation of Navios Acquisition on March 30, 2011 as a result thereof, there was no time charter, voyage and port terminal expenses from tanker vessel operations for the three months ended June 30, 2011. During the corresponding period of 2010, revenue from tanker vessel operations was below \$0.1 million.

Direct Vessel Expenses: Direct vessel expenses increased by \$10.6 million or 50.2% to \$31.7 million for the three month period ended June 30, 2011, as compared to \$21.1 million for the same period in 2010. Direct vessel expenses include crew costs, provisions, deck and engine stores, lubricating oils, insurance premiums and costs for maintenance and repairs. Of the total amounts for the three month period ended June 30, 2011 and 2010, \$18.9 million and \$11.5 million, respectively, related to Navios Logistics, mainly due to additional operating expenses generated by the new vessels under capital leases, the Jiujiang and the Stavroula, and the increase in crew costs, spares and maintenance.

The drybulk direct vessel expenses increased by \$3.1 million or 32.0% to \$12.8 million for the three month period ended June 30, 2011, as compared to \$9.7 million for same period in 2010. The increase resulted primarily from the increase in available days for owned vessels from 2,094 days during 2010 to 2,635 days during 2011 following (i) the delivery of owned vessels at various times during 2010 and first quarter of 2011; and (ii) the increase in crew costs, spares and lubricating oils.

Following Navios Acquisition Share Exchange, and the deconsolidation of Navios Acquisition on March 30, 2011 as a result thereof, there were no direct vessel expenses from tanker vessel operations for the three months ended June 30, 2011. During the corresponding period of 2010, direct vessel expenses were below \$0.1 million.

General and Administrative Expenses: General and administrative expenses of Navios Holdings are composed of the following:

(Expressed in thousands of U.S. dollars)	Three Month Period Ended June 30, 2011 (unaudited)	Three Month Period Ended June 30, 2010 (unaudited)
Payroll and related costs ⁽¹⁾	\$ 6,117	\$ 3,893
Professional, legal and audit fees ⁽¹⁾	1,421	1,143
Navios Acquisition	—	86
Navios Logistics	3,969	2,409
Other ⁽¹⁾	104	855
Sub-total	11,611	8,386
Credit risk insurance ⁽¹⁾	2,300	2,965
General and administrative expenses	<u>\$ 13,911</u>	<u>\$ 11,351</u>

(1) Excludes the logistics business and tanker vessels business, which are reflected in the line items for Navios Logistics and Navios Acquisition.

The increase in general and administrative expenses by \$2.6 million or 23.0% to \$13.9 million for the three month period ended June 30, 2011, as compared to \$11.3 million for the same period of 2010, was mainly attributable to (a) a \$2.2 million increase in payroll and other related costs; (b) a \$0.3 million increase in professional, legal and audit fees; and (c) a \$1.6 million increase in general and administrative expenses attributable to the logistics business. This increase was partially offset by (a) a \$0.7 million decrease in credit risk

insurance; and (b) a \$0.8 million decrease in other general and administrative expenses.

Depreciation and Amortization: For the three month period ended June 30, 2011, depreciation and amortization increased by \$2.0 million or 8.9% to \$24.4 million, as compared to \$22.4 million for the same period in 2010. The increase was primarily due to an increase in depreciation of drybulk vessels by \$2.7 million due to the increase of vessels in the owned fleet. This increase was mitigated by a \$0.7 million decrease in depreciation and amortization in the logistics business.

Following Navios Acquisition Share Exchange, and the deconsolidation of Navios Acquisition on March 30, 2011 as a result thereof, there was no depreciation and amortization expense from tanker vessel operations for the three months ended June 30, 2011. During the corresponding period of 2010, depreciation and amortization expense was below \$0.1 million.

Interest Income/Expense and Finance Cost, Net: Interest income/expense and finance cost, net for the three month period ended June 30, 2011 increased by \$4.1 million or 19.5% to \$25.1 million, as compared to \$21.0 million in the same period of 2010. This increase was mainly due to (a) a \$4.0 million increase in interest expense and finance cost, net attributable to Navios Logistics following the issuance of \$200.0 million senior notes in April 2011; and (b) a \$0.3 million increase in interest expense attributable to the increase of the average outstanding loan balances from \$501.6 million in the second quarter of 2010 to \$529.6 million in the same period of 2011 (excluding drawings relating to facilities for the construction of the newbuilding vessels). This increase was partially offset by a decrease in amortization of financing costs by \$0.1 million.

Gain on Derivatives: Gain on derivatives decreased by \$5.6 million to \$0.3 million during the three month period ended June 30, 2011, as compared to \$5.9 million for the same period in 2010. There is no gain on derivatives relating to the logistics business and tanker vessel operations. Navios Holdings records the change in the fair value of derivatives at each balance sheet date. The FFA market has experienced significant volatility in the past few years and, accordingly, recognition of the changes in the fair value of FFAs has, and can, cause significant volatility in earnings. The extent of the impact on earnings is dependent on two factors: market conditions and Navios Holdings' net position in the market. Market conditions were volatile in both periods. As an indicator of volatility, selected Baltic Exchange Panamax time charter average rates are shown below.

	Baltic Exchange's Panamax Time Charter Average Index
April 26, 2011	\$ 10,928 ^(a)
June 15, 2011	\$ 15,867 ^(b)
June 30, 2011	\$ 12,823 ^(*)
June 24, 2010	\$ 23,944 ^(c)
June 2, 2010	\$ 59,324 ^(d)
June 30, 2010	\$ 24,239 ^(*)

(a) Low for Q2 — 2011

(b) High for Q2 — 2011

(c) Low for Q2 — 2010

(d) High for Q2 — 2010

(*) End of period rate

Gain on Sale of Assets: The gain on sale of assets for the three month period ended June 30, 2011 was \$38.8 million which resulted from the sale of the Navios Luz and the Navios Orbiter to Navios Partners on May 19, 2011 for a total consideration of \$130.0 million, of which \$120.0 million was paid in cash and \$10.0 million was paid in newly issued common units of Navios Partners. During the same period in 2010, a gain of \$1.8 million resulted from the sale of the Navios Pollux to Navios Partners on May 21, 2010 for \$110.0 million in cash.

Gain on Change in Control: There was no gain on change in control for the three month period ended June 30, 2011. The gain on change in control for the three month period ended June 30, 2010 was \$17.7 million in connection with Navios Acquisition. Upon obtaining control of Navios Acquisition, the investment in common shares and the investment in warrants were remeasured to fair value, resulting in a gain of \$17.7 million and noncontrolling interest (the number of shares not controlled by the Company) was recognized at fair value (the public share price as of May 28, 2010 of \$6.56) amounting to \$60.6 million.

Other Expense, Net: Other expense, net decreased by \$0.4 million or 13.3% to \$2.6 million for the three month period ended June

30, 2011, as compared to \$3.0 million for the same period in 2010. This decrease was mainly due to a decrease of \$2.0 million in other expenses, net of Navios Logistics due to the recognition of income from insurance claims and a lower provision for bad debts in comparison to the same period of 2010. This decrease in other expenses was partially offset by (a) a \$0.3 million decrease in interest income from finance leases; and (b) a \$1.3 million increase in net miscellaneous expenses.

Following Navios Acquisition Share Exchange, and the deconsolidation of Navios Acquisition on March 30, 2011 as a result thereof, there was no other expense, net from tanker vessel operations for the three months ended June 30, 2011. For the same period in 2010, other expense, net was zero.

Equity in Net Earnings of Affiliated Companies: Equity in net earnings of affiliated companies decreased by \$0.5 million or 6.1% to \$7.7 million for the three month period ended June 30, 2011, as compared to \$8.2 million for the same period in 2010. This decrease was mainly due to a \$0.9 million decrease in investment income, which was mainly due to a \$1.1 million negative contribution under the equity method relating to Navios Acquisition during the three month period ended June 30, 2011 mitigated by a \$0.2 million positive contribution relating to Navios Partners. The overall variance of \$0.9 million was mitigated by a \$0.4 million increase in the amortization of deferred gain, as described in more detail below. The Company recognizes the gain from the sale of vessels to Navios Partners immediately in earnings only to the extent of the interest in Navios Partners owned by third parties and defers recognition of the gain to the extent of its own ownership interest in Navios Partners (the “deferred gain”) (see also “Related Party Transactions”). Subsequently, the deferred gain is amortized to income over the remaining useful life of the vessel. The recognition of the deferred gain is accelerated in the event that (i) the vessel is subsequently sold or otherwise disposed of by Navios Partners or (ii) the Company’s ownership interest in Navios Partners is reduced.

Income Tax (Expense)/Benefit: Income taxes increased by \$1.2 million to a loss of \$1.1 million for the three month period ended June 30, 2011, as compared to a gain of \$0.1 million for the same period in 2010. The main reason was the \$1.2 million increase in loss from income taxes relating to Navios Logistics.

Net Loss/(Income) Attributable to the Non-controlling Interest: Net income attributable to noncontrolling interests decreased by \$1.6 million to \$0 for the three month period ended June 30, 2011, as compared to \$1.6 million for the same period in 2010. This decrease in income attributable to the noncontrolling interest was attributable to Navios Logistics.

For the Six Month Period Ended June 30, 2011 compared to the Six Month Period Ended June 30, 2010

The following table presents consolidated revenue and expense information for the six month periods ended June 30, 2011 and 2010. This information was derived from the unaudited consolidated revenue and expense accounts of Navios Holdings for the respective periods.

(Expressed in thousands of U.S. dollars)	Six Month Period Ended June 30, 2011 (unaudited)	Six Month Period Ended June 30, 2010 (unaudited)
Revenue	\$ 347,125	\$ 319,814
Time charter, voyage and port terminal expenses	(121,712)	(148,731)
Direct vessel expenses	(65,675)	(41,153)
General and administrative expenses	(26,685)	(23,544)
Depreciation and amortization	(57,718)	(47,307)
Interest income/expense and finance cost, net	(54,570)	(42,391)
(Loss)/gain on derivatives	(82)	4,042
Gain on sale of assets	38,787	26,134
(Loss)/gain on change in control	(35,325)	17,742
Loss on bond extinguishment	(21,199)	—
Other expense, net	(3,540)	(6,804)
(Loss)/income before equity in net earnings of affiliated companies	(594)	57,802
Equity in net earnings of affiliated companies	14,746	19,756

Income tax (expense)/benefit	(181)	901
Net income	13,971	78,459
Less: Net income attributable to the noncontrolling interest	(1,251)	(649)
Preferred stock dividends of subsidiary	(27)	—
Add: Preferred stock dividends attributable to the noncontrolling interest	12	—
Net income attributable to Navios Holdings common stockholders	\$ 12,705	\$ 77,810

Set forth below are selected historical and statistical data for Navios Holdings for each of the six month periods ended June 30, 2011 and 2010 that the Company believes may be useful in better understanding the Company's financial position and results of operations.

	Six Month Period Ended June 30,	
	2011 (unaudited)	2010 (unaudited)
FLEET DATA		
Available days	8,111	8,108
Operating days	8,008	8,088
Fleet utilization	98.7%	99.8%
Equivalent vessels	45	45
AVERAGE DAILY RESULTS		
Time Charter Equivalents	\$ 24,143	\$ 25,424

During the six month period ended June 30, 2011, there were three more available days as compared to the same period of 2010 mainly due to an increase of 947 available days of owned vessels following the delivery of owned newbuilding vessels. That was offset by a decrease in short-term and long-term fleet available days by 204 days and 740 days, respectively. Navios Holdings can increase or decrease its fleet's size by chartering-in vessels for long-term or short-term periods (less than one year).

The average TCE rate for the six month period ended June 30, 2011 was \$24,143 per day, \$1,281 per day lower than the rate achieved in the same period of 2010. This was primarily due to the slowdown in the freight market resulting in lower charter-out daily rates in the first half of 2011 than those achieved in the same period of 2010.

Revenue: Revenue from drybulk vessel operations for the six months ended June 30, 2011 was \$222.9 million as compared to \$232.0 million for the same period during 2010. The decrease in drybulk revenue was mainly attributable to (i) a decrease in short-term charter-in and long-term charter-in fleet available days by 205 days and 740 days, respectively, and (ii) a decrease in TCE per day by 5.0% to \$24,143 per day in the first half of 2011 as compared to \$25,424 per day in the same period of 2010. This decrease was partially offset by an increase in available days for owned vessels by 22.5% to 5,159 days in the first half of 2011 from 4,212 days in the same period of 2010.

Revenue from the logistics business was \$99.1 million for the six months ended June 30, 2011 as compared to \$87.8 million during the same period of 2010. This increase was mainly attributable to: (i) the delivery of the Jiujiang and the Stavroula in June and July 2010, respectively; and (ii) improved performance due to the increase in iron ore transportation. This increase was partially offset by a decrease in operations of its dry and liquid port.

Revenue from tanker vessel operations for the six month period ended June 30, 2011 was \$25.1 million. Following the delivery of a chemical tanker, the Nave Polaris, on January 27, 2011, Navios Acquisition had 874 available days and a TCE rate of \$29,558. During the corresponding period of 2010, revenue from tanker vessel operations was below \$0.1 million.

Time Charter, Voyage and Port Terminal Expenses: Time charter, voyage and port terminal expenses decreased by \$27.0 million or 18.2% to \$121.7 million for the six month period ended June 30, 2011, as compared to \$148.7 million for same period in 2010. This was primarily due to a decrease in the short-term and long-term fleet activity (as discussed above).

Time charter, voyage and port terminal expenses from tanker vessel operations for the six months ended June 30, 2011 was \$0.4 million. During the corresponding period of 2010, there were no time charter, voyage and port terminal expenses from tanker vessel operations.

Direct Vessel Expenses: Direct vessel expenses increased by \$24.5 million or 59.5% to \$65.7 million for the six month period ended June 30, 2011, as compared to \$41.2 million for the same period in 2010. Direct vessel expenses include crew costs, provisions, deck and engine stores, lubricating oils, insurance premiums and costs for maintenance and repairs. Of the total amounts for the six month period ended June 30, 2011 and 2010, \$33.4 million and \$22.2 million, respectively, related to Navios Logistics. This increase was mainly due to additional operating expenses generated by the new vessels under capital leases, the Jiujiang and the Stavroula, and the increase in crew costs, spares and maintenance.

The drybulk direct vessel expenses increased by \$5.8 million or 30.7% to \$24.7 million for the six month period ended June 30, 2011, as compared to \$18.9 million for same period in 2010. The increase resulted primarily from the increase in available days for owned vessels from 4,212 days in the first half of 2010 to 5,159 days in the same period of 2011 following (i) the delivery of owned vessels at various times during 2010 and first quarter of 2011; and (ii) the increase in crew costs, spares and lubricating oils.

The tanker direct vessel expenses were \$7.6 million for the six month period ended June 30, 2011. For the six month period ended June 30, 2010 the tanker direct vessel expenses were below \$0.1 million.

General and Administrative Expenses: General and administrative expenses of Navios Holdings are composed of the following:

(Expressed in thousands of U.S. dollars)	Six Month Period Ended <u>June 30, 2011</u> (unaudited)	Six Month Period Ended <u>June 30, 2010</u> (unaudited)
Payroll and related costs ⁽¹⁾	\$ 11,423	\$ 8,085
Professional, legal and audit fees ⁽¹⁾	2,665	2,447
Navios Acquisition	1,025	86
Navios Logistics	6,796	5,806
Other ⁽¹⁾	418	1,495
Sub-total	<u>22,327</u>	<u>17,919</u>
Credit risk insurance ⁽¹⁾	4,358	5,625
General and administrative expenses	<u>\$ 26,685</u>	<u>\$ 23,544</u>

(1) Excludes the logistics business and tanker vessels business, which are reflected in the line items for Navios Logistics and Navios Acquisition.

The increase in general and administrative expenses by \$3.2 million or 13.6% to \$26.7 million for the six month period ended June 30, 2011, as compared to \$23.5 million for the same period of 2010, was mainly attributable to (a) a \$3.3 million increase in payroll and other related costs; (b) a \$0.3 million increase in professional, legal and audit fees; (c) a \$1.0 million increase in general and administrative expenses attributable to Navios Acquisition; and (d) a \$1.0 million increase in general and administrative expenses attributable to the logistics business. This increase was partially offset by (a) a \$1.3 million decrease in credit risk insurance; and (b) a \$1.1 million decrease in other general and administrative expenses.

Depreciation and Amortization: For the six month period ended June 30, 2011, depreciation and amortization increased by \$10.4 million or 22.0% to \$57.7 million, as compared to \$47.3 million for the same period in 2010. The increase was primarily due to (a) an increase in depreciation of drybulk vessels by \$4.6 million due to the increase of the owned fleet vessels; and (b) an increase of \$8.0 million attributable to Navios Acquisition. This increase was mitigated by (a) a \$0.3 million decrease in logistics business and (b) a decrease of \$1.9 million in amortization of favorable and unfavorable leases.

Interest Income/Expense and Finance Cost, Net: Interest income/expense and finance cost, net for the six month period ended June 30, 2011 increased by \$12.2 million or 28.8% to \$54.6 million, as compared to \$42.4 million in the same period of 2010. This increase was due to (a) a \$4.1 million increase in interest expense and finance cost, net attributable to Navios Logistics mainly following the issuance of \$200.0 million of senior notes in April 2011; (b) interest expense and finance cost, net attributable to Navios Acquisition amounting to \$8.3 million; (c) a \$0.4 million increase in interest expense due to the increase of the average outstanding loan balances from \$441.0 million in the first half of 2010 to \$523.8 million in the same period of 2011 (excluding drawings relating to facilities for the construction of the Capesize vessels) and (d) a \$0.1 million decrease in interest income. This increase was partially offset by (a) a decrease in amortization of financing costs by \$0.7 million and (b) a decrease in average LIBOR rate to 0.29% for the six month period ended June 30, 2011 as compared to 0.34% for the same period in 2010.

(Loss)/Gain on Derivatives: Gain on derivatives decreased by \$4.1 million to a loss of \$0.1 million during the six month period ended June 30, 2011, as compared to a gain of \$4.0 million for the same period in 2010. Navios Holdings records the change in the fair value of derivatives at each balance sheet date. The FFA market has experienced significant volatility in the past few years and, accordingly, recognition of the changes in the fair value of FFAs has, and can, cause significant volatility in earnings. The extent of the impact on earnings is dependent on two factors: market conditions and Navios Holdings' net position in the market. Market conditions were volatile in both periods. As an indicator of volatility, selected Baltic Exchange Panamax time charter average rates are shown below.

	Baltic Exchange's Panamax Time Charter Average Index
February 2, 2011	\$ 10,372 ^(a)
March 3, 2011	\$ 17,115 ^(b)
June 30, 2011	\$ 12,823 ^(*)

Gain on Sale of Assets: The gain on sale of assets for the six month period ended June 30, 2011 was \$38.8 million, which resulted from the sale of the Navios Luz and the Navios Orbiter to Navios Partners on May 19, 2011 for a total consideration of \$130.0 million, of which \$120.0 million was paid in cash and \$10.0 million was paid in newly issued common units of Navios Partners. During the same period in 2010, the gain on sale of assets was \$26.1 million resulting from (a) a gain of \$23.8 million from the sale of the Navios Hyperion, (b) a gain of \$0.6 million from the sale of the Navios Aurora II and (c) a gain of \$1.7 from the sale of the Navios Pollux to Navios Partners on January 8, 2010, March 18, 2010 and May 21, 2010, respectively.

Gain/(Loss) on Change in Control: On March 30, 2011, Navios Holdings completed the Navios Acquisition Share Exchange whereby Navios Holdings exchanged 7,676,000 shares of Navios Acquisition's common stock it held for non-voting Series C preferred stock of Navios Acquisition pursuant to an Exchange Agreement entered into on March 30, 2011 between Navios Acquisition and Navios Holdings. From that date onwards, Navios Acquisition is considered as an affiliate entity of Navios Holdings and is not a controlled subsidiary of the Company, and the investment in Navios Acquisition is now accounted for under the equity method due to the Company's significant influence over Navios Acquisition. Navios Acquisition will be accounted for under the equity method of accounting based on Navios Holdings' 53.7% economic interest in Navios Acquisition, since the preferred shares are considered in substance common stock from an accounting perspective. On March 30, 2011, based on the equity method, the Company recorded an investment in Navios Acquisition of \$103.3 million, which represents the fair value of the common stock and Series C preferred stock that was held by Navios Holdings on such date. On March 30, 2011, the Company accounted a loss on change in control of \$35.3 million, which is equal to the fair value of the Company's investment in Navios Acquisition of \$103.3 million less the Company's portion of Navios Acquisition's net assets on March 30, 2011.

During the same period of 2010, the gain on change in control for the six month period ended June 30, 2010 was \$17.7 million in connection with Navios Acquisition. Upon obtaining control of Navios Acquisition, the investment in common shares and the investment in warrants were remeasured to fair value, resulting in a gain of \$17.7 million and noncontrolling interest (the number of shares not controlled by the Company) was recognized at fair value, (the public share price as of May 28, 2010 of \$6.56), amounting to \$60.6 million.

Loss on Bond Extinguishment: In December 2006, the Company issued \$300.0 million in senior notes at a fixed rate of 9.5% due on December 15, 2014 ("2014 Notes"). On January 28, 2011, Navios Holdings completed the sale of \$350.0 million of 8.125% Senior Notes due 2019 (the "2019 Notes"). The net proceeds from the sale of the 2019 Notes were used to redeem all of the 2014 Notes and pay related transaction fees and expenses and for general corporate purposes. As a result of such transaction, we recorded expenses from bond extinguishment of \$21.2 million.

Other Expense, Net: Other expense, net decreased by \$3.3 million or 48.5% to \$3.5 million for the six month period ended June 30, 2011, as compared to \$6.8 million for the same period in 2010. This decrease was mainly due to (a) a \$2.0 million decrease in net miscellaneous expenses due to decrease in provision for bad debts; and (b) a decrease of \$2.0 million in other expenses, net of Navios Logistics mainly due to the recognition of income from insurance claims and a lower provision for bad debts in comparison to the same period of 2010. This decrease was partially offset by a \$0.7 million decrease in interest income from finance leases.

Other expense, net from tanker vessel operations for the six month period ended June 30, 2011 and 2010 was less than \$0.1 million and \$0, respectively.

Equity in Net Earnings of Affiliated Companies: Equity in net earnings of affiliated companies decreased by \$5.0 million or 25.3% to \$14.8 million for the six month period ended June 30, 2011, as compared to \$19.8 million equity in earnings for the same period in 2010. This decrease was mainly due to (a) a \$0.6 million decrease in investment income, which was mainly due to a \$0.8 million negative contribution under the equity method relating to Navios Acquisition during the six month period ended June 30, 2011, mitigated by a \$0.2 million positive contribution relating to Navios Partners; and (b) a \$4.4 million decrease in the amortization of deferred gain. The Company recognizes the gain from the sale of vessels to Navios Partners immediately in earnings only to the extent of the interest in Navios Partners owned by third parties and defers recognition of the gain to the extent of its own ownership interest in Navios Partners (the "deferred gain") (see also "Related Party Transactions"). Subsequently, the deferred gain is amortized to income over the remaining useful life of the vessel. The recognition of the deferred gain is accelerated in the event that (i) the vessel is subsequently sold or otherwise disposed of by Navios Partners or (ii) the Company's ownership interest in Navios Partners is reduced.

Income Tax (Expense)/Benefit: Income taxes increased by \$1.1 million to a loss of \$0.2 million for the six month period ended June 30, 2011, as compared to a gain of \$0.9 million for the same period in 2010. The main reason was the \$1.1 million increase in loss from income taxes relating to Navios Logistics.

Net Income Attributable to the Noncontrolling Interest: Net income attributable to the noncontrolling interest increased by \$0.6 million or 46.2% to \$1.3 million for the six month period ended June 30, 2011, as compared to \$0.7 million for the same period in 2010. This increase in income attributable to the noncontrolling interest was attributable to Navios Logistics.

Liquidity and Capital Resources

Navios Holdings has historically financed its capital requirements with cash flows from operations, equity contributions from stockholders and credit facilities and other debt financings. Main uses of funds have been capital expenditures for the acquisition of new vessels, new construction and upgrades at the port terminals, expenditures incurred in connection with ensuring that the owned vessels comply with international and regulatory standards, repayments of credit facilities and payments of dividends. Navios Holdings anticipates that cash on hand, internally generated cash flows and borrowings under the existing credit facilities will be sufficient to fund the operations of the fleet and the logistics business, including working capital requirements. However, see “Exercise of Vessel Purchase Options”, “Working Capital Position” and “Long-term Debt Obligations and Credit Arrangements” for further discussion of Navios Holdings’ working capital position.

In November 2008, the Board of Directors approved a share repurchase program for up to \$25.0 million of Navios Holdings’ common stock. Share repurchases are made pursuant to a program adopted under Rule 10b5-1 under the Exchange Act. The program does not require any minimum purchase or any specific number or amount of shares and may be suspended or reinstated at any time in Navios Holdings’ discretion and without notice. Repurchases are subject to restrictions under the terms of the Company’s credit facilities and indentures. There were no shares repurchased during the six month period ended June 30, 2011 and for the year ended December 31, 2010.

The following table presents cash flow information derived from the unaudited consolidated statements of cash flows of Navios Holdings for the six month periods ended June 30, 2011 and 2010.

	Six Month Period Ended June 30, 2011	Six Month Period Ended June 30, 2010
	(unaudited)	(unaudited)
(Expressed in thousands of U.S. dollars)		
Net cash provided by operating activities	\$ 73,152	\$ 54,929
Net cash used in investing activities	(46,531)	(132,964)
Net cash provided by financing activities	108,323	126,154
Increase in cash and cash equivalents	134,944	48,119
Cash and cash equivalents, beginning of the period	207,410	173,933
Cash and cash equivalents, end of period	\$ 342,354	\$ 222,052

Cash provided by operating activities for the six month period ended June 30, 2011 as compared to the cash provided by for the six month period ended June 30, 2010:

Net cash provided by operating activities increased by \$18.3 million to \$73.2 million for the six month period ended June 30, 2011, as compared to \$54.9 million for the same period of 2010. In determining net cash provided by operating activities, net income is adjusted for the effects of certain non-cash items including depreciation and amortization and unrealized gains and losses on derivatives.

The aggregate adjustments to reconcile net income to net cash provided by operating activities was a \$72.8 million gain for the six month period ended June 30, 2011, which consisted mainly of the following adjustments: \$57.7 million of depreciation and amortization, \$2.4 million of amortization of deferred drydock expenses, \$3.2 million of amortization of deferred finance fees, \$5.6 million of expenses from bond extinguishment, \$2.0 million relating to share-based compensation, a \$35.3 million loss on change in control, a \$5.4 million movement in earnings in affiliates net of dividends received and a \$0.2 increase in loss from income taxes. These adjustments were partially offset by a \$0.3 million of unrealized gains on FFAs and \$38.8 million from gain on the sale of the Navios Luz and the Navios Orbiter to Navios Partners.

The negative change in operating assets and liabilities of \$13.6 million for the six month period ended June 30, 2011 resulted from a \$25.4 million increase in accounts receivable, a \$0.9 million increase in prepaid expenses and other current assets, a \$19.2 million increase in amounts due from affiliates, a \$4.8 million decrease in accounts payable, a \$2.1 million decrease in other long-term liabilities and \$5.0 million in payments for drydock and special survey costs. These were partially offset by a \$0.4 million decrease in restricted cash, a

\$33.1 million increase in accrued expenses, a \$5.8 million increase in deferred income, a \$4.3 million decrease in other long-term assets, and a \$0.2 million increase in derivative accounts.

The aggregate adjustments to reconcile net income to net cash provided by operating activities was a \$19.1 million increase for the six month period ended June 30, 2010, which consisted mainly of the following adjustments: \$47.3 million of depreciation and amortization, \$1.2 million of amortization of deferred drydock expenses, \$3.1 million of amortization of deferred finance fees, a \$5.4 million provision for losses on accounts receivable, \$10.2 million of unrealized losses on FFAs, \$1.2 million relating to share-based compensation and a \$2.0 million movement in earnings in affiliates net of dividends received. These adjustments were partially offset by \$5.9 million of unrealized gain on Navios Acquisition warrants, a \$17.7 million gain on fair value investment of Navios Acquisition, \$0.7 million of unrealized gain on interest rate swaps, \$26.1 million from the sales of the Navios Hyperion, the Navios Aurora II and the Navios Pollux to Navios Partners and a \$0.9 million movement in income taxes.

The negative change in operating assets and liabilities of \$42.6 million for the six month period ended June 30, 2010 resulted from a \$0.8 million increase in accounts receivable, a \$3.4 million increase in restricted cash, a \$3.7 million increase in prepaid expenses and other assets, a \$9.9 million increase in due from affiliates, a \$1.8 million increase of interest payments, a \$6.7 million relating to payments for drydock and special survey costs, a \$17.6 million decrease in accounts payable and a \$8.6 million decrease in other long term liabilities. The negative change was offset by a \$3.6 million increase in accrued expenses, a \$2.4 million increase in deferred income, a \$2.9 million increase in derivative accounts and a \$1.0 million decrease in other long-term assets.

Cash used in investing activities for the six month period ended June 30, 2011 as compared to the cash used in for the six month period ended June 30, 2010:

Cash used in investing activities decreased by \$86.5 million to \$46.5 million for the six month period ended June 30, 2011, as compared to \$133.0 million for the same period in 2010.

Cash used in investing activities for the six months ended June 30, 2011 was the result of: (a) a \$72.4 million decrease due to the Navios Acquisition deconsolidation; (b) \$3.0 million of deposits for acquisitions of tanker vessels under construction; (c) \$1.0 million of deposits for the acquisition of Navios Logistics' floating drydock; (d) \$0.5 million of deposits for the acquisition of a newbuilding bulk carrier scheduled to be delivered in the second quarter of 2012; (e) \$51.5 million paid for the acquisition of the vessels Navios Azimuth, Navios Altamira and Navios Astra, and \$4.5 million paid for the delivery of the Nave Polaris on January 27, 2011; (f) \$2.1 million in payments relating to the acquisition of General Partner units following offerings by Navios Partners; and (g) the purchase of other fixed assets amounting to \$32.3 million mainly relating to Navios Logistics. The above was partially offset by (a) \$120.0 million of proceeds from the sale of the Navios Luz and the Navios Orbiter to Navios Partners on May 19, 2011 and (b) a \$0.8 million decrease in restricted cash.

Cash used in investing activities for the six months ended June 30, 2010 was \$133.0 million and was the result of (a) \$293.1 million for the deposits for the acquisitions of Capesize vessels under construction and \$1.5 million for the deposits for the acquisitions of tanker vessels under construction of Navios Acquisition, (b) a \$67.3 million movement in Navios Holdings' cash which had been kept in a pledged account and released to the Company subject to nominations of substitute vessels agreed to by the bank, (c) the amounts paid for the acquisition of the Navios Vector amounting to \$30.5 million including any additional expenses incurred from the vessel's purchase and \$39.3 million paid relating to the acquisition of the Colin Jacob from Navios Acquisition, (d) the purchase from Navios Holdings of 6,337,551 shares of Navios Acquisition common stock for \$63.2 million in open market purchases; (e) the purchase of other fixed assets amounting to \$5.0 million mainly relating to Navios Logistics and (f) \$3.6 million in payments relating to acquisition of General Partner units following offerings by Navios Partners. The above was offset by (a) proceeds of \$63.0 million, \$90.0 million, \$110.0 million from the sale of the Navios Hyperion, the Navios Aurora II and the Navios Pollux, respectively, to Navios Partners, (b) net proceeds of \$40.8 million from the transfer of assets and liabilities of Navios Holdings to Navios Acquisition in exchange for a cash consideration, which was released from Navios Acquisition trust account, (c) \$0.3 million received in connection with the capital lease receivable and (d) proceeds of \$66.4 million, which represent assumed cash of Navios Acquisition as of the de-SPAC-ing.

Cash provided by financing activities for the six month period ended June 30, 2011 as compared to the cash provided by for the six month period ended June 30, 2010:

Cash provided by financing activities decreased by \$17.9 million to \$108.3 million for the six month period ended June 30, 2011, as compared to \$126.2 million for the same period of 2010.

Cash provided by financing activities for the six month period ended June 30, 2011 was the result of (a) \$54.6 million of loan proceeds (net of relating finance fees \$0.7 million) in connection with (i) \$51.6 million of Navios Holdings' loan proceeds for financing the acquisition of the Navios Azimuth, the Navios Altamira and the Navios Astra (net of relating finance fees of \$0.3 million), and (ii) \$3.0 million of Navios Acquisition's loan proceeds (net of relating finance fees of \$0.4 million); (b) 0.4 million of proceeds from the exercise of options to purchase common stock; (c) \$341.0 million of net proceeds from the sale of the 2019 Notes; and (d) \$193.3 million net proceeds from the sale of 9.25% senior notes due 2019 of Navios Logistics. This was partially offset by: (a) the repayment of the 2014 Notes with the proceeds of the sale of the 2019 Notes; (b) \$165.8 million of installment payments made in connection with Navios Holdings' outstanding indebtedness (including Navios Acquisition and Navios Logistics); (c) a \$0.4 million increase in restricted cash relating to loan repayments; (d) \$0.6 million relating to payments for capital lease obligations; and (e) \$14.2 million of dividends paid to the Company's shareholders.

Cash provided by in financing activities for the six months ended June 30, 2010 was the result of (a) 205.0 million of Navios Holdings' loan proceeds (net of relating finance fees of \$1.0 million) in connection with (i) the drawdown of \$9.3 million from the loan facility with Marfin Egnatia Bank, (ii) the drawdown of \$14.8 million from Emporiki Bank to finance the purchase of the Navios Antares, (iii) the drawdown of \$27.0 million from Commerzbank for the construction of two Capesize vessels, (iv) the drawdown of \$21.6 million from the revolver facility with HSH Nordbank and Commerzbank A.G., (v) \$0.3 million of loan proceeds relating to the logistics business and (vi) \$133.0 million of assumed loans of Navios Acquisition as of the de-SPAC-ing, (b) \$23.8 million of Navios Acquisition loan proceeds (net of relating finance fees of \$2.2 million for all new loans signed for tanker vessels) in connection with the drawdown of \$26.0 million for the acquisition of the Colin Jacob, and (c) \$0.3 million of proceeds from the issuance of common shares. This was partially offset by (a) \$13.5 million of dividends paid in the six months ended June 30, 2010, (b) \$86.7 million of installment payments made in connection with Navios Holdings' outstanding indebtedness, (c) \$0.5 million of contributions to non-controlling shareholders relating to the logistics business and (d) a \$2.2 million increase in restricted cash required under the amendment in one of its facility agreements.

Adjusted EBITDA: EBITDA represents net income plus interest and finance costs, taxes, plus depreciation and amortization and income taxes, if any, unless otherwise stated. Adjusted EBITDA in this document represents EBITDA before stock based compensation. Navios Holdings uses Adjusted EBITDA because Navios Holdings believes that Adjusted EBITDA is a basis upon which liquidity can be assessed and presents useful information to investors regarding Navios Holdings' ability to service and/or incur indebtedness, pay capital expenditures, meet working capital requirements and pay dividends. Navios Holdings also believes that Adjusted EBITDA is used: (i) by prospective and current lessors as well as potential lenders to evaluate potential transactions; and (ii) to evaluate and price potential acquisition candidates.

Adjusted EBITDA has limitations as an analytical tool, and should not be considered in isolation or as a substitute for the analysis of Navios Holdings' results as reported under U.S. GAAP. Some of these limitations are: (i) Adjusted EBITDA does not reflect changes in, or cash requirements for, working capital needs; and (ii) although depreciation and amortization are non-cash charges, the assets being depreciated and amortized may have to be replaced in the future. Adjusted EBITDA does not reflect any cash requirements for such capital expenditures. Because of these limitations, Adjusted EBITDA should not be considered as a principal indicator of Navios Holdings' performance. Furthermore, our calculation of Adjusted EBITDA may not be comparable to that reported by other companies due to differences in methods of calculation.

Adjusted EBITDA for the three months ended June 30, 2011 and 2010 was \$103.7 million and \$91.0 million, respectively. The \$12.7 million increase in Adjusted EBITDA was primarily due to (a) a \$9.6 million decrease in time charter, voyage and port terminal expenses from \$72.2 million in the second quarter of 2010 to 62.6 million in the same period of 2011; (b) an increase in gain on sale of assets of \$37.0 million to \$38.8 million in the second quarter of 2011 from \$1.8 million in the same period of 2010; (c) a decrease in net income attributable to the noncontrolling interest of \$1.6 million; and (d) a decrease in net other expenses of \$0.4 million. This overall variance of \$48.6 million was mitigated by (a) an increase in direct vessel expenses (excluding the amortization of deferred drydock and special survey costs) of \$10.0 million from \$20.5 million in the second quarter of 2010 to \$30.5 million in the same period of 2011; (b) an increase in general and administrative expenses of \$2.2 million (excluding share based compensation expenses) to \$12.9 million in the second quarter of 2011 from \$10.7 million in the same period of 2010; (c) a decrease in gains from derivatives of \$5.6 million to \$0.3 million in the second quarter of 2011 from \$5.9 million in the same period of 2010; (d) a \$17.7 million gain recognized as a result of the initial consolidation of Navios Acquisition as of May 28, 2010; and (e) a decrease in equity in net earnings from affiliated companies of \$0.5 million to \$7.7 million in the second quarter of 2011 from \$8.2 million in the same period of 2010.

Adjusted EBITDA for the six months ended June 30, 2011 and 2010 was \$129.6 million and \$169.0 million, respectively. The \$39.4 million decrease in Adjusted EBITDA was primarily due to (a) an increase in direct vessel expenses (excluding the amortization of deferred drydock and special survey costs) of \$23.5 million from \$40.0 million in the first half of 2010 to \$63.5 million in the same period of 2011; (b) a \$4.1 million increase in losses from derivatives; (c) \$21.2 million of expenses relating to the bond extinguishment in January 2011; (d) a \$35.3 million loss due to the deconsolidation of Navios Acquisition; (e) an increase in general and administrative expenses of \$2.3 million (excluding share based compensation expenses) from \$22.3 million in the first half of 2010 to \$24.6 million in the same period of 2011; (f) a \$17.7 million gain recognized as a result of the initial consolidation of Navios Acquisition as of May 28, 2010; (g) an increase in income attributable to the noncontrolling interest of \$0.6 million; and (h) a decrease in equity in net earnings from affiliated companies of \$5.0 million to \$14.8 million in the first half of 2011 from \$19.7 million in the same period of 2010. The overall variance of \$109.7 million was partially offset by: (a) an increase in revenue of \$27.3 million to \$347.1 million in the first half of 2011 from \$319.8 million in the same period of 2010; (b) a decrease in time charter voyage expenses of \$27.0 million from \$148.7 million in the first half of 2010 to \$121.7 million in the same period of 2011; (c) a decrease in net other expenses of \$3.3 million; (d) an increase in gain on sale of assets of \$12.7 million from \$26.1 million in the first half of 2010 to \$38.8 million in the same period of 2011.

Long-term Debt Obligations and Credit Arrangements

Navios Holdings loans

In December 2006, the Company issued \$300.0 million of 2014 Notes. On January 28, 2011, Navios Holdings completed the sale of \$350.0 million of 2019 Notes. The net proceeds from the sale of the 2019 Notes were used to redeem any and all of the outstanding 2014 Notes and pay related transaction fees and expenses and for general corporate purposes. The effect of this transaction was the write off \$21.2 million from deferred financing fees, which is recorded in the statement of income under "Loss on bond extinguishment".

Senior Notes: On January 28, 2011, the Company and its wholly owned subsidiary, Navios Maritime Finance II (US) Inc. ("NMF" and, together with the Company, the "2019 Co-Issuers") issued \$350.0 million in senior notes due on February 15, 2019 at a fixed rate of 8.125%. The senior notes are fully and unconditionally guaranteed, jointly and severally and on an unsecured senior basis, by all of the Company's subsidiaries, other than NMF, Navios Maritime Finance (US) Inc., Navios Acquisition and its subsidiaries, Navios Logistics and its subsidiaries and Navios GP L.L.C. The 2019 Co-Issuers have the option to redeem the notes in whole or in part, at any time (i) before February 15, 2015, at a redemption price equal to 100% of the principal amount, plus a make-whole premium, plus accrued and unpaid interest, if any, and (ii) on or after February 15, 2015, at a fixed price of 104.063% of the principal amount, which price declines ratably until it reaches par in 2017, plus accrued and unpaid interest, if any. At any time before February 15, 2014, the 2019 Co-Issuers may redeem up to 35% of the aggregate principal amount of the notes with the net proceeds of an equity offering at 108.125% of the principal amount of the notes, plus accrued and unpaid interest, if any, so long as at least 65% of the originally issued aggregate principal amount of the notes remains outstanding after such redemption. In addition, upon the occurrence of certain change of control events, the holders of the notes will have the right to require the 2019 Co-Issuers to repurchase some or all of the notes at 101% of their face amount, plus accrued and unpaid

interest to the repurchase date. Pursuant to a registration rights agreement, the 2019 Co-Issuers and the guarantors filed a registration statement on June 21, 2011, that was declared effective on August 23, 2011. The exchange offer of the privately placed notes with publicly registered notes with identical terms will remain open until September 22, 2011. The senior notes contain covenants which, among other things, limit the incurrence of additional indebtedness, issuance of certain preferred stock, the payment of dividends, redemption or repurchase of capital stock or making restricted payments and investments, creation of certain liens, transfer or sale of assets, entering in transactions with affiliates, merging or consolidating or selling all or substantially all of the 2019 Notes Co-Issuers' properties and assets and creation or designation of restricted subsidiaries. The 2019 Co-Issuers were in compliance with the covenants as of June 30, 2011.

Ship Mortgage Notes: In November 2009, the Company and its wholly owned subsidiary, Navios Maritime Finance (US) Inc. (together, the "Mortgage Notes Co-Issuers") issued \$400.0 million of first priority ship mortgage notes due on November 1, 2017 at a fixed rate of 8.875%. The ship mortgage notes are senior obligations of the Mortgage Notes Co-Issuers and are secured by first priority ship mortgages on 15 vessels owned by certain subsidiary guarantors and other related collateral securities. The ship mortgage notes are fully and unconditionally guaranteed, jointly and severally by all of the Company's direct and indirect subsidiaries that guarantee the 2019 Notes. The guarantees of the Company's subsidiaries that own mortgage vessels are senior secured guarantees and the guarantees of the Company's subsidiaries that do not own mortgage vessels are senior unsecured guarantees. At any time before November 1, 2012, the Mortgage Notes Co-Issuers may redeem up to 35% of the aggregate principal amount of the ship mortgage notes with the net proceeds of a public equity offering at 108.875% of the principal amount of the ship mortgage notes, plus accrued and unpaid interest, if any, so long as at least 65% of the originally issued aggregate principal amount of the ship mortgage notes remains outstanding after such redemption. In addition, the Mortgage Notes Co-Issuers have the option to redeem the ship mortgage notes in whole or in part, at any time (1) before November 1, 2013, at a redemption price equal to 100% of the principal amount plus a make whole price which is based on a formula calculated using a discount rate of treasury bonds plus 50 bps, and (2) on or after November 1, 2013, at a fixed price of 104.438%, which price declines ratably until it reaches par in 2015. Furthermore, upon occurrence of certain change of control events, the holders of the ship mortgage notes may require the Mortgage Notes Co-Issuers to repurchase some or all of the notes at 101% of their face amount. Pursuant to the terms of a registration rights agreement, as a result of satisfying certain conditions, the Mortgage Notes Co-Issuers and the guarantors are not obligated to file a registration statement that would have enabled the holders of ship mortgage notes to exchange the privately placed notes with publicly registered notes with identical terms. The ship mortgage notes contain covenants which, among other things, limit the incurrence of additional indebtedness, issuance of certain preferred stock, the payment of dividends, redemption or repurchase of capital stock or making restricted payments and investments, creation of certain liens, transfer or sale of assets, entering into certain transactions with affiliates, merging or consolidating or selling all or substantially all of Mortgage Notes Co-Issuers' properties and assets and creation or designation of restricted subsidiaries. The Mortgage Notes Co-Issuers were in compliance with the covenants as of June 30, 2011.

Loan Facilities:

The majority of the Company's senior secured credit facilities include maintenance covenants, including loan-to-value ratio covenants, based on either charter-adjusted valuations, or charter-free valuations. As of June 30, 2011, the Company was in compliance with all of the covenants under each of its credit facilities outlined below.

HSH/Commerzbank Facility: In February 2007, Navios Holdings entered into a secured loan facility with HSH Nordbank and Commerzbank AG maturing on October 31, 2014. The facility was composed of a \$280.0 million term loan facility and a \$120.0 million reducing revolving facility. In April 2008, the Company entered into an agreement for the amendment of the facility due to a prepayment of \$10.0 million. In March 2009, Navios Holdings further amended its facility agreement, which amendments were effective until January 31, 2010 requiring Navios Holdings among other things (a) to accumulate cash reserves into a pledged account with the agent bank of \$14.0 million (\$5.0 million in March 2009 and \$1.1 million on each loan repayment date during 2009 and 2010, starting from January 2009); and (b) to set the margin at 200 bps.

Following the sale of the Navios Apollon on October 29, 2009, Navios Holdings prepaid \$13.5 million of the loan facility and reduced its revolving credit facility by \$4.8 million.

Following the issuance of the ship mortgage notes in November 2009, the mortgages and security interests on ten vessels previously secured by the loan and the revolving facility were fully released in connection with the partial prepayment of the facility with approximately \$197.6 million, of which \$195.0 million was funded from the issuance of the ship mortgage notes and the remaining \$2.6 million from the Company's cash. The Company permanently reduced the revolving facility by an amount of \$26.7 million and the term loan facility by \$80.1 million. In April 2010, Navios Holdings further amended its facility agreement with HSH/Commerzbank as follows: (a) to release certain pledge deposits amounting to \$117.5 million and to accept additional securities of substitute vessels; and (b) to set a margin ranging from 115 bps to 175 bps depending on the security value. In April 2010, the available amount of \$21.6 million under the revolving facility was drawn and an amount of \$117.5 million was kept in a pledged account. On April 29, 2010, restricted cash of \$18.0 million was drawn to finance the acquisition of the Navios Vector. An amount of \$74.0 million was drawn from the pledged account to finance the acquisitions of the Navios Melodia and the Navios Fulvia (\$37.0 million for each vessel) and a prepayment of \$25.6 million was made on October 1, 2010. As a result, no outstanding amount was kept in the pledged account as of December 31, 2010 and as of June 30, 2011.

The loan facility requires compliance with financial covenants, including specified SVM to total debt percentage and minimum liquidity. It is an event of default under the revolving credit facility if such covenants are not complied with or if Angeliki Frangou, the Company's Chairman and Chief Executive Officer, beneficially owns less than 20% of the issued stock.

On November 15, 2010, following the sale of the Navios Melodia and the Navios Fulvia to Navios Partners, Navios Holdings fully

repaid its outstanding loan balance with HSH Nordbank in respect of the two vessels amounting to \$71.9 million.

On May 19, 2011, in connection with the sale of the Navios Orbiter to Navios Partners, Navios Holdings repaid \$20.2 million of the outstanding loan associated with this vessel. As of June 30, 2011, the outstanding amount under the revolving credit facility was \$9.5 million and the outstanding amount under the loan facility was \$44.8 million.

Emporiki Facilities: In December 2007, Navios Holdings entered into a facility agreement with Emporiki Bank of Greece of up to \$154.0 million in order to partially finance the construction of two Capesize bulk carriers. In July 2009, following an amendment of the above-mentioned agreement, the amount of the facility has been changed to up to \$130.0 million.

On March 18, 2010, following the sale of the Navios Aurora II to Navios Partners, Navios Holdings repaid \$64.4 million and the outstanding amount of the facility has been reduced to \$64.4 million. The amended facility is repayable in 10 semi-annual installments of \$3.0 million and 10 semi-annual installments of \$2.0 million with a final balloon payment of \$14.9 million on the last payment date. The interest rate of the amended facility is based on a margin of 175 bps. The loan facility requires compliance with certain financial covenants and the covenants contained in the senior notes. On June 23, 2011, Navios Holdings prepaid \$10.0 million. As of June 30, 2011, the outstanding amount under this facility was \$48.4 million.

In August 2009, Navios Holdings entered into another facility agreement with Emporiki Bank of Greece of up to \$75.0 million (divided into two tranches of \$37.5 million) to partially finance the acquisition costs of two Capesize vessels. Each tranche of the facility is repayable in 20 semi-annual installments of \$1.4 million with a final payment of \$10.0 million on the last payment date. The repayment of each tranche starts six months after the delivery date of the respective Capesize vessel. It bears interest at a rate of LIBOR plus 175 bps. The full amount of \$75.0 million was drawn under this facility. On May 19, 2011, in connection with the sale of the Navios Luz to Navios Partners, Navios Holdings repaid \$37.5 million of the outstanding loan associated with this vessel. As of June 30, 2011, the outstanding amount under this facility was \$36.1 million.

In September 2010, Navios Holdings entered into another facility agreement with Emporiki Bank of Greece of up to \$40.0 million in order to partially finance the construction of one Capesize bulk carrier, the Navios Azimuth, which was delivered on February 14, 2011 to Navios Holdings. The loan is repayable in 20 semi-annual equal installments of \$1.5 million, with a final balloon payment of \$10.0 million on the last payment date. It bears interest at a rate of LIBOR plus 275 bps. The loan facility requires compliance with certain financial covenants and the covenants contained in the senior notes. As of June 30, 2011, the full amount was drawn and the outstanding amount under this facility was \$40.0 million.

On August 19, 2011, Navios Holdings entered into a facility agreement with Emporiki Bank of Greece for an amount up to \$23.0 million in order to partially finance the construction of a newbuilding bulk carrier. The facility is repayable in 20 semi-annual installments of \$0.8 million after the drawdown date, with a final balloon payment of \$8.0 million on the last payment date. The interest rate of the facility is based on a margin of 275 bps. The facility also requires compliance with certain financial covenants.

DNB Facilities: In June 2008, Navios Holdings entered into a facility agreement with DNB NOR BANK ASA of up to \$133.0 million in order to partially finance the construction of two Capesize bulk carriers. In June 2009, following an amendment of the above-mentioned agreement, one of the two tranches amounting to \$66.5 million was cancelled following the cancellation of construction of one Capesize bulk carrier. The amended facility is repayable six months following the delivery of the Capesize vessel in 11 semi-annual installments of \$2.9 million, with a final payment of \$34.6 million on the last payment date. The interest rate of the amended facility is based on a margin of 225 bps as defined in the new agreement. As of June 30, 2011, the outstanding amount under this facility was \$57.8 million.

In August 2010, Navios Holdings entered into a facility agreement with DNB NOR BANK ASA of up to \$40.0 million in order to partially finance the construction of one Capesize bulk carrier, the Navios Altamira, which was delivered on January 28, 2011 to Navios Holdings. The loan is repayable three months following the delivery of the Capesize vessel in 24 equal quarterly installments of \$0.6 million, with a final balloon payment of \$24.5 million on the last payment date. It bears interest at a rate of LIBOR plus 275 bps. The loan facility requires compliance with certain financial covenants and the covenants contained in the senior notes. As of June 30, 2011, the outstanding amount under this facility was \$39.4 million.

Dekabank Facility: In February 2009 (amended and restated in May 2009), Navios Holdings entered into a facility of up to \$120.0 million with Dekabank Deutsche Girozentrale to finance the acquisition of two Capesize vessels. The loan is repayable in 20 semi-annual installments and bears an interest rate based on a margin of 190 bps. The loan facility requires compliance with certain financial covenants and the covenants contained in the senior notes. Following the sale of the Navios Pollux to Navios Partners in May 2010, an amount of \$39.0 million was kept in a pledged account pending the delivery of a substitute vessel as collateral to this facility. The amount of \$39.0 million kept in the pledged account was released to finance the delivery of the Capesize vessel Navios Buena Ventura that was delivered to Navios Holdings on October 29, 2010. As of June 30, 2011, \$83.0 million was outstanding under this facility.

Marfin Facility: In March 2009, Navios Holdings entered into a loan facility with Marfin Egnatia Bank of up to \$110.0 million to be used to finance the pre-delivery installments for the construction of newbuilding vessels and for general corporate purposes. It bears interest at a rate based on a margin of 275 bps. During 2010, a total amount of \$43.4 million was drawn and was fully repaid. Since September 7, 2010, the available amount of the loan facility has been reduced to \$30.0 million. On May 10, 2011, the amount of \$18.9 million was drawn to finance the acquisition of the Navios Astra. The loan is repayable beginning three months following the drawdown in seven equal quarterly installments of \$0.5 million, with a final balloon payment of \$15.6 million on the last payment date. It bears interest at a rate of LIBOR plus 275 bps. The loan facility requires compliance with certain covenants. As of June 30, 2011, the outstanding amount under this facility was \$18.9 million.

Commerzbank Facility: In June 2009, Navios Holdings entered into a facility agreement of up to \$240.0 million (divided into four tranches of \$60.0 million) with Commerzbank AG in order to partially finance the acquisition of a Capesize vessel and the construction of three Capesize vessels. Each tranche of the facility is repayable starting three months after the delivery of each Capesize vessel in 40 quarterly installments of \$0.9 million with a final payment of \$24.7 million on the last payment date. It bears interest at a rate based on a margin of 225 bps. The loan facility requires compliance with the covenants contained in the senior notes. Following the sale of two Capesize vessels, the Navios Melodia and the Navios Buena Ventura, on September 20, 2010 and October 29, 2010 to Navios Partners, respectively, Navios Holdings cancelled two of the four tranches and fully repaid in October 2010 their outstanding loan balances of \$53.6 million and \$54.5 million, respectively. As of June 30, 2011, the outstanding amount was \$108.1 million.

Unsecured Bond: In July 2009, Navios Holdings issued a \$20.0 million unsecured bond due in July 2012 as a partial payment for the acquisition price of a Capesize vessel. Interest will accrue on the principal amount of the unsecured bond at the rate of 6% per annum. All accrued interest (which will not be compounded) will be first due and payable in July 2012, which is the maturity date. The unsecured bond may be prepaid by Navios Holdings at any time without prepayment penalty.

Navios Logistics loans

Logistics Senior Notes

On April 12, 2011, Navios Logistics and its wholly-owned subsidiary Navios Logistics Finance (US) Inc. (“Logistics Finance” and, together the “Logistics Co-Issuers”) issued \$200.0 million in senior notes due on April 15, 2019 at a fixed rate of 9.25% (“the Logistics Senior Notes”). The Logistics Senior Notes are fully and unconditionally guaranteed, jointly and severally, by all of Navios Logistics’ direct and indirect subsidiaries except for Hidronave South American Logistics S.A. and Logistics Finance. The Logistics Co-Issuers have the option to redeem the notes in whole or in part, at their option, at any time (i) before April 15, 2014, at a redemption price equal to 100% of the principal amount plus the applicable make-whole premium plus accrued and unpaid interest, if any, to the redemption date and (ii) on or after April 15, 2014, at a fixed price of 106.938%, which price declines ratably until it reaches par in 2017. At any time before April 15, 2014, the Logistics Co-Issuers may redeem up to 35% of the aggregate principal amount of the Logistics Senior Notes with the net proceeds of an equity offering at 109.25% of the principal amount of the notes, plus accrued and unpaid interest, if any, to the redemption date so long as at least 65% of the originally issued aggregate principal amount of the notes remains outstanding after such redemption. In addition, upon the occurrence of certain change of control events, the holders of the Logistics Senior Notes will have the right to require the Logistics Co-Issuers to repurchase some or all of the notes at 101% of their face amount, plus accrued and unpaid interest to the repurchase date.

Under a registration rights agreement, the Logistics Co-Issuers and the subsidiary guarantors are obliged to file a registration statement prior to January 7, 2012, that enables the holders of the Logistics Senior Notes to exchange the privately placed notes with publicly registered notes with identical terms. The Senior Notes contain covenants which, among other things, limit the incurrence of additional indebtedness, issuance of certain preferred stock, the payment of dividends, redemption or repurchase of capital stock or making restricted payments and investments, creation of certain liens, transfer or sale of assets, entering in transactions with affiliates, merging or consolidating or selling all or substantially all of Navios Logistics properties and assets and creation or designation of restricted subsidiaries.

Marfin Facility

On March 31, 2008, Nauticler entered into a \$70.0 million loan facility for the purpose of providing Nauticler S.A. with investment capital to be used in connection with one or more investment projects. In March 2009, Navios Logistics transferred its loan facility of \$70.0 million to Marfin Popular Bank Public Co. Ltd. The loan provided for an additional one year extension and an increase in margin to 275 basis points. On March 23, 2010, the loan was extended for one additional year, providing an increase in margin to 300 basis points. On March 29, 2011, Navios Logistics agreed with Marfin Popular Bank to amend its current loan agreement with its subsidiary, Nauticler S.A., to provide for a \$40.0 million revolving credit facility. Under the amended facility, the existing margin of 300 basis points will apply and the obligations will be secured by mortgages on four tanker vessels or alternative security over other assets acceptable to the bank. The amended facility requires compliance with customary covenants. The obligation of the bank under the amended facility was subject to prepayment of the \$70.0 million facility and is subject to customary conditions, such as the receipt of satisfactory appraisals, insurance, opinions and the negotiation, execution and delivery of mutually satisfactory loan documentation. In connection with the amendment, Nauticler S.A. agreed to prepay the \$70.0 million through the proceeds of the Logistics Senior Notes. On April 12, 2011, following the completion of the sale of the Logistics Senior Notes, Navios Logistics fully repaid the \$70.0 million loan facility with Marfin Bank using a portion of the proceeds from the Logistics Senior Notes. As of June 30, 2011, the revolving credit facility of \$40.0 million had not been drawn.

Non-Wholly Owned Subsidiaries Indebtedness

On July 25, 2011, Navios Logistics acquired the noncontrolling interests of its joint ventures, Thalassa Energy S.A., HS Tankers Inc., HS Navigation Inc., HS Shipping Ltd. Inc. and HS South Inc., in accordance with the terms of certain stock purchase agreements with

HS Energy Ltd., an affiliate of Vitol S.A. Navios Logistics paid a total consideration of \$8.5 million for such noncontrolling interests, and simultaneously paid \$53.2 million in full and final settlement of all amounts of indebtedness of such joint ventures under certain loan agreements.

In connection with the acquisition of Horamar, Navios Logistics had assumed a \$9.5 million loan facility that was entered into by HS Shipping Ltd. Inc. in 2006, in order to finance the building of a 8,974 dwt double hull tanker (Malva H). Since the vessel's delivery, the interest rate has been LIBOR plus 150 bps. The loan was repayable in installments of not less than 90% of the amount of the last hire payment due to be paid to HS Shipping Ltd. Inc. The repayment date should not extend beyond December 31, 2011. The loan could be pre-paid before such date, with two days written notice. The loan also required compliance with certain covenants. As of June 30, 2011, the amount outstanding under this facility was \$5.7 million. This loan was repaid in full on July 25, 2011 using a portion of the proceeds from the Logistics Senior Notes.

On September 4, 2009, HS Navigation Inc. had entered into a loan facility for an amount of up to \$18.7 million that bears interest at LIBOR plus 225 bps in order to finance the acquisition cost of the Estefania H. The loan was repayable in installments of not less than the higher of (a) 90% of the amount of the last hire payment due to HS Navigation Inc. prior to the repayment date, and (b) \$0.3 million, inclusive of any interest accrued in relation to the loan at that time. The repayment date should occur prior to May 15, 2016. The loan also required compliance with certain covenants. As of June 30, 2011, the amount outstanding under this facility was \$13.7 million. This loan was repaid in full on July 25, 2011 using a portion of the proceeds from the Logistics Senior Notes.

On December 15, 2009, HS Tankers Inc., a majority owned subsidiary of Navios Logistics, had entered into a loan facility in order to finance the acquisition cost of the Makenita H for an amount of \$24.0 million which bore interest at LIBOR plus 225 bps. The loan was repayable in installments of not less than the higher of (a) 90% of the amount of the last hire payment due to HS Tankers Inc. prior to the repayment date, and (b) \$0.3 million, inclusive of any interest accrued in relation to the loan at that time. The repayment date should occur prior to March 24, 2016. The loan also required compliance with certain covenants. As of June 30, 2011, the amount outstanding under this facility was \$20.0 million. This loan was repaid in full on July 25, 2011 using a portion of the proceeds from the Logistics Senior Notes.

On December 20, 2010, HS South Inc., a majority owned subsidiary of Navios Logistics, had entered into a loan facility in order to finance the acquisition cost of the Sara H for an amount of \$14.4 million which bears interest at LIBOR plus 225 bps. The loan was repayable in installments of not less than the higher of (a) 90% of the amount of the last hire payment due to be HS South Inc. prior to the repayment date and (b) \$0.3 million, inclusive of any interest accrued in relation to the loan at that time. The repayment date should occur prior to May 24, 2016. The loan also required compliance with certain covenants. As of June 30, 2011, the amount outstanding under this facility was \$13.5 million. This loan was repaid in full on July 25, 2011 using a portion of the proceeds from the Logistics Senior Notes.

Other Indebtedness

In connection with the acquisition of Hidronave S.A. in October 29, 2009, Navios Logistics assumed an \$0.8 million loan facility that was entered into by Hidronave S.A. in 2001, in order to finance the construction of a pushboat (Nazira). As of June 30, 2011, the outstanding loan balance was \$0.7 million. The loan facility bears interest at a fixed rate of 600 bps. The loan is to be repaid in installments of \$5,740 each and the final repayment date cannot extend beyond August 10, 2021. The loan also requires compliance with certain covenants.

As of June 30, 2011, Navios Logistics and its subsidiaries were in compliance with all of the covenants under each of its credit facilities.

The maturity table below reflects the principal payments for the next five years and thereafter of all borrowings of Navios Holdings (including Navios Logistics) outstanding as of June 30, 2011, based on the repayment schedule of the respective loan facilities (as described above) and the outstanding amount due under the debt securities.

Payment due by period	Amounts in millions of U.S. dollars
June 30, 2012	\$ 58.6
June 30, 2013	88.4
June 30, 2014	52.4
June 30, 2015	78.2
June 30, 2016	92.9
June 30, 2017 and thereafter	1,139.1

- (1) The amount identified does not include interest costs associated with the outstanding credit facilities, which for variable rate debt is based on LIBOR rates, plus the costs of complying with any applicable regulatory requirements and a margin ranging from 1.25% to 3.00% per annum and stated interest rate for fixed rate debt.
- (2) Navios Holdings' Senior and Ship Mortgage Notes have a fixed rate of 8.125% and 8.875% per annum, respectively. The Logistics Senior Notes have a fixed rate of 9.25% per annum.
- (3) Future remaining contractual deposits for one Navios Holdings owned Kamsarmax vessel expected to be delivered in the second quarter of 2012.
- (4) Navios Corporation leases approximately 11,923 square feet of space at 825 Third Avenue, New York, NY 10022, pursuant to a lease that expires on April 29, 2019. Navios ShipManagement Inc. and Navios Corporation lease approximately 2,034 square meters of space at 85 Akti Miaouli, Piraeus, Greece, pursuant to a lease that expires in 2017. On July 1, 2010, Kleimar N.V. signed a contract and currently leases approximately 632 square meters for its offices. Navios ShipManagement Inc. leases approximately 1,368 square meters of space at 85 Akti Miaouli, Piraeus, Greece, pursuant to a lease agreement that expires in 2019. On October 29, 2010, the existing lease agreement for its offices in Piraeus was amended and the Company leases, since November 2010, 253.75 less square meters. The amended lease expires in 2019. On October 29, 2010, Navios Tankers Management Inc. entered also into a lease agreement for 253.75 square meters which expires in 2019. Navios Logistics has several lease agreements with respect to its various operating offices. The table above incorporates the lease obligations of the offices indicated in this footnote.

Working Capital Position

On June 30, 2010, Navios Holdings' current assets totaled \$521.2 million, while current liabilities totaled \$227.0 million, resulting in a positive working capital position of \$294.2 million. Navios Holdings' cash forecast indicates that it will generate sufficient cash during 2011 and 2012 to make the required principal and interest payments on its indebtedness, provide for the normal working capital requirements of the business and remain in a positive cash position during 2011 and 2012.

While projections indicate that existing cash balances and operating cash flows will be sufficient to service the existing indebtedness, Navios Holdings continues to review its cash flows with a view toward increasing working capital.

Capital Expenditures

Since 2007, the Company has entered into various agreements for the acquisition of newbuild Capesize vessels which were delivered on various dates from the beginning of 2009 until February 2011. As of June 30, 2011, the Company had taken delivery of a total of 16 Capesize vessels (the Navios Bonavis, the Navios Happiness, the Navios Pollux, the Navios Aurora II, the Navios Lumen, the Navios Phoenix, the Navios Stellar, the Navios Antares, the Navios Melodia, the Navios Fulvia, the Navios Buena Ventura, the Navios Bonheur, the Navios Etoile, the Navios Luz, the Navios Azimuth and the Navios Altamira) and two Ultra Handymax vessels (the Navios Celestial and the Navios Vega).

On May 30, 2011, Navios Holdings agreed to acquire a 81,600 dwt bulk carrier with expected delivery in April 2012. The remaining capital obligations at June 30, 2011 amounted to approximately \$35.0 million.

Dividend Policy

Currently, Navios Holdings intends to retain most of its available earnings generated by operations for the development and growth of its business. In addition, the terms and provisions of Navios Holdings' current secured credit facilities and indentures limit its ability to pay dividends in excess of certain amounts or if certain covenants are not met. However, subject to the terms of its credit facilities and indentures, the Board of Directors may from time to time consider the payment of dividends and on August 18, 2011, the Board of Directors declared a quarterly cash dividend of \$0.06 per share of common stock, with respect to the second quarter of 2011, payable on October 6, 2011 to stockholders of record as of September 22, 2011. The declaration and payment of any dividend remains subject to the discretion of the Board,

and will depend on, among other things, Navios Holdings' cash requirements as measured by market opportunities, debt obligations, and restrictions contained in its credit agreements and indentures and market conditions.

Concentration of Credit Risk

Concentrations of credit risk with respect to accounts receivables are limited due to Navios Holdings' large number of customers, who are internationally dispersed and have a variety of end markets in which they sell. Due to these factors, management believes that no additional credit risk beyond amounts provided for collection losses is inherent in Navios Holdings' trade receivables. For the six month period ended June 30, 2011 and for the year ended December 31, 2010, no customer accounted for more than 10% of the Company's revenue.

Off-Balance Sheet Arrangements

Charter hire payments to third parties for chartered-in vessels are treated as operating leases for accounting purposes. Navios Holdings is also committed to making rental payments under operating leases for its office premises. Future minimum rental payments under Navios Holdings' non-cancelable operating leases are included in the contractual obligations above. As of June 30, 2011, Navios Holdings was contingently liable for letters of guarantee and letters of credit amounting to \$0.5 million issued by various banks in favor of various organizations and the total amount was collateralized by cash deposits which are included as a component of restricted cash. Navios Holdings issued no additional guarantees to third parties as of June 30, 2011 and 2010.

As of June 30, 2011, the Company's subsidiaries in South America were contingently liable for various claims and penalties to the local tax authorities amounting to \$5.1 million (\$4.7 million as of December 31, 2010). The respective provision for such contingencies was included in "Other long-term liabilities and deferred income". According to the acquisition agreement, if the Company becomes obligated to pay such amounts, the amounts involved will be reimbursed by the previous shareholders, and, as such, the Company has recognized a receivable (included in "Other long-term assets") against such liability, since the management considers collection of the receivable to be probable. The contingencies are expected to be resolved in the next four years. In the opinion of management, the ultimate disposition of these matters will not adversely affect the Company's financial position, results of operations or liquidity.

On August 19, 2009, Navios Logistics issued a guarantee and indemnity letter that guarantees the fulfillment by Petrolera San Antonio S.A. ("Petrosan") of all its obligations to Vitol S.A. ("Vitol") up to \$4.0 million. On May 6, 2011, the guarantee amount was increased to \$10.0 million. In addition, Petrosan agreed to pay Vitol immediately upon demand, any and all sums up to the referred limit, plus interest and costs, in relation to sales of gas oil under certain contracts between Vitol and Petrosan. This guarantee expired on August 18, 2011.

On July 19, 2011 and in consideration of Gunvor S.A. entering into sales of oil or petroleum products with Petrosan, Navios Logistics has undertaken to pay to Gunvor S.A. on first demand any obligations arising directly from the non-fulfillment of said contracts. The guarantee shall not exceed \$1.5 million and shall remain in full force and effect until December 31, 2011.

Related Party Transactions

Office rent: On January 2, 2006, Navios Corporation and Navios ShipManagement Inc., two wholly owned subsidiaries of Navios Holdings, entered into two lease agreements with Goldland Ktimatiki-Ikodomiki-Touristiki and Xenodohiaki Anonimos Eteria, both of which are Greek corporations that are currently majority owned by Angeliki Frangou, Navios Holdings' Chairman and Chief Executive Officer. The lease agreements provide for the leasing of two facilities located in Piraeus, Greece, of approximately 2,034.3 square meters to house the operations of most of the Company's subsidiaries. The total annual lease payments are €0.5 million (approximately \$0.7 million) and the lease agreements expire in 2017. These payments are subject to annual adjustments starting from the third year, which are based on the inflation rate prevailing in Greece as reported by the Greek State at the end of each year.

On October 31, 2007, Navios ShipManagement Inc. entered into a lease agreement with Emerald Ktimatiki-Ikodomiki-Touristiki and Xenodohiaki Anonimos Eteria, both of which are Greek corporations that are currently majority owned by Angeliki Frangou, Navios Holdings' Chairman and Chief Executive Officer. The lease agreement initially provided for the leasing of one facility in Piraeus, Greece, of approximately 1,376.5 square meters to house part of the operations of the Company. On October 29, 2010, the existing lease agreement was amended and Navios ShipManagement Inc. leases 253.75 less square meters. The total annual lease payments are €0.4 million (approximately \$0.5 million) and the lease agreement expires in 2019. These payments are subject to annual adjustments starting from the third year, which are based on the inflation rate prevailing in Greece as reported by the Greek State at the end of each year.

On October 29, 2010, Navios Tankers Management Inc. entered into a lease agreement with Emerald Ktimatiki-Ikodomiki-Touristiki and Xenodohiaki Anonimos Eteria, both of which are Greek corporations that are currently majority owned by Angeliki Frangou, Navios Holdings' Chairman and Chief Executive Officer. The lease agreement provides for the leasing of one facility in Piraeus, Greece, of approximately 253.75 square meters to house part of the operations of the Company. The total annual lease payments are €0.08 million (approximately \$0.1 million) and the lease agreement expires in 2019. These payments are subject to annual adjustments starting from the third year, which are based on the inflation rate prevailing in Greece as reported by the Greek State at the end of each year.

Purchase of services: The Company utilizes Acropolis Chartering and Shipping Inc. ("Acropolis"), a brokerage firm for freight and shipping charters, as a broker. Navios Holdings has a 50% interest in Acropolis. Although Navios Holdings owns 50% of Acropolis' stock, Navios Holdings has agreed with the other shareholder that the earnings and amounts declared by way of dividends will be allocated 35% to

the Company with the balance to the other shareholder. Commissions paid to Acropolis for each of the three month periods ended June 30, 2011 and 2010 were \$0, and for the six months periods ended June 30, 2011 and 2010, were \$0 and \$0.1 million, respectively. During the six month period ended June 30, 2011 and 2010, the Company received dividends of \$0 and \$0.6 million, respectively, and during the three month period ended June 30, 2011 and 2010, the Company received no dividends. Included in the trade accounts payable at June 30, 2011 and December 31, 2010 was an amount of \$0.1 million and \$0.1 million, respectively, which was due to Acropolis.

Management fees: Pursuant to a management agreement dated November 16, 2007, Navios Holdings provides commercial and technical management services to Navios Partners' vessels for a daily fixed fee of \$4,000 per owned Panamax vessel and \$5,000 per owned Capesize vessel. This daily fee covers all of the vessels' operating expenses, including the cost of drydock and special surveys. The daily initial term of the agreement is five years commencing from November 16, 2007. Total management fees for the three month periods ended June 30, 2011 and 2010 amounted to \$6.5 million and \$4.8 million, respectively, and for the six month periods ended June 30, 2011 and 2010, amounted to \$12.5 million and \$8.9 million, respectively. In October 2009, the fixed fee period was extended for two years and the daily fees were amended to \$4,500 per owned Ultra Handymax vessel, \$4,400 per owned Panamax vessel and \$5,500 per owned Capesize vessel.

Pursuant to a management agreement dated May 28, 2010, as amended on September 10, 2010, for five years from the closing of Navios Acquisition's initial vessel acquisition Navios Holdings provides commercial and technical management services to Navios Acquisition's vessels for a daily fee of \$6,000 per owned MR2 product tanker and chemical tanker vessel and \$7,000 per owned LR1 product tanker vessel and \$10,000 per owned VLCC vessel, for the first two years with the fixed daily fees adjusted for the remainder of the term based on then-current market fees. This daily fee covers all of the vessels' operating expenses, other than certain extraordinary fees and costs. During the remaining three years of the term of the Management Agreement, Navios Acquisition expects that it will reimburse Navios Holdings for all of the actual operating costs and expenses it incurs in connection with the management of its fleet. Actual operating costs and expenses will be determined in a manner consistent with how the initial \$6,000 and \$7,000 fixed fees were determined. Drydocking expenses will be fixed under this agreement for up to \$300,000 per vessel and will be reimbursed at cost for VLCC vessels. Total management fees for the three month periods ended June 30, 2011 and 2010 amounted to \$8.1 million and \$0, respectively, and for the six month period ended June 30, 2011 and 2010, amounted to \$15.6 million and \$0, respectively. The management fees have been eliminated upon consolidation of Navios Acquisition through March 30, 2011.

General & administrative expenses: Pursuant to the administrative services agreement dated November 16, 2007, Navios Holdings provides administrative services to Navios Partners which include: bookkeeping, audit and accounting services, legal and insurance services, administrative and clerical services, banking and financial services, advisory services, client and investor relations and other services. Navios Holdings is reimbursed for reasonable costs and expenses incurred in connection with the provision of these services. Total general and administrative fees charged for the three month periods ended June 30, 2011 and 2010 amounted to \$0.8 million and \$0.7 million, respectively, and for the six month periods ended June 30, 2011 and 2010 amounted to \$1.6 million and \$1.3 million, respectively.

On May 28, 2010, Navios Acquisition entered into an administrative services agreement, expiring May 28, 2015, with Navios Holdings, pursuant to which Navios Holdings provides office space and certain administrative management services to Navios Acquisition which include: bookkeeping, audit and accounting services, legal and insurance services, administrative and clerical services, banking and financial services, advisory services, client and investor relations and other. Navios Holdings is reimbursed for reasonable costs and expenses incurred in connection with the provision of these services. Total general and administrative fees charged for the three month periods ended June 30, 2011 and 2010 amounted to \$0.3 million and \$0, respectively, and for the six month periods ended June 30, 2011 and 2010 amounted to \$0.7 million and \$0, respectively.

On April 12, 2011, Navios Holdings entered into an administrative services agreement with Navios Logistics for a term of five years, pursuant to which Navios Holdings will provide certain administrative management services to Navios Logistics. Such services include bookkeeping, audit and accounting services, legal and insurance services, administrative and clerical services, banking and financial services, advisory services, client and investor relations and other. Navios Holdings is reimbursed for reasonable costs and expenses incurred in connection with the provision of these services. Total general and administrative fees charged for the three month periods ended June 30, 2011 and 2010 amounted to \$0.1 million and \$0, respectively, and for the six month periods ended June 30, 2011 and 2010 amounted to \$0.1 million and \$0, respectively.

Balance due from affiliate: Balance due from affiliate as of June 30, 2011 amounted to \$30.2 million (December 31, 2010: \$2.6 million) which includes the current amounts due from Navios Partners and Navios Acquisition, which are \$6.4 million and \$23.8 million, respectively. The balances mainly consist of management fees, administrative fees and other expenses.

Omnibus agreements: Navios Holdings entered into an omnibus agreement with Navios Partners (the "Partners Omnibus Agreement") in connection with the closing of Navios Partners' IPO governing, among other things, when Navios Holdings and Navios Partners may compete against each other as well as rights of first offer on certain drybulk carriers. Pursuant to the Partners Omnibus Agreement, Navios Partners generally agreed not to acquire or own Panamax or Capesize drybulk carriers under time charters of three or more years without the consent of an independent committee of Navios Partners. In addition, Navios Holdings agreed to offer to Navios Partners the opportunity to purchase vessels from Navios Holdings when such vessels are fixed under time charters of three or more years. The Partners Omnibus Agreement was amended in June 2009 to release Navios Holdings for two years from restrictions on acquiring Capesize and Panamax vessels from third parties.

Navios Acquisition entered into an omnibus agreement (the "Acquisition Omnibus Agreement") with Navios Holdings and Navios Partners in connection with the closing of Navios Acquisition's initial vessel acquisition pursuant to which, among other things, Navios

Holdings and Navios Partners agreed not to acquire, charter-in or own liquid shipment vessels, except for container vessels and vessels that are primarily employed in operations in South America without the consent of an independent committee of Navios Acquisition. In addition, Navios Acquisition, under the Acquisition Omnibus Agreement, agreed to cause its subsidiaries not to acquire, own, operate or charter drybulk carriers subject to specific exceptions. Under the Acquisition Omnibus Agreement, Navios Acquisition and its subsidiaries granted to Navios Holdings and Navios Partners a right of first offer on any proposed sale, transfer or other disposition of any of its drybulk carriers and related charters owned or acquired by Navios Acquisition. Likewise, Navios Holdings and Navios Partners agreed to grant a similar right of first offer to Navios Acquisition for any liquid shipment vessels it might own. These rights of first offer will not apply to a (a) sale, transfer or other disposition of vessels between any affiliated subsidiaries, or pursuant to the terms of any charter or other agreement with a counterparty, or (b) merger with or into, or sale of substantially all of the assets to, an unaffiliated third party.

Sale of Vessels and Sale of Rights to Navios Partners: Upon the sale of vessels to Navios Partners, Navios Holdings recognizes the gain immediately in earnings only to the extent of the interest in Navios Partners owned by third parties and defers recognition of the gain to the extent of its own ownership interest in Navios Partners (the “deferred gain”). Subsequently, the deferred gain is amortized to income over the remaining useful life of the vessel. The recognition of the deferred gain is accelerated in the event that (i) the vessel is subsequently sold or otherwise disposed of by Navios Partners or (ii) the Company’s ownership interest in Navios Partners is reduced. In connection with the public offerings of common units by Navios Partners, a pro rata portion of the deferred gain is released to income upon dilution of the Company’s ownership interest in Navios Partners. As of June 30, 2011 and December 31, 2010, the unamortized deferred gain for all vessels and rights sold totaled \$46.5 million and \$38.6 million, respectively, and for the three months ended June 30, 2011 and 2010, Navios Holdings recognized \$4.3 million and \$4.1 million, respectively, of the deferred gain in “Equity in net earnings of affiliated companies”. For the six months ended June 30, 2011 and 2010, Navios Holdings recognized \$6.5 million and \$10.9 million, respectively, of the deferred gain in “Equity in net earnings of affiliated companies”.

Purchase of Shares in Navios Acquisition: During 2010, Navios Holdings purchased 6,337,551 shares of Navios Acquisition’s common stock for \$63.2 million in open market purchases. Moreover, on May 28, 2010, certain shareholders of Navios Acquisition redeemed 10,021,399 shares pursuant to redemption rights granted in Navios Acquisition’s IPO upon de-“SPAC”-ing. As of May 28, 2010, following these transactions, Navios Holdings owned 12,372,551 shares, or 57.3%, of the outstanding common stock of Navios Acquisition. At that date, Navios Holdings acquired control over Navios Acquisition, consequently concluded a business combination had occurred and consolidated the results of Navios Acquisition from that date onwards. As a result of gaining control, Navios Holdings recognized the effect of \$17.7 million, which represents the fair value of the shares that exceed the carrying value of the Company’s ownership of 12,372,551 shares of Navios Acquisition’s common stock, in the statements of income under “Gain/(loss) on change in control”. On November 19, 2010, following Navios Acquisition public offering of 6,500,000 shares of common stock at \$5.50 per share, Navios Holdings’ interest in Navios Acquisition decreased to 53.7%.

Pursuant to the Exchange Agreement signed on March 30, 2011, Navios Holdings completed the Navios Acquisition Share Exchange, whereby Navios Holdings exchanged 7,676,000 shares of Navios Acquisition’s common stock it held for 1,000 non-voting Series C Convertible Preferred Stock of Navios Acquisition.

As of March 30, 2011 and onwards, following this transaction, Navios Holdings owned 18,331,551 shares or 45% of the outstanding voting stock of Navios Acquisition. As a result, from March 30, 2011, Navios Acquisition is considered as an affiliate entity of Navios Holdings and is not a controlled subsidiary of the Company, and the investment in Navios Acquisition is now accounted for under the equity method due to the Company’s significant influence over Navios Acquisition. From March 30, 2011, Navios Acquisition is being accounted for under the equity method based on Navios Holdings’ 53.7% economic interest since the preferred stock is considered in substance common stock for accounting purposes.

Acquisition of Eleven Product Tanker and Two Chemical Tanker Vessels: On April 8, 2010, pursuant to the terms and conditions of the Acquisition Agreement by and between Navios Acquisition and Navios Holdings, Navios Acquisition agreed to acquire 13 vessels (11 product tankers and two chemical tankers) plus options to purchase two additional product tankers, for an aggregate purchase price of \$457.7 million.

Navios Acquisition Warrant Exercise Program: On September 2, 2010, Navios Acquisition announced the successful completion of its warrant program (the “Warrant Exercise Program”). Under the Warrant Exercise Program, holders of publicly traded warrants (“Public Warrants”) had the opportunity to exercise the Public Warrants on enhanced terms through August 27, 2010. Navios Holdings exercised 13,635,000 private warrants for a total \$77.0 million in cash. Navios Holdings currently holds no warrants of Navios Acquisition.

The Navios Holdings Credit Facility: In connection with the VLCC Acquisition, Navios Acquisition entered into a \$40.0 million credit facility with Navios Holdings. The \$40.0 million facility has a margin of LIBOR plus 300 bps and a term of 18 months, maturing on April 1, 2012. Following the issuance of the Notes in October 2010 and during the first half of 2011, Navios Acquisition prepaid \$33.6 million of this facility. Pursuant to an amendment in October 2010, the facility will be available for multiple drawings up to a limit of \$40.0 million. As of June 30, 2011, the outstanding amount under this facility was \$6.4 million.

Quantitative and Qualitative Disclosures about Market Risks

Navios Holdings is exposed to certain risks related to interest rate, foreign currency and charter rate risks. To manage these risks, Navios Holdings uses interest rate swaps (for interest rate risk) and FFAs (for charter rate risk).

Interest Rate Risk:

Debt Instruments — On June 30, 2011 and December 31, 2010, Navios Holdings had a total of \$1,509.6 million and \$2,082.1 million, respectively, in long-term indebtedness. The debt is dollar denominated and bears interest at a floating rate, except for the senior notes, the ship mortgage notes and certain Navios Logistics' loans discussed "Liquidity and Capital Resources" that bears interest at a fixed rate.

The interest on the loan facilities is at a floating rate and, therefore, changes in interest rates would affect on their interest rate and related interest expense. The interest rate on the senior notes and the ship mortgage notes is fixed and, therefore, changes in interest rates affect their value, which as of June 30, 2010 was \$971.3 million, but do not affect the related interest expense. Amounts drawn under the facilities and the ship mortgage notes are secured by the assets of Navios Holdings and its subsidiaries. A change in the LIBOR rate of 100 basis points would change interest expense for 2011 by \$2.6 million.

For a detailed discussion of Navios Holdings' debt instruments refer to section "Long-term Debt Obligations and Credit Arrangements" included elsewhere in this document.

Foreign Currency Risk

Foreign Currency: In general, the shipping industry is a U.S. dollar dominated industry. Revenue is set mainly in U.S. dollars, and approximately 71.3% of Navios Holdings' expenses are also incurred in U.S. dollars. Certain of our expenses are paid in foreign currencies and a one percent change in the exchange rates of the various currencies at June 30, 2011 would increase or decrease net income by approximately \$1.5 million.

FFAs Derivative Risk:

Forward Freight Agreements (FFAs)— Navios Holdings enters into FFAs as economic hedges relating to identifiable ship and/or cargo positions and as economic hedges of transactions that Navios Holdings expects to carry out in the normal course of its shipping business. By using FFAs, Navios Holdings manages the financial risk associated with fluctuating market conditions. The effectiveness of a hedging relationship is assessed at its inception and then throughout the period of its designation as a hedge. If an FFA qualifies for hedge accounting, any gain or loss on the FFA, as accumulated in "Accumulated Other Comprehensive Income," is first recognized when measuring the profit or loss of related transaction. For FFAs that qualify for hedge accounting, the changes in fair values of the effective portion representing unrealized gains or losses are recorded in "Accumulated Other Comprehensive Income" in the stockholders' equity while the unrealized gains or losses of the FFAs not qualifying for hedge accounting together with the ineffective portion of those qualifying for hedge accounting are recorded in the statement of operations under "Loss on Forward Freight Agreements." The gains included in "Accumulated Other Comprehensive Income" will be reclassified to earnings under "Revenue" in the statement of operations in the same period or periods during which the hedged forecasted transaction affects earnings. During the three and six month periods ended June 30, 2011 and 2010, and for the year ended December 31, 2010, no amounts were included in "Accumulated Other Comprehensive Income" and reclassified to earnings.

At June 30, 2011 and December 31, 2010, none of the "mark to market" positions of the open dry bulk FFA contract qualified for hedge accounting treatment. Dry bulk FFAs traded by the Company that do not qualify for hedge accounting are shown at fair value in the balance sheet and changes in fair value are recorded in the statement of operations.

Navios Holdings is exposed to market risk in relation to its FFAs and could suffer substantial losses from these activities in the event expectations are incorrect. Navios Holdings trades FFAs with an objective of both economically hedging the risk on the fleet, specific vessels or freight commitments and taking advantage of short term fluctuations in market prices. As there was no position deemed to be open as of June 30, 2011, a ten percent change in underlying freight market indices has had no effect on the net income.

Critical Accounting Policies

The Navios Holdings' interim consolidated financial statements have been prepared in accordance with U.S. GAAP. The preparation of these financial statements requires Navios Holdings to make estimates in the application of its accounting policies based on the best assumptions, judgments and opinions of management. Following is a discussion of the accounting policies that involve a higher degree of judgment and the methods of their application that affect the reported amount of assets and liabilities, revenues and expenses and related disclosure of contingent assets and liabilities at the date of its financial statements. Actual results may differ from these estimates under different assumptions or conditions.

Critical accounting policies are those that reflect significant judgments or uncertainties, and potentially result in materially different results under different assumptions and conditions. Navios Holdings has described below what it believes are its most critical accounting policies that involve a high degree of judgment and the methods of their application. For a description of all of Navios Holdings' significant accounting policies, see Note 2 to the consolidated financial statements included in Navios Holdings' 2010 annual report on Form 20-F and in Navios Holdings' Form 6-K dated August 8, 2011 filed

with the Securities and Exchange Commission and Note 2 to the condensed consolidated financial statements appearing elsewhere in this Form 6-K.

Use of Estimates: The preparation of consolidated financial statements in conformity with the U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. On an on-going basis, management evaluates the estimates and judgments, including those related to uncompleted voyages, future drydock dates, the carrying value of investments in affiliates, the selection of useful lives for tangible assets, expected future cash flows from long-lived assets to support impairment tests, provisions necessary for accounts receivables, provisions for legal disputes, pension benefits, and contingencies. Management bases its estimates and judgments on historical experience and on various other factors that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results could differ from those estimates under different assumptions and/or conditions.

Accounting for Derivative Financial Instruments and Hedge Activities: The Company enters into drybulk shipping FFAs as economic hedges relating to identifiable ship and/or cargo positions and as economic hedges of transactions the Company expects to carry out in the normal course of its shipping business. By utilizing certain derivative instruments, including drybulk shipping FFAs, the Company manages the financial risk associated with fluctuating market conditions. In entering into these contracts, the Company has assumed the risk that might arise from the possible inability of counterparties to meet the terms of their contracts.

The Company also trades drybulk shipping FFAs which are cleared through NOS ASA, a Norwegian clearing house and LCH, the London clearing house. NOS ASA and LCH call for both base and margin collaterals, which are funded by Navios Holdings, and which in turn substantially eliminate counterparty risk. Certain portions of these collateral funds may be restricted at any given time as determined by NOS ASA and LCH. At the end of each calendar quarter, the fair value of drybulk shipping FFAs traded over-the-counter are determined from an index published in London, United Kingdom and the fair value of those FFAs traded with NOS ASA and LCH are determined from the NOS and LCH valuations accordingly.

The Company records all of its derivative financial instruments and hedges as economic hedges except for those qualifying for hedge accounting. Gains or losses of instruments qualifying for hedge accounting as cash flow hedges are reflected under "Accumulated Other Comprehensive Income" in stockholders' equity, while those instruments that do not meet the criteria for hedge accounting are reflected in the statements of income. For FFAs that qualify for hedge accounting, the changes in fair values of the effective portion representing unrealized gain or losses are recorded under "Accumulated Other Comprehensive Income" in stockholders' equity while the unrealized gains or losses of the FFAs not qualifying for hedge accounting, together with the ineffective portion of those qualifying for hedge accounting are recorded in the statement of operations under "Gain/(loss) on derivatives". The gains included in "Accumulated Other Comprehensive Income" are being reclassified to earnings under "Revenue" in the statements of income in the same period or periods during which the hedged forecasted transaction affects earnings. During the six month period ended June 30, 2011 and 2010, no amounts were included in "Accumulated Other Comprehensive Income" and reclassified to earnings.

The Company classifies cash flows related to derivative financial instruments within cash provided by operating activities in the consolidated statements of cash flows.

Stock-based Compensation: On October 18, 2007 and December 16, 2008, the Compensation Committee of the Board of Directors authorized the issuance of restricted common stock, restricted stock units and stock options in accordance with the Company's stock option plan for its employees, officers and directors. The Company awarded shares of restricted common stock and restricted stock units to its employees, officers and directors and stock options to its officers and directors, based on service conditions only, which vest over two or three years and three years, respectively. On December 17, 2009 and December 16, 2010, the Company authorized the issuance of shares of restricted common stock, restricted stock units and stock options in accordance with the Company's stock option plan for its employees, officers and directors. The awards on December 17, 2009 and December 16, 2010 of restricted common stock and restricted stock units to its employees, officers and directors vest over three years.

The fair value of stock option grants is determined with reference to option pricing models, principally adjusted Black-Scholes models. The fair value of restricted stock and restricted stock units is determined by reference to the quoted stock price on the date of grant. Compensation expense, net of estimated forfeitures, is recognized based on a graded expense model over the vesting period.

Impairment of Long-lived Assets: Vessels, other fixed assets, other long lived assets and certain identifiable intangibles held and used by Navios Holdings are reviewed periodically for potential impairment whenever events or changes in circumstances indicate that the carrying amount of a particular asset may not be fully recoverable. In accordance with accounting for long-lived assets, management determines projected undiscounted cash flows for each asset and compares it to its carrying amount. In the event that projected undiscounted cash flows for an asset is less than its carrying amount, management reviews fair values and compares them to the asset's carrying amount. In the event that impairment occurs, an impairment charge is recognized by comparing the asset's carrying amount to its fair value. For the purposes of assessing impairment, long lived-assets are grouped at the lowest levels for which there are separately identifiable cash flows.

For the three and six month period ended June 30, 2011 and 2010, the management of Navios Holdings, after considering various indicators, including but not limited to the market price of its long-lived assets, its contracted revenues and cash flows and the economic outlook, concluded that no triggering event occurred on the long-lived assets of Navios Holdings.

Although management believes the underlying indicators supporting this assessment are reasonable, if charter rate trends and the length of the current market downturn continue, management may be required to perform impairment analysis in the future that could expose Navios Holdings to material impairment charges in the future.

No impairment loss was recognized for any of the periods presented.

Vessel, Port Terminal, Tanker Vessels, Barges, Push boats and Other Fixed Assets, net: Vessels, port terminal, tanker vessels, barges, push boats and other fixed assets acquired as parts of business combinations are recorded at fair value on the date of acquisition. Vessels acquired as asset acquisitions are stated at historical cost, which consists of the contract price and any material expenses incurred upon acquisition (improvements and delivery expenses). Subsequent expenditures for major improvements and upgrading are capitalized, provided they appreciably extend the life, increase the earnings capacity or improve the efficiency or safety of the vessels. The cost and related accumulated depreciation of assets retired or sold are removed from the accounts at the time of sale or retirement and any gain or loss is included in the accompanying consolidated statements of income.

Expenditures for routine maintenance and repairs are expensed as incurred.

Depreciation is computed using the straight line method over the useful life of the vessels, after considering the estimated residual value.

Annual depreciation rates used, which approximate the useful life of the assets, are:

Vessels	25 years
Port facilities and transfer station	3 to 40 years
Tanker vessels, barges and push boats	15 to 44 years
Furniture, fixtures and equipment	3 to 10 years
Computer equipment and software	5 years
Leasehold improvements	shorter of lease term or 6 years

Management estimates the residual values of the Company's vessels based on a scrap value of \$285 per lightweight ton, as the Company believes this level is common in the shipping industry. Management estimates the useful life of its vessels to be 25 years from the vessel's original construction. However, when regulations place limitations over the ability of a vessel to trade on a worldwide basis, its useful life is re-estimated to end at the date such regulations become effective. An increase in the useful life of a vessel or in its residual value would have the effect of decreasing the annual depreciation charge and extending it into later periods. A decrease in the useful life of a vessel or in its residual value would have the effect of increasing the annual depreciation charge.

Deferred Drydock and Special Survey Costs: The Company's vessels, barges and push boats are subject to regularly scheduled drydocking and special surveys which are carried out every 30 and 60 months, respectively for oceangoing vessels and every 84 months for pushboats and barges, to coincide with the renewal of the related certificates issued by the Classification Societies, unless a further extension is obtained in rare cases and under certain conditions. The costs of drydocking and special surveys is deferred and amortized over the above periods or to the next drydocking or special survey date if such has been determined. Unamortized drydocking or special survey costs of vessels, barges and push boats sold are written off to income in the year the vessel, barge or push boat is sold. When vessels are acquired, the portion of the vessels' capitalized cost that relates to drydocking or special survey is treated as a separate component of the vessels' cost and is deferred and amortized as above. This cost is determined by reference to the estimated economic benefits to be derived until the next drydocking or special survey.

Goodwill and Other Intangibles:

(i) Goodwill: As required by the accounting guidance, goodwill acquired in a business combination initiated after June 30, 2001 is not to be amortized. Goodwill is tested for impairment at the reporting unit level at least annually and written down with a charge to operations if its carrying amount exceeds the estimated implied fair value.

The Company will evaluate impairment of goodwill using a two-step process. First, the aggregate fair value of the reporting unit is compared to its carrying amount, including goodwill. The Company determines the fair value of the reporting unit based on a combination of discounted cash flow analysis and an industry market multiple.

If the fair value of a reporting unit exceeds the carrying amount, no impairment exists. If the carrying amount of the reporting unit exceeds the fair value, then the Company must perform the second step to determine the implied fair value of the reporting unit's goodwill and compare it with its carrying amount. The implied fair value of goodwill is determined by allocating the fair value of the reporting unit to all the assets and liabilities of that reporting unit, as if the reporting unit had been acquired in a business combination and the fair value of the

reporting unit was the purchase price. If the carrying amount of the goodwill exceeds the implied fair value, then goodwill impairment is recognized by writing the goodwill down to its implied fair value.

No impairment loss was recognized for any of the periods presented.

(ii) Intangibles Other than Goodwill: Navios Holdings' intangible assets and liabilities consist of favorable lease terms, unfavourable lease terms, customer relationships, trade name, port terminal operating rights, backlog assets and liabilities. The fair value of the trade name was determined based on the "relief from royalty" method which values the trade name based on the estimated amount that a company would have to pay in an arms-length transaction to use that trade name. The asset is being amortized under the straight line method over 32 years.

The fair value of customer relationships was determined based on the "excess earnings" method, which relies upon the future cash flow generating ability of the asset. The asset is amortized under the straight line method over 20 years.

Other intangibles that are being amortized, such as the amortizable portion of favorable leases, port terminal operating rights, and backlog assets and liabilities, would be considered impaired if their carrying value could not be recovered from the future undiscounted cash flows associated with the asset. Vessel purchase options, which are included in favorable lease terms, are not amortized and would be considered impaired if the carrying value of an option, when added to the option price of the vessel, exceeded the fair value of the vessel.

When intangible assets or liabilities associated with the acquisition of a vessel are identified, they are recorded at fair value. Fair value is determined by reference to market data and the discounted amount of expected future cash flows. Where charter rates are higher than market charter rates, an asset is recorded, being the difference between the acquired charter rate and the market charter rate for an equivalent vessel. Where charter rates are less than market charter rates, a liability is recorded, being the difference between the assumed charter rate and the market charter rate for an equivalent vessel. The determination of the fair value of acquired assets and assumed liabilities requires us to make significant assumptions and estimates of many variables including market charter rates, expected future charter rates, the level of utilization of our vessels and our weighted average cost of capital. The use of different assumptions could result in a material change in the fair value of these items, which could have a material impact on our financial position and results of operations.

The amortizable value of favorable and unfavorable leases is amortized over the remaining life of the lease term and the amortization expense is included in the statement of operations in the Depreciation and Amortization line item. The amortizable value of favorable leases would be considered impaired if its fair market value could not be recovered from the future undiscounted cash flows associated with the asset. Vessel purchase options that have not been exercised, which are included in favorable lease terms, are not amortized and would be considered impaired if the carrying value of an option, when added to the option price of the vessel, exceeded the fair value of the vessel. As of June 30, 2011 there was no impairment of intangible assets.

Vessel purchase options, which are included in favorable leases, are not amortized and when the purchase option is exercised the asset will be capitalized as part of the cost of the vessel and will be depreciated over the remaining useful life of the vessel. Vessel purchase options which are included in unfavorable lease terms are not amortized and when the purchase option is exercised by the charterer and the underlying vessel is sold, it will be recorded as part of "gain/loss on sale of the assets". If the option is not exercised at the expiration date, it will be written-off to the statements of income.

Investment in Available for Sale Securities: The Company classifies its existing marketable equity securities as available-for-sale. These securities are carried at fair value, with unrealized gains and losses excluded from earnings and reported directly in stockholders' equity as a component of other comprehensive income (loss) unless an unrealized loss is considered "other-than-temporary," in which case it is transferred to the statements of income. Management evaluates securities for other than temporary impairment ("OTTI") on a quarterly basis. Consideration is given to (1) the length of time and the extent to which the fair value has been less than cost, (2) the financial condition and near-term prospects of the investee, and (3) the intent and ability of the Company to retain its investment in the investee for a period of time sufficient to allow for any anticipated recovery in fair value.

As of June 30, 2011 and December 31, 2010, the Company's unrealized holding gains related to these AFS Securities included in "Accumulated Other Comprehensive Income" were \$26.5 million and \$32.6 million, respectively. Based on the Company's OTTI analysis, management considers the decline in market valuation of these securities to be temporary. However, there is the potential for future impairment charges relative to these equity securities if their fair values do not recover and our OTTI analysis indicates such write downs are necessary.

Recent Accounting Pronouncements

Fair Value Disclosures

In January 2010, the Financial Accounting Standards Board ("FASB") issued amended standards requiring additional fair value disclosures. The amended standards require disclosures of transfers in and out of Levels 1 and 2 of the fair value hierarchy, as well as

requiring gross basis disclosures for purchases, sales, issuances and settlements within the Level 3 reconciliation. Additionally, the update clarifies the requirement to determine the level of disaggregation for fair value measurement disclosures and to disclose valuation techniques and inputs used for both recurring and nonrecurring fair value measurements in either Level 2 or Level 3. Navios Holdings adopted the new guidance in the first quarter of fiscal year 2010, except for the disclosures related to purchases, sales, issuance and settlements within Level 3, which is effective for Navios Holdings beginning in the first quarter of fiscal year 2011. The adoption of the new standard did not have a significant impact on Navios Holdings' consolidated financial statements.

Supplementary Pro Forma Information for Business Combinations

In December 2010, the FASB issued an amendment of the Accounting Standards Codification regarding Business Combinations. This amendment affects any public entity as defined by Topic 805 that enters into business combinations that are material on an individual or aggregate basis. The amendments specify that if a public entity presents comparative financial statements, the entity should disclose revenue and earnings of the combined entity as though the business combination(s) that occurred during the current year had occurred as of the beginning of the comparable prior annual reporting period only. The amendments in this update also expand the supplemental pro forma disclosures under Topic 805 to include a description of the nature and amount of material, nonrecurring pro forma adjustments directly attributable to the business combination included in the reported pro forma revenue and earnings. The amendments are effective for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2010. Navios Holdings adopted these new requirements in fiscal 2011 and the adoption did not have a significant impact on Navios Holdings' consolidated financial statements.

Fair Value Measurement

In May 2011, FASB issued amendments to achieve common fair value measurement and disclosure requirements. The new guidance (i) prohibits the grouping of financial instruments for purposes of determining their fair values when the unit of accounting is specified in another guidance, unless the exception provided for portfolios applies and is used; (ii) prohibits the application of a blockage factor in valuing financial instruments with quoted prices in active markets and (iii) extends that prohibition to all fair value measurements. Premiums or discounts related to size as a characteristic of the entity's holding (that is, a blockage factor) instead of as a characteristic of the asset or liability (for example, a control premium), are not permitted. A fair value measurement that is not a Level 1 measurement may include premiums or discounts other than blockage factors when market participants would incorporate the premium or discount into the measurement at the level of the unit of accounting specified in another guidance. The new guidance aligns the fair value measurement of instruments classified within an entity's shareholders' equity with the guidance for liabilities. As a result, an entity should measure the fair value of its own equity instruments from the perspective of a market participant that holds the instruments as assets. The disclosure requirements have been enhanced. The most significant change will require entities, for their recurring Level 3 fair value measurements, to disclose quantitative information about unobservable inputs used and to include a description of the valuation processes used by the entity, and a qualitative discussion about the sensitivity of the measurements. In addition, entities must report the level in the fair value hierarchy of assets and liabilities not recorded at fair value but where fair value is disclosed. The new guidance is effective for interim and annual periods beginning on or after December 15, 2011, with early adoption prohibited. The new guidance will require prospective application. The adoption of the new standard is not expected to have a significant impact on Navios Holdings' consolidated financial statements.

Presentation of Comprehensive Income

In June 2011, the FASB issued an update in the presentation of comprehensive income. According to the update, an entity has the option to present the total of comprehensive income, the components of net income, and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements. The statement of other comprehensive income should immediately follow the statement of net income and include the components of other comprehensive income and a total for other comprehensive income, along with a total for comprehensive income. Regardless of whether an entity chooses to present comprehensive income in a single continuous statement or in two separate but consecutive statements, the entity is required to present on the face of the financial statements reclassification adjustments for items that are reclassified from other comprehensive income to net income in the statement(s) where the components of net income and the components of other comprehensive income are presented. The amendments in this update do not change the items that must be reported in other comprehensive income or when an item of other comprehensive income must be reclassified to net income. For public entities, the amendments are effective for fiscal years, and interim periods within those years, beginning after December 15, 2011. Early adoption is permitted, because compliance with the amendments is already permitted. The amendments do not require any transition disclosures. The adoption of the new amendments is not expected to have a significant impact on Navios Holdings' consolidated financial statements.

NOTE 1 — DESCRIPTION OF BUSINESS

On August 25, 2005, pursuant to a Stock Purchase Agreement dated February 28, 2005, as amended, by and among International Shipping Enterprises, Inc. (“ISE”), Navios Maritime Holdings Inc. (“Navios Holdings” or the “Company”) and all the shareholders of Navios Holdings, ISE acquired Navios Holdings through the purchase of all of the outstanding shares of common stock of Navios Holdings. As a result of this acquisition, Navios Holdings became a wholly owned subsidiary of ISE. In addition, on August 25, 2005, simultaneously with the acquisition of Navios Holdings, ISE effected a reincorporation from the State of Delaware to the Republic of the Marshall Islands through a downstream merger with and into its newly acquired wholly owned subsidiary, whose name was and continues to be Navios Maritime Holdings Inc.

Navios Holdings is a global, vertically integrated seaborne shipping and logistics company focused on the transport and transshipment of drybulk commodities, including iron ore, coal and grain.

Navios Logistics

On January 1, 2008, pursuant to a share purchase agreement, Navios Holdings contributed (i) \$112,200 in cash and (ii) the authorized capital stock of its wholly owned subsidiary Corporacion Navios Sociedad Anonima (“CNSA”) in exchange for the issuance and delivery of 12,765 shares of Navios South American Logistics Inc. (“Navios Logistics”), representing 63.8% (or 67.2% excluding contingent consideration) of its outstanding stock. Navios Logistics acquired all ownership interests in the Horamar Group (“Horamar”) in exchange for (i) \$112,200 in cash, of which \$5,000 was initially kept in escrow and payable upon the attainment of certain EBITDA targets during specified periods through December 2008 (the “EBITDA Adjustment”) and (ii) the issuance of 7,235 shares of Navios Logistics representing 36.2% (or 32.8% excluding contingent consideration) of Navios Logistics’ outstanding stock, of which 1,007 shares were initially kept in escrow pending attainment of certain EBITDA targets. In November 2008, \$2,500 in cash and 503 shares were released from escrow when Horamar achieved the interim EBITDA target. As a result, Navios Holdings owned 65.5% (excluding 504 shares that remained in escrow as of such November 2008 date) of Navios Logistics.

On March 20, 2009, August 19, 2009, and December 30, 2009, the agreement pursuant to which Navios Logistics acquired CNSA and Horamar was amended to postpone until June 30, 2010 the date for determining whether the EBITDA target was achieved. On June 17, 2010, \$2,500 in cash and the 504 shares remaining in escrow were released from escrow upon the achievement of the EBITDA target threshold. Following the release of the remaining shares that were held in escrow, Navios Holdings currently owns 63.8% of Navios Logistics.

Navios Logistics is one of the largest companies in the Hidrovia region of South America, serving the storage and marine transportation needs of its customers through two port storage and transfer facilities, one for grain commodities and the other for refined petroleum products, and a diverse fleet consisting of vessels, barges and pushboats.

Navios Acquisition

On July 1, 2008, the Company completed the initial public offering, or the IPO, of its subsidiary, Navios Maritime Acquisition Corporation (“Navios Acquisition”) (NYSE: NNA). At the time of the IPO, Navios Acquisition was a blank check company. In the offering, Navios Acquisition sold 25,300,000 units for an aggregate purchase price of \$253,000. Each unit consisted of one share of Navios Acquisition’s common stock and one warrant. Navios Acquisition, at the time, was not a controlled subsidiary of the Company but was accounted for under the equity method due to the Company’s significant influence over Navios Acquisition.

Navios Holdings has purchased 6,337,551 shares of Navios Acquisition’s common stock for \$63,230 in open market purchases. Moreover, on May 28, 2010, certain shareholders of Navios Acquisition redeemed 10,021,399 shares pursuant to redemption rights granted in the IPO upon de-“SPAC”-ing. As of May 28, 2010, following these transactions, Navios Holdings owned 12,372,551 shares, or 57.3%, of the outstanding common stock of Navios Acquisition. On that date, Navios Holdings acquired control over Navios Acquisition, and consequently concluded a business combination had occurred and consolidated the results of Navios Acquisition from that date until March 30, 2011.

NAVIOS MARITIME HOLDINGS INC.
UNAUDITED CONDENSED NOTES TO THE
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

On March 30, 2011, Navios Holdings exchanged 7,676,000 shares of Navios Acquisition common stock it held for 1,000 shares of non-voting Series C preferred stock of Navios Acquisition pursuant to an Exchange Agreement between Navios Acquisition and Navios Holdings (“Navios Acquisition Share Exchange”). The fair value of the exchange was \$30,474. Following the Navios Acquisition Share Exchange, Navios Holdings has 45% of the voting power and 53.7% of the economic interest in Navios Acquisition. As a result, from March 30, 2011, Navios Acquisition is considered an affiliate entity and is not a controlled subsidiary of the Company, and the investment in Navios Acquisition is accounted for under the equity method due to Navios Holdings’ significant influence over Navios Acquisition. From March 30, 2011, Navios Acquisition is being accounted for under the equity method based on Navios Holdings’ 53.7% economic interest since the preferred stock is considered, in substance common stock for accounting purposes.

Navios Acquisition is an owner and operator of tanker vessels focusing in the transportation of petroleum products (clean and dirty) and bulk liquid chemicals.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

(a) Basis of presentation: The accompanying interim condensed consolidated financial statements are unaudited, but, in the opinion of management, reflect all adjustments for a fair statement of Navios Holdings’ consolidated financial positions, statement of changes in equity, statements of income and cash flows for the periods presented. Adjustments consist of normal, recurring entries. The results of operations for the interim periods are not necessarily indicative of results for the full year. The footnotes are condensed as permitted by the requirements for interim financial statements and accordingly, do not include information and disclosures required under United States generally accepted accounting principles (“GAAP”) for complete financial statements. The December 31, 2010 balance sheet data was derived from audited financial statements, but do not include all disclosures required by U.S. GAAP. These interim financial statements should be read in conjunction with the Company’s consolidated financial statements and notes included on Form 6-K dated August 8, 2011 and in Navios Holdings’ 2010 management discussion and analysis in the annual report filed on Form 20-F with the Securities and Exchange Commission (“SEC”).

(b) Principles of consolidation: The accompanying interim consolidated financial statements include the accounts of Navios Holdings, a Marshall Islands corporation, and its majority owned subsidiaries. All significant intercompany balances and transactions have been eliminated in the consolidated statements.

Subsidiaries: Subsidiaries are those entities in which the Company has an interest of more than one half of the voting rights or otherwise has power to govern the financial and operating policies. The acquisition method of accounting is used to account for the acquisition of subsidiaries. The cost of an acquisition is measured as the fair value of the assets given up, shares issued or liabilities undertaken at the date of acquisition. The excess of the cost of acquisition over the fair value of the net assets acquired and liabilities assumed is recorded as goodwill.

Investments in Affiliates and Joint Ventures: Affiliates are entities over which the Company generally has between 20% and 50% of the voting rights, or over which the Company has significant influence, but does not exercise control. Joint ventures are entities over which neither partner exercises full control. Investments in these entities are accounted for under the equity method of accounting. Under this method, the Company records an investment in the stock of an affiliate or joint venture at cost, and adjusts the carrying amount for its share of the earnings or losses of the affiliate or joint venture subsequent to the date of investment and reports the recognized earnings or losses in income. Dividends received from an affiliate or joint ventures reduce the carrying amount of the investment. When the Company’s share of losses in an affiliate or joint venture equals or exceeds its interest in the affiliate, the Company does not recognize further losses, unless the Company has incurred obligations or made payments on behalf of the affiliate or the joint venture.

As a result, as of March 30, 2011, Navios Acquisition is no longer consolidated and is accounted for under the equity method of accounting based on Navios Holdings’ 53.7% economic interest in Navios Acquisition since the preferred stock is considered in substance common stock for accounting purposes (Note 3).
- (c) **Use of estimates:** The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. On an on-going basis, management evaluates the estimates and judgments, including those related to uncompleted voyages, future drydock dates, the carrying value of investments in affiliates, the selection of useful lives for tangible assets, expected future cash flows from long-lived assets to support impairment tests, provisions necessary for accounts receivables, provisions for legal disputes, pension benefits, and contingencies. Management bases its estimates and judgments on historical experience and on various other factors that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results could differ from those estimates under different assumptions and/or conditions.
- (d) **Recent Accounting Pronouncements:**

Fair Value Disclosures

In January 2010, the Financial Accounting Standards Board (“FASB”) issued amended standards requiring additional fair value disclosures. The amended standards require disclosures of transfers in and out of Levels 1 and 2 of the fair value hierarchy, as well as requiring gross basis disclosures for purchases, sales, issuances and settlements within the Level 3 reconciliation. Additionally, the update clarifies the requirement to determine the level of disaggregation for fair value measurement disclosures and to disclose valuation techniques and inputs used for both recurring and nonrecurring fair value measurements in either Level 2 or Level 3. Navios Holdings adopted the new guidance in the first quarter of fiscal year 2010, except for the disclosures related to purchases, sales, issuance and settlements within Level 3, which is effective for Navios Holdings beginning in the first quarter of fiscal year 2011. The adoption of the new standard did not have a significant impact on Navios Holdings’ consolidated financial statements.

Supplementary Pro Forma Information for Business Combinations

In December 2010, the FASB issued an amendment of the Accounting Standards Codification regarding Business Combinations. This amendment affects any public entity as defined by Topic 805 that enters into business combinations that are material on an individual or aggregate basis. The amendments specify that if a public entity presents comparative financial statements, the entity should disclose revenue and earnings of the combined entity as though the business combination(s) that occurred during the current year had occurred as of the beginning of the comparable prior annual reporting period only. The amendments in this update also expand the supplemental pro forma disclosures under Topic 805 to include a description of the nature and amount of material, nonrecurring pro forma adjustments directly attributable to the business combination included in the reported pro forma revenue and earnings. The amendments are effective for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2010. Navios Holdings adopted these new requirements in fiscal 2011 and the adoption did not have a significant impact on Navios Holdings’ consolidated financial statements.

CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

Fair Value Measurement

In May 2011, the FASB issued amendments to achieve common fair value measurement and disclosure requirements. The new guidance (i) prohibits the grouping of financial instruments for purposes of determining their fair values when the unit of accounting is specified in another guidance, unless the exception provided for portfolios applies and is used; (ii) prohibits application of a blockage factor in valuing financial instruments with quoted prices in active markets and (iii) extends that prohibition to all fair value measurements. Premiums or discounts related to size as a characteristic of the entity's holding (that is, a blockage factor) instead of as a characteristic of the asset or liability (for example, a control premium), are not permitted. A fair value measurement that is not a Level 1 measurement may include premiums or discounts other than blockage factors when market participants would incorporate the premium or discount into the measurement at the level of the unit of accounting specified in another guidance. The new guidance aligns the fair value measurement of instruments classified within an entity's shareholders' equity with the guidance for liabilities. As a result, an entity should measure the fair value of its own equity instruments from the perspective of a market participant that holds the instruments as assets. The disclosure requirements have been enhanced. The most significant change will require entities, for their recurring Level 3 fair value measurements, to disclose quantitative information about unobservable inputs used, a description of the valuation processes used by the entity, and a qualitative discussion about the sensitivity of the measurements. In addition, entities must report the level in the fair value hierarchy of assets and liabilities not recorded at fair value but where fair value is disclosed. The new guidance is effective for interim and annual periods beginning on or after December 15, 2011, with early adoption prohibited. The new guidance will require prospective application. The adoption of the new standard is not expected to have a significant impact on Navios Holdings' consolidated financial statements.

Presentation of Comprehensive Income

In June 2011, the FASB issued an update in the presentation of comprehensive income. According to the update an entity has the option to present the total of comprehensive income, the components of net income, and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements. The statement of other comprehensive income should immediately follow the statement of net income and include the components of other comprehensive income and a total for other comprehensive income, along with a total for comprehensive income. Regardless of whether an entity chooses to present comprehensive income in a single continuous statement or in two separate but consecutive statements, the entity is required to present on the face of the financial statements reclassification adjustments for items that are reclassified from other comprehensive income to net income in the statement(s) where the components of net income and the components of other comprehensive income are presented. The amendments in this Update do not change the items that must be reported in other comprehensive income or when an item of other comprehensive income must be reclassified to net income. For public entities, the amendments are effective for fiscal years, and interim periods within those years, beginning after December 15, 2011. Early adoption is permitted, because compliance with the amendments is already permitted. The amendments do not require any transition disclosures. The adoption of the new amendments is not expected to have a significant impact on Navios Holdings' consolidated financial statements.

NOTE 3: ACQUISITION/DECONSOLIDATION

Navios Acquisition acquired assets from Navios Holdings upon de-“SPAC”-ing

On May 25, 2010, after its special meeting of stockholders, Navios Acquisition announced the approval of (a) the acquisition from Navios Holdings of 13 vessels (11 product tankers and two chemical tankers plus options to purchase two additional product tankers) for an aggregate purchase price of \$457,659, of which \$128,659 was to be paid from existing cash and the \$329,000 balance with existing and new debt financing pursuant to the terms and conditions of the Acquisition Agreement by and between Navios Acquisition and Navios Holdings and (b) certain amendments to Navios Acquisition's amended and restated articles of incorporation.

Following the consummation of the transactions described in the Acquisition Agreement, Navios Holdings was released from all debt and equity commitments for the above vessels and Navios Acquisition reimbursed Navios Holdings for equity payments made prior to the stockholders' meeting under the purchase contracts for the vessels, plus all associated payments previously made by Navios Holdings, which in the aggregate amounted to \$76,485.

On May 28, 2010, certain shareholders of Navios Acquisition redeemed their shares pursuant to redemption rights granted in the IPO upon de-“SPAC”-ing, and Navios Holding's ownership of Navios Acquisition increased to 57.3%. At that point, Navios Holdings obtained control over Navios Acquisition and, consequently, concluded that a business combination had occurred and consolidated Navios Acquisition from that date onwards until March 30, 2011.

NAVIOS MARITIME HOLDINGS INC.
UNAUDITED CONDENSED NOTES TO THE
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

Goodwill of \$13,143 arising from the transaction is not tax deductible and has been allocated to the Company's Tanker Vessel Operations.

In connection with the business combination, the Company (i) re-measured its previously-held equity interests in Navios Acquisition to fair value and recognized the difference between fair value and the carrying value as a gain, (ii) recognized 100% of the identifiable assets and liabilities of Navios Acquisition at their fair values, (iii) recognized a 42.7% noncontrolling interest at fair value, and (iv) recognized goodwill for the excess of the fair value of the noncontrolling interest and its previously-held equity interests in Navios Acquisition over the fair value of the identifiable assets and liabilities of Navios Acquisition. The fair value of the Company's previously-held investment in the common stock of Navios Acquisition, as well as the fair value of the noncontrolling interest as of May 28, 2010, were both calculated based on the closing price of Navios Acquisition's common stock on that date. The difference between the Company's legal ownership percentage of 57.3% (based on common stock outstanding) and the percentage derived by dividing the \$95,232 allocated to the Company's investment in Navios Acquisition by the total value ascribed to Navios Acquisition's net assets (including goodwill) of \$155,788 is a result of treating the Company's investment in Navios Acquisition's warrants as a previously-held equity interest for purposes of calculating goodwill in accordance with ASC 805.

The Company has considered the fact that Navios Acquisition did not have any vessel operations during the three and six month periods ended June 30, 2010 and its statements of income include mainly general and administrative expenses, formation and other costs and interest income from investment securities. As a result, the Company has determined that, assuming the business combination had been consummated as of January 1, 2010, Navios Holdings' pro forma revenue and net income effect for the three and six month periods ended June 30, 2010 would be immaterial.

VLCC Acquisition

On September 10, 2010, Navios Acquisition consummated the acquisition of seven very large crude carrier tankers ("VLCC"), referred to herein as the VLCC Acquisition, for \$134,270 of cash and the issuance of 1,894,918 shares totalling \$10,745 (of which 1,378,122 shares were deposited into a one year escrow to provide for indemnity and other claims). The 1,894,918 shares were valued using the closing price of the stock on the date before the acquisition of \$5.67. The VLCC Acquisition was treated as a business combination and assets and liabilities were recorded at fair value.

The Company has considered the fact that the vessels acquired in the VLCC Acquisition did not have any significant vessel operations during the six month period ended June 30, 2010. As a result, the Company has determined that, assuming the business combination had been consummated as of January 1, 2010, Navios Holdings' pro forma revenue and net income effect for the three and six month period ended June 30, 2010 would be immaterial.

Transaction costs amounted to \$8,019 and have been fully expensed. Transaction costs includes \$5,619, which was the fair value of the 3,000 preferred shares issued to a third party as compensation for consulting services (see Note 9).

Goodwill of \$1,579 arising from the transaction is not tax deductible and has been allocated to the Company's Tanker Vessel operations.

Deconsolidation of Navios Acquisition

On March 30, 2011, Navios Holdings completed the Navios Acquisition Share Exchange whereby Navios Holdings exchanged 7,676,000 shares of Navios Acquisition's common stock it held for non-voting Series C preferred stock of Navios Acquisition pursuant to an Exchange Agreement entered into on March 30, 2011 between Navios Acquisition and Navios Holdings. The fair value of the exchange was \$30,474, which was based on the share price of the publicly traded common shares of Navios Acquisition on March 30, 2011. Following the Navios Acquisition Share Exchange, Navios Holdings' ownership of the outstanding voting stock of Navios Acquisition decreased to 45% and Navios Holdings no longer controls a majority of the voting power of Navios Acquisition. From that date onwards, Navios Acquisition is considered as an affiliate entity of Navios Holdings and is not a controlled subsidiary of the Company, and the investment in Navios Acquisition is now accounted for under the equity method due to the Company's significant influence over Navios Acquisition. Navios Acquisition will be accounted for under the equity method of accounting based on Navios Holdings' 53.7% economic interest in Navios Acquisition, since the preferred stock is considered to be, in substance, common stock for accounting purposes.

On March 30, 2011, based on the equity method, the Company recorded an investment in Navios Acquisition of \$103,250, which represents the fair value of the common stock and Series C preferred stock (in-substance common stock) that was held by Navios Holdings on such date. On March 30, 2011, the Company calculated a loss on change in control of \$35,325, which was calculated as the fair value of the Company's equity method investment in Navios Acquisition of \$103,250 less the Company's 53.7% interest in Navios Acquisition's net assets on March 30, 2011.

Sale of Vessels

On January 8, 2010, Navios Holdings sold the Navios Hyperion, a 2004-built Panamax vessel, to Navios Partners for a cash consideration of \$63,000. The book value assigned to the vessel was \$25,168, resulting in a gain from the sale of \$37,832, of which, \$23,836 had been recognized at the time of sale in the statements of income under “Gain on sale of assets”. The remaining \$13,996 representing profits derived from Navios Holdings’ 37.0% interest in Navios Partners has been deferred under “Long-term liabilities and deferred income” and is being amortized over the remaining useful life of the vessel or until it is sold.

On March 18, 2010, Navios Holdings sold the Navios Aurora II, a 2009-built Capesize vessel to Navios Partners for consideration of \$110,000. Out of the \$110,000 purchase price, \$90,000 was paid in cash and the remaining amount was paid through the receipt of 1,174,219 common units of Navios Partners (see Note 14). The book value assigned to the vessel was \$109,508, resulting in a gain from the sale of \$818, of which \$547 had been recognized at the time of sale in the statements of income under “Gain on sale of assets”. The remaining \$271 representing profits derived from Navios Holdings’ 33.2% interest in Navios Partners has been deferred under “Long-term liabilities and deferred income” and is being amortized over the remaining useful life of the vessel or until it is sold.

On May 21, 2010, Navios Holdings sold the Navios Pollux, a 2009-built Capesize vessel, to Navios Partners for a cash consideration of \$110,000 (see Note 11). The book value assigned to the vessel was \$107,452, resulting in a gain from the sale of \$2,548, of which \$1,751 had been recognized at the time of sale in the statements of income under “Gain on sale of assets”. The remaining \$797 representing profits derived from Navios Holdings’ 31.3% interest in Navios Partners has been deferred under “Long-term liabilities and deferred income” and is being amortized over the remaining useful life of the vessel or until it is sold.

On November 15, 2010, Navios Holdings sold to Navios Partners the vessels Navios Melodia and Navios Fulvia, two 2010-built Capesize vessels, for a total consideration of \$176,971, of which \$162,000 was paid in cash and the remaining amount was paid through the receipt of 788,370 common units of Navios Partners (see Note 14). The book value of both vessels was \$135,968, resulting in a gain from the sale of \$41,003, of which \$29,247 had been recognized at the time of sale in the statements of income under “Gain on sale of assets” and the remaining \$11,756 representing profits derived from Navios Holdings’ 28.7% interest in Navios Partners has been deferred under “Other long term liabilities and deferred income” and is being amortized over its remaining useful life or until it is sold.

On May 19, 2011, Navios Holdings sold the Navios Luz, a 2010 built Capesize vessel of 179,144 deadweight ton (“dwt”), and the Navios Orbiter, a 2004 built Panamax vessel to Navios Partners for a total consideration of \$130,000, of which \$120,000 was paid in cash and \$10,000 was paid through the receipt of 507,916 newly issued common units of Navios Partners (see Note 14). A portion of the cash proceeds amounting to \$57,717 was used to fully repay the outstanding loans associated with the vessels. The book value of both vessels was \$76,746, resulting in a gain from the sale of \$53,214, of which \$38,787 had been recognized at the time of sale in the statements of income under “Gain on sale of assets” and the remaining \$14,427 representing the profits derived from Navios Holdings’ 27.1% interest in Navios Partners has been deferred under “Other long term liabilities and deferred income” and is being amortized over the remaining useful lives of the assets or until the assets are sold.

Vessel Acquisitions

As of June 30, 2011, Navios Holdings had exercised purchase options to acquire six Ultra Handymax, six Panamax and one Capesize vessels, including those exercised during the first half ended June 30, 2011. The Navios Meridian, Navios Mercator, Navios Arc, Navios Galaxy I, Navios Magellan, Navios Horizon, Navios Star, Navios Hyperion, Navios Orbiter, Navios Hope, Navios Fantastiks, Navios Vector and Navios Astra were delivered at various dates from November 30, 2005 to February 21, 2011.

NAVIOS MARITIME HOLDINGS INC.
UNAUDITED CONDENSED NOTES TO THE
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

On January 20, 2010, Navios Holdings took delivery of the Navios Antares, a 2010 built Capesize vessel, with a capacity of 169,059 dwt, for an acquisition price of \$115,747, of which \$30,847 was paid in cash, \$10,000 was paid in shares (698,812 common shares issued in December 2007 to the shipbuilder in connection with a progress payment at \$14.31 per share, which represents the closing price for the common stock of the Company on the date of issuance), \$64,350 was financed through loan and the remaining amount was funded through the issuance of 1,780 shares of preferred stock on January 20, 2010 (see also Note 9).

On April 28, 2010, the Navios Vector, a 50,296 dwt Ultra Handymax vessel and former long-term chartered-in vessel in operation, was delivered to Navios Holdings' owned fleet. The Navios Vector's acquisition cost was approximately \$30,000, which was financed through the release of \$17,982 restricted cash that was kept for investing activities, and the remaining balance through existing cash.

On September 20, 2010, the Navios Melodia, a new, 2010-built, 179,132 dwt, Capesize vessel, was delivered to Navios Holdings for an acquisition price of approximately \$69,065, of which \$19,657 was paid in cash, \$36,987 financed through a loan and the remaining amount was funded through the issuance of 2,500 shares of preferred stock on July 31, 2010 that have a nominal value of \$25,000 and a fair value of \$12,421 (see Note 9).

On October 1, 2010, the Navios Fulvia, a new, 2010-built, 179,263 dwt Capesize vessel, was delivered to Navios Holdings. The vessel's purchase price was approximately \$67,511, of which \$14,254 was paid in cash, \$36,987 was financed through a loan and the remaining amount was funded through the issuance of 1,870 shares of preferred stock in 2009 that have a nominal value of \$18,700 and a fair value of \$7,177 and through the issuance of 1,870 shares of preferred stock on August 31, 2010 that have a nominal value of \$18,700 and a fair value of \$9,093 (see Note 9).

On October 29, 2010, the Navios Buena Ventura, a new, 2010-built, 179,132 dwt Capesize vessel, was delivered from a South Korean shipyard to Navios Holdings' owned fleet for an acquisition price \$71,209, of which \$19,089 was paid in cash, \$39,000 financed through loan and the remaining amount was funded through the issuance of 2,500 shares of preferred stock that have a nominal value of \$25,000 and a fair value of \$13,120 (Note 9). Following the delivery of the Navios Buena Ventura, \$39,000 (see Note 7), which was kept in a pledged account in Dekabank, was released to finance the delivery of this vessel as collateral.

On November 17, 2010, the Navios Luz, a new, 2010-built, 179,144 dwt Capesize vessel, was delivered from a South Korean shipyard to Navios Holdings' owned fleet. The vessel's acquisition price was \$54,501, of which \$563 was paid in cash, \$37,500 financed through a loan and the remaining amount was funded through the issuance of 2,571 shares of preferred stock in 2009 that have a nominal value of \$25,710 and a fair value of \$11,728 and through the issuance of 980 shares of preferred stock on November 17, 2010 that have a nominal value of \$9,800 and a fair value of \$4,710 (see Note 9).

On December 3, 2010, the Navios Etoile, a new, 2010-built, 179,234 dwt Capesize vessel, was delivered from a South Korean shipyard to Navios Holdings' owned fleet. The vessel's acquisition price was \$66,163, of which \$22,781 was paid in cash, \$37,500 financed through a loan and the remaining amount was funded through the issuance of 258 shares of preferred stock in 2009 that have a nominal value of \$2,580 and a fair value of \$1,177 and through the issuance of 980 shares of preferred stock on December 3, 2010 that have a nominal value of \$9,800 and a fair value of \$4,705 (see Note 9).

On December 17, 2010, the Navios Bonheur, a new, 2010-built, 179,259 dwt Capesize vessel, was delivered from a South Korean shipyard to Navios Holdings' owned fleet, for an acquisition price \$68,883, of which \$691 was paid in cash, \$56,790 financed through a loan and the remaining amount was funded through the issuance of 2,500 shares of preferred stock on December 17, 2010 that have a nominal value of \$25,000 and a fair value of \$11,402 (see Note 9).

On January 28, 2011, Navios Holdings took delivery of the Navios Altamira, a new, 179,165 dwt 2010-built Capesize vessel, from a South Korean shipyard for an acquisition price of \$55,427, of which \$15,427 was paid in cash and the remaining amount was funded through a loan (see Note 7).

On February 14, 2011, Navios Holdings took delivery of the Navios Azimuth, a new, 179,169 dwt 2011-built Capesize vessel from a South Korean shipyard for a purchase price of approximately \$55,672, of which \$14,021 was paid in cash, \$40,000 was financed through a loan and the remaining amount was funded through the issuance of 300 shares of preferred stock issued on January 27, 2010, which have a nominal value of \$3,000 and a fair value of \$1,651 (see Note 9).

On February 21, 2011, the Navios Astra, a 53,468 dwt Ultra-Handymax vessel and former long-term chartered-in vessel in operation, was delivered to Navios Holdings' owned fleet. The Navios Astra's acquisition price was \$22,775, of which \$1,513 was the unamortized portion of the favorable lease term. On May 10, 2011, the amount of \$18,850 was drawn to finance the acquisition of the Navios Astra (see Note 7).

Deposits for vessels acquisitions

On May 30, 2011, Navios Holdings agreed to acquire a 81,600 dwt bulk carrier scheduled to be delivered in April 2012 by a South Korean shipyard. The aggregate purchase price for the new vessel is approximately \$35,500, which is to be partially funded with a credit facility for an amount of up to \$23,000 provided by Emporiki Bank of Greece (see Note 16), and of which \$500 was paid during the second quarter of 2011.

Navios Logistics

During the first quarter of 2010, Navios Logistics began the construction of a grain drying and conditioning facility at its dry port facility in Nueva Palmira, Uruguay. The facility, which has been operational since May 16, 2011, was being financed entirely with funds provided by the port operations. For the construction of the facility, Navios Logistics paid \$841 during the six month period ended June 30, 2011 and \$3,043 during the year ended December 31, 2010.

During the second and third quarter of 2011, on various dates on or prior to August 22, 2011, Navios Logistics used a portion of the proceeds from its offering of senior unsecured notes due 2019 to acquire three pushboats, 66 dry barges and one floating drydock for a cost of approximately \$45,800, including transportation and other related costs.

Additionally, during the six month period ended June 30, 2011, Navios Logistics performed some improvements relating to its vessels, the Malva H, the Estefania H and the Jiujiang, amounting to \$44, \$599 and \$1,070, respectively.

During 2010, Navios Logistics acquired two pieces of land located in the south of the Nueva Palmira Free Zone as part of a project to develop a new transshipment facility for mineral ore and liquid bulk, paying a total of \$987.

In February 2010, Navios Logistics took delivery of a product tanker, the Sara H. The purchase price of the vessel (including direct costs) amounted to approximately \$17,981.

In June 2010, Navios Logistics entered into long-term bareboat agreements for two new product tankers, the Stavroula and the Jiujiang, each with a capacity of 16,871 dwt. The Jiujiang and the Stavroula were delivered in June and July 2010, respectively. Both tankers are chartered-in for a two-year period, and Navios Logistics has the obligation to purchase the vessels immediately upon the expiration of their respective charter periods. The purchase price of the vessels (including direct costs) amounted to approximately \$19,643 and \$17,904, respectively. As of June 30, 2011, the obligations for these vessels were accounted for as capital leases and the lease payments during the six month period ended June 30, 2011 for both vessels were \$612.

Navios Holdings loans

In December 2006, the Company issued \$300,000 in senior notes at a fixed rate of 9.5% due on December 15, 2014 (“2014 Notes”). On January 28, 2011, Navios Holdings completed the sale of \$350,000 of 8.125% Senior Notes due 2019 (the “2019 Notes”). The net proceeds from the sale of the 2019 Notes were used to redeem any and all of Navios Holdings’ outstanding 2014 Notes and pay related transaction fees and expenses and for general corporate purposes. The effect of this transaction was the write off of \$21,199 from deferred financing fees, which is recorded in the statement of income under “Loss on bond extinguishment”.

Senior Notes: On January 28, 2011, the Company and its wholly owned subsidiary, Navios Maritime Finance II (US) Inc. (“NMF” and, together with the Company, the “2019 Co-Issuers”) issued \$350,000 in senior notes due on February 15, 2019 at a fixed rate of 8.125%. The senior notes are fully and unconditionally guaranteed, jointly and severally and on an unsecured senior basis, by all of the Company’s subsidiaries, other than NMF, Navios Maritime Finance (US) Inc., Navios Maritime Acquisition Corporation and its subsidiaries, Navios South American Logistics Inc. and its subsidiaries and Navios GP L.L.C. The 2019 Co-Issuers have the option to redeem the notes in whole or in part, at any time (i) before February 15, 2015, at a redemption price equal to 100% of the principal amount, plus a make-whole premium, plus accrued and unpaid interest, if any, and (ii) on or after February 15, 2015, at a fixed price of 104.063% of the principal amount, which price declines ratably until it reaches par in 2017, plus accrued and unpaid interest, if any. At any time before February 15, 2014, the 2019 Co-Issuers may redeem up to 35% of the aggregate principal amount of the notes with the net proceeds of an equity offering at 108.125% of the principal amount of the notes, plus accrued and unpaid interest, if any, so long as at least 65% of the originally issued aggregate principal amount of the notes remains outstanding after such redemption. In addition, upon the occurrence of certain change of control events, the holders of the notes will have the right to require the 2019 Co-Issuers to repurchase some or all of the notes at 101% of their face amount, plus accrued and unpaid interest to the repurchase date. Pursuant to a registration rights agreement, the 2019 Co-Issuers and the guarantors filed a registration statement on June 21, 2011, that was declared effective on August 23, 2011. The exchange offer of the privately placed notes with publicly registered notes with identical terms will remain open until September 22, 2011. The senior notes contain covenants which, among other things, limit the incurrence of additional indebtedness, issuance of certain preferred stock, the payment of dividends, redemption or repurchase of capital stock or making restricted payments and investments, creation of certain liens, transfer or sale of assets, entering in transactions with affiliates, merging or consolidating or selling all or substantially all of the 2019 Co-Issuers’ properties and assets and creation or designation of restricted subsidiaries. The 2019 Co-Issuers were in compliance with the covenants as of June 30, 2011.

Ship Mortgage Notes: In November 2009, the Company and its wholly owned subsidiary, Navios Maritime Finance (US) Inc. (together, the “Mortgage Notes Co-Issuers”) issued \$400,000 of first priority ship mortgage notes due on November 1, 2017 at a fixed rate of 8.875%. The ship mortgage notes are senior obligations of the Mortgage Notes Co-Issuers and are secured by first priority ship mortgages on 15 vessels owned by certain subsidiary guarantors and other related collateral securities. The ship mortgage notes are fully and unconditionally guaranteed, jointly and severally by all of the Company’s direct and indirect subsidiaries that guarantee the 2019 Notes. The guarantees of the Company’s subsidiaries that own mortgage vessels are senior secured guarantees and the guarantees of the Company’s subsidiaries that do not own mortgage vessels are senior unsecured guarantees.

NAVIOS MARITIME HOLDINGS INC.
UNAUDITED CONDENSED NOTES TO THE
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

At any time before November 1, 2012, the Mortgage Notes Co-Issuers may redeem up to 35% of the aggregate principal amount of the ship mortgage notes with the net proceeds of a public equity offering at 108.875% of the principal amount of the ship mortgage notes, plus accrued and unpaid interest, if any, so long as at least 65% of the originally issued aggregate principal amount of the ship mortgage notes remains outstanding after such redemption. In addition, the Mortgage Notes Co-Issuers have the option to redeem the ship mortgage notes in whole or in part, at any time (1) before November 1, 2013, at a redemption price equal to 100% of the principal amount plus a make whole price which is based on a formula calculated using a discount rate of treasury bonds plus 50 bps, and (2) on or after November 1, 2013, at a fixed price of 104.438%, which price declines ratably until it reaches par in 2015. Furthermore, upon occurrence of certain change of control events, the holders of the ship mortgage notes may require the Mortgage Notes Co-Issuers to repurchase some or all of the notes at 101% of their face amount. Pursuant to the terms of a registration rights agreement, as a result of satisfying certain conditions, the Mortgage Notes Co-Issuers and the guarantors are not obligated to file a registration statement that would have enabled the holders of ship mortgage notes to exchange the privately placed notes with publicly registered notes with identical terms. The ship mortgage notes contain covenants which, among other things, limit the incurrence of additional indebtedness, issuance of certain preferred stock, the payment of dividends, redemption or repurchase of capital stock or making restricted payments and investments, creation of certain liens, transfer or sale of assets, entering into certain transactions with affiliates, merging or consolidating or selling all or substantially all of the Mortgage Notes Co-Issuers' properties and assets and creation or designation of restricted subsidiaries. The Mortgage Notes Co-Issuers were in compliance with the covenants as of June 30, 2011.

Loan Facilities:

The majority of the Company's senior secured credit facilities include maintenance covenants, including loan-to-value ratio covenants, based on either charter-adjusted valuations, or charter-free valuations. As of June 30, 2011, the Company was in compliance with all of the covenants under each of its credit facilities outlined below.

HSH/Commerzbank Facility: In February 2007, Navios Holdings entered into a secured loan facility with HSH Nordbank and Commerzbank AG maturing on October 31, 2014. The facility was composed of a \$280,000 term loan facility and a \$120,000 reducing revolving facility. In April 2008, the Company entered into an agreement for the amendment of the facility due to a prepayment of \$10,000. In March 2009, Navios Holdings further amended its facility agreement, which amendments were effective until January 31, 2010 requiring among other things (a) Navios Holdings to accumulate cash reserves into a pledged account with the agent bank of \$14,000 (\$5,000 in March 2009 and \$1,125 on each loan repayment date during 2009 and 2010, starting from January 2009); and (b) to set the margin at 200 bps.

Following the sale of the Navios Apollon on October 29, 2009, Navios Holdings prepaid \$13,501 of the loan facility and reduced its revolving credit facility by \$4,778.

Following the issuance of the ship mortgage notes in November 2009, the mortgages and security interests on ten vessels previously secured by the loan and the revolving facility were fully released in connection with the partial prepayment of the facility with approximately \$197,599, of which \$195,000 was funded from the issuance of the ship mortgage notes and the remaining \$2,599 from the Company's cash. The Company permanently reduced the revolving facility by an amount of \$26,662 and the term loan facility by \$80,059. In April 2010, Navios Holdings further amended its facility agreement with HSH/Commerzbank as follows: (a) to release certain pledge deposits amounting to \$117,519 and to accept additional securities of substitute vessels; and (b) to set a margin ranging from 115 bps to 175 bps depending on the security value. In April 2010, the available amount of \$21,551 under the revolving facility was drawn and an amount of \$117,519 was kept in a pledged account. On April 29, 2010, restricted cash of \$17,982 was drawn to finance the acquisition of the Navios Vector. An amount of \$73,974 was drawn from the pledged account to finance the acquisitions of the Navios Melodia and the Navios Fulvia (\$36,987 for each vessel) and a prepayment of \$25,553 was made on October 1, 2010. As a result, no outstanding amount was kept in the pledged account as of December 31, 2010 and as of June 30, 2011.

The loan facility requires compliance with financial covenants, including specified SVM to total debt percentage and minimum liquidity. It is an event of default under the revolving credit facility if such covenants are not complied with or if Angeliki Frangou, the Company's Chairman and Chief Executive Officer, beneficially owns less than 20% of the issued stock.

On November 15, 2010, following the sale of the Navios Melodia and the Navios Fulvia to Navios Partners, Navios Holdings fully repaid its outstanding loan balance with HSH Nordbank in respect of the two vessels amounting to \$71,898.

On May 19, 2011, in connection with the sale of the Navios Orbiter to Navios Partners, Navios Holdings repaid \$20,217 of the outstanding loan associated with this vessel. As of June 30, 2011, the outstanding amount under the revolving credit facility was \$9,502 and the outstanding amount under the loan facility was \$44,830.

(Expressed in thousands of U.S. dollars — except share data)

Emporiki Facilities: In December 2007, Navios Holdings entered into a facility agreement with Emporiki Bank of Greece of up to \$154,000 in order to partially finance the construction of two Capesize bulk carriers. In July 2009, following an amendment of the above-mentioned agreement, the amount of the facility has been changed to up to \$130,000.

On March 18, 2010, following the sale of the Navios Aurora II to Navios Partners, Navios Holdings repaid \$64,350 and the outstanding amount of the facility has been reduced to \$64,350. The amended facility is repayable in 10 semi-annual installments of \$2,970 and 10 semi-annual installments of \$1,980 with a final balloon payment of \$14,850 on the last payment date. The interest rate of the amended facility is based on a margin of 175 bps. The loan facility requires compliance with certain financial covenants and the covenants contained in the senior notes. On June 23, 2011, Navios Holdings prepaid \$10,000. As of June 30, 2011, the outstanding amount under this facility was \$48,410.

In August 2009, Navios Holdings entered into another facility agreement with Emporiki Bank of Greece of up to \$75,000 (divided into two tranches of \$37,500) to partially finance the acquisition costs of two Capesize vessels. Each tranche of the facility is repayable in 20 semi-annual installments of \$1,375 with a final payment of \$10,000 on the last payment date. The repayment of each tranche starts six months after the delivery date of the respective Capesize vessel. It bears interest at a rate of LIBOR plus 175 bps. On May 19, 2011, in connection with the sale of the Navios Luz to Navios Partners, Navios Holdings repaid \$37,500 of the outstanding loan associated with this vessel. As of June 30, 2011, the outstanding amount under this facility was \$36,125.

In September 2010, Navios Holdings entered into another facility agreement with Emporiki Bank of Greece of up to \$40,000 in order to partially finance the construction of one Capesize bulk carrier, the Navios Azimuth, which was delivered on February 14, 2011 to Navios Holdings. The loan is repayable in 20 semi-annual equal installments of \$1,500, with a final balloon payment of \$10,000 on the last payment date. It bears interest at a rate of LIBOR plus 275 bps. The loan facility requires compliance with certain financial covenants and the covenants contained in the senior notes. As of June 30, 2011, the full amount was drawn and the outstanding amount under this facility was \$40,000.

DNB Facilities: In June 2008, Navios Holdings entered into a facility agreement with DNB NOR BANK ASA of up to \$133,000 in order to partially finance the construction of two Capesize bulk carriers. In June 2009, following an amendment of the above-mentioned agreement, one of the two tranches amounting to \$66,500 was cancelled following the cancellation of construction of one Capesize bulk carrier. The amended facility is repayable beginning six months following the delivery of the Capesize vessel in 11 semi-annual installments of \$2,900, with a final payment of \$34,600 on the last payment date. The interest rate of the amended facility is based on a margin of 225 bps as defined in the new agreement. As of June 30, 2011, the outstanding amount under this facility was \$57,800.

In August 2010, Navios Holdings entered into a facility agreement with DNB NOR BANK ASA of up to \$40,000 in order to partially finance the construction of one Capesize bulk carrier, the Navios Altamira, which was delivered on January 28, 2011 to Navios Holdings. The loan is repayable three months following the delivery of the Capesize vessel in 24 equal quarterly installments of \$645, with a final balloon payment of \$24,520 on the last payment date. It bears interest at a rate of LIBOR plus 275 bps. The loan facility requires compliance with certain financial covenants and the covenants contained in the senior notes. As of June 30, 2011, the amount drawn was \$40,000 and the outstanding amount under this facility was \$39,355.

Dekabank Facility: In February 2009 (amended and restated in May 2009), Navios Holdings entered into a facility of up to \$120,000 with Dekabank Deutsche Girozentrale to finance the acquisition of two Capesize vessels. The loan is repayable in 20 semi-annual installments and bears an interest rate based on a margin of 190 bps. The loan facility requires compliance with certain financial covenants and the covenants contained in the senior notes. Following the sale of the Navios Pollux to Navios Partners in May 2010, an amount of \$39,000 was kept in a pledged account pending the delivery of a substitute vessel as collateral to this facility. The amount of \$39,000 kept in the pledged account was released to finance the delivery of the Capesize vessel Navios Buena Ventura that was delivered to Navios Holdings on October 29, 2010. As of June 30, 2011, \$83,000 was outstanding under this facility.

Marfin Facility: In March 2009, Navios Holdings entered into a loan facility with Marfin Egnatia Bank of up to \$110,000 to be used to finance the pre-delivery installments for the construction of newbuilding vessels and for general corporate purposes. It bears interest at a rate based on a margin of 275 bps. During 2010, a total amount of \$43,375 was drawn and was fully repaid. Since September 7, 2010, the available amount of the loan facility has been reduced to \$30,000. On May 10, 2011, the amount of \$18,850 was drawn to finance the acquisition of the Navios Astra. The loan is repayable beginning three months following the drawdown in seven equal quarterly installments of \$471, with a final balloon payment of \$15,553 on the last payment date. It bears interest at a rate of LIBOR plus 275 bps. The loan facility requires compliance with certain covenants. As of June 30, 2011, the outstanding amount under this facility was \$18,850.

NAVIOS MARITIME HOLDINGS INC.
UNAUDITED CONDENSED NOTES TO THE

(Expressed in thousands of U.S. dollars — except share data)

Commerzbank Facility: In June 2009, Navios Holdings entered into facility agreement of up to \$240,000 (divided into four tranches of \$60,000) with Commerzbank AG in order to partially finance the acquisition of a Capesize vessel and the construction of three Capesize vessels. Each tranche of the facility is repayable starting three months after the delivery of each Capesize vessel in 40 quarterly installments of \$882 with a final payment of \$24,706 on the last payment date. It bears interest at a rate based on a margin of 225 bps. The loan facility requires compliance with the covenants contained in the senior notes. Following the sale of two Capesize vessels, the Navios Melodia and the Navios Buena Ventura, on September 20, 2010 and October 29, 2010 to Navios Partners, respectively, Navios Holdings cancelled two of the four tranches and fully repaid in October 2010 their outstanding loan balances of \$53,600 and \$54,500, respectively. As of June 30, 2011, the outstanding amount was \$108,061.

Unsecured Bond: In July 2009, Navios Holdings issued a \$20,000 unsecured bond due in July 2012 as a partial payment for the acquisition price of a Capesize vessel. Interest will accrue on the principal amount of the unsecured bond at the rate of 6% per annum. All accrued interest (which will not be compounded) will be first due and payable in July 2012, which is the maturity date. The unsecured bond may be prepaid by Navios Holdings at any time without prepayment penalty.

Navios Logistics loans

Logistics Senior Notes

On April 12, 2011, Navios Logistics and its wholly-owned subsidiary Navios Logistics Finance (US) Inc. (“Logistics Finance” and, together the “Logistics Co-Issuers”) issued \$200,000 in senior notes due on April 15, 2019 at a fixed rate of 9.25% (“the Logistics Senior Notes”). The Logistics Senior Notes are fully and unconditionally guaranteed, jointly and severally, by all of Navios Logistics’ direct and indirect subsidiaries except for Hidronave South American Logistics S.A. and Navios Logistics Finance (US) Inc. The Logistics Co-Issuers have the option to redeem the notes in whole or in part, at their option, at any time (i) before April 15, 2014, at a redemption price equal to 100% of the principal amount plus the applicable make-whole premium plus accrued and unpaid interest, if any, to the redemption date and (ii) on or after April 15, 2014, at a fixed price of 106.938%, which price declines ratably until it reaches par in 2017. At any time before April 15, 2014, the Logistics Co-Issuers may redeem up to 35% of the aggregate principal amount of the Logistics Senior Notes with the net proceeds of an equity offering at 109.25% of the principal amount of the notes, plus accrued and unpaid interest, if any, to the redemption date so long as at least 65% of the originally issued aggregate principal amount of the notes remains outstanding after such redemption. In addition, upon the occurrence of certain change of control events, the holders of the Logistics Senior Notes will have the right to require the Logistics Co-Issuers to repurchase some or all of the notes at 101% of their face amount, plus accrued and unpaid interest to the repurchase date.

Under a registration rights agreement, the Logistics Co-Issuers and the subsidiary guarantors are obliged to file a registration statement prior to January 7, 2012, that enables the holders of the Logistics Senior Notes to exchange the privately placed notes with publicly registered notes with identical terms. The Logistics Senior Notes contain covenants which, among other things, limit the incurrence of additional indebtedness, issuance of certain preferred stock, the payment of dividends, redemption or repurchase of capital stock or making restricted payments and investments, creation of certain liens, transfer or sale of assets, entering in transactions with affiliates, merging or consolidating or selling all or substantially all of Navios Logistics properties and assets and creation or designation of restricted subsidiaries.

Marfin Facility

On March 31, 2008, Nauticler entered into a \$70,000 loan facility for the purpose of providing Nauticler S.A. with investment capital to be used in connection with one or more investment projects. In March 2009, Navios Logistics transferred its loan facility of \$70,000 to Marfin Popular Bank Public Co. Ltd. The loan provided for an additional one year extension and an increase in margin to 275 basis points. On March 23, 2010, the loan was extended for one additional year, providing an increase in margin to 300 basis points. On March 29, 2011, Navios Logistics agreed with Marfin Popular Bank to amend its current loan agreement with its subsidiary, Nauticler S.A., to provide for a \$40,000 revolving credit facility. Under the amended facility, the existing margin of 300 basis points will apply and the obligations will be secured by mortgages on four tanker vessels or alternative security over other assets acceptable to the bank. The amended facility requires compliance with customary covenants. The obligation of the bank under the amended facility was subject to prepayment of the \$70,000 facility and is subject to customary conditions, such as the receipt of satisfactory appraisals, insurance, opinions and the negotiation, execution and delivery of mutually satisfactory loan documentation. In connection with the amendment, Nauticler S.A. agreed to prepay the \$70,000 through the proceeds of the Logistics Senior Notes. On April 12, 2011, following the completion of the sale of \$200,000 of Logistics Senior Notes, Navios Logistics fully repaid the \$70,000 loan facility with Marfin Bank using a portion of the proceeds from the Logistics Senior Notes.

NAVIOS MARITIME HOLDINGS INC.
UNAUDITED CONDENSED NOTES TO THE

(Expressed in thousands of U.S. dollars — except share data)

As of June 30, 2011, the revolving credit facility of \$40,000 had not been drawn.

Non-Wholly Owned Subsidiaries' Indebtedness

In connection with the acquisition of Horamar, Navios Logistics had assumed a \$9,500 loan facility that was entered into by HS Shipping Ltd. Inc. in 2006, in order to finance the building of a 8,974 dwt double hull tanker (Malva H). After the vessel's delivery, the interest rate had been LIBOR plus 150 bps. The loan was repayable in installments of at least 90% of the amount of the last hire payment due to be paid to HS Shipping Ltd. Inc. The repayment date should not extend beyond December 31, 2011. The loan could be pre-paid before such date, with two days written notice. The loan also required compliance with certain covenants. As of June 30, 2011, the amount outstanding under this facility was \$5,739. This loan was repaid in full on July 25, 2011 using a portion of the proceeds from the Logistics Senior Notes.

Navios Logistics assumed a \$2,286 loan facility that was entered into, by its majority owned subsidiary, Thalassa Energy S.A., in October 2007 in order to finance the purchase of two self-propelled barges, the Formosa and the San Lorenzo. The loan bore interest at LIBOR plus 150 basis points. The loan was repayable in five equal installments of \$457, which were made in November 2008, June 2009, January 2010, August 2010, and March 2011. The loan was secured by a first priority mortgage over the two self-propelled barges. As of June 30, 2011, the loan had been fully repaid.

On September 4, 2009, HS Navigation Inc. had entered into a loan facility for an amount of up to \$18,710 that bore interest at LIBOR plus 225 bps in order to finance the acquisition cost of the Estefania H. The loan was repayable in installments that should not be less than the higher of (a) 90% of the amount of the last hire payment due to HS Navigation Inc. prior to the repayment date, and (b) \$250, inclusive of any interest accrued in relation to the loan at that time. The repayment date should occur prior to May 15, 2016. The loan also required compliance with certain covenants. As of June 30, 2011, the amount outstanding under this facility was \$13,740. This loan was repaid in full on July 25, 2011 using a portion of the proceeds from the Logistics Senior Notes.

On December 15, 2009, HS Tankers Inc., a majority owned subsidiary of Navios Logistics, had entered into a loan facility in order to finance the acquisition cost of the Makenita H for an amount of \$24,000 which bore interest at LIBOR plus 225 bps. The loan was repayable in installments that should not be less than the higher of (a) 90% of the amount of the last hire payment due to HS Tankers Inc. prior to the repayment date, and (b) \$250, inclusive of any interest accrued in relation to the loan at that time. The repayment date should occur prior to March 24, 2016. The loan also required compliance with certain covenants. As of June 30, 2011, the amount outstanding under this facility was \$19,997. This loan was repaid in full on July 25, 2011 using a portion of the proceeds from the Logistics Senior Notes.

On December 20, 2010, HS South Inc., a majority owned subsidiary of Navios Logistics, had entered into a loan facility in order to finance the acquisition cost of the Sara H for an amount of \$14,385 which bore interest at LIBOR plus 225 bps. The loan was repayable in installments that should not be less than the higher of (a) 90% of the amount of the last hire payment due to be HS South Inc. prior to the repayment date and (b) \$250, inclusive of any interest accrued in relation to the loan at that time. The repayment date should occur prior to May 24, 2016. The loan also required compliance with certain covenants. As of June 30, 2011, the amount outstanding under this facility was \$13,495. This loan was repaid in full on July 25, 2011 using a portion of the proceeds from the Logistics Senior Notes.

Other Indebtedness

In connection with the acquisition of Hidronave S.A. in October 29, 2009, Navios Logistics assumed an \$817 loan facility that was entered into by Hidronave S.A. in 2001, in order to finance the construction of a pushboat (Nazira). As of June 30, 2011, the outstanding loan balance was \$700. The loan facility bears interest at a fixed rate of 600 bps. The loan is repaid in installments of \$6 each and the final repayment date can not extend beyond August 10, 2021. The loan also requires compliance with certain covenants.

As of June 30, 2011, Navios Logistics and its subsidiaries were in compliance with all of the covenants under each of its credit facilities.

The maturity table below reflects the principal payments for the next five years and thereafter of all borrowings of Navios Holdings (including Navios Logistics) outstanding as of June 30, 2011, based on the repayment schedules of the respective loan facilities (as described above) and the outstanding amount due under the debt securities.

NOTE 8: DERIVATIVES AND FAIR VALUE OF FINANCIAL INSTRUMENTS

Warrants

The Company accounts for the Navios Acquisition warrants, which were obtained in connection with its investment in Navios Acquisition, in accordance with the guidance for accounting for derivative instruments and hedging activities. In accordance with the applicable accounting guidance, the Company before acquiring control over Navios Acquisition, recorded the Navios Acquisition warrants in the consolidated balance sheets under “Long-term derivative assets” at fair value, with changes in fair value recorded in “Gain/(loss) on derivatives” in the consolidated statements of income.

Prior to the consolidation of Navios Acquisition, Navios Holdings valued the Navios Acquisition warrants at fair value amounting to \$14,069 (fair value of \$9,120 in respect of 7,600,000 Private Placement warrants at \$1.20 per warrant and fair value of \$4,949 in respect of 6,035,000 sponsor warrants at \$0.82 per warrant), and changes in fair value were recorded in “Gain/(loss) on derivatives” in the consolidated statements of income amounting to \$5,888. All warrants have been exercised pursuant to the Navios Acquisition Warrant Exercise Program (see Note 11).

During the three and six month period ended June 30, 2010, the changes in net unrealized holding gains on warrants amounted to \$5,888.

Upon obtaining control of Navios Acquisition, the investment in shares of common stock and the investment in warrants were remeasured to fair value resulting in a gain of \$17,742 recorded in the statements of income under “Gain/(loss) on change in control” and noncontrolling interest was recognized at fair value, being the number of shares not controlled by the Company at the public share price as of May 28, 2010 of \$6.56, amounting to \$60,556.

Interest rate risk

The Company from time to time enters into interest rate swap contracts as economic hedges to its exposure to variability in its floating rate long-term debt. Under the terms of the interest rate swaps, the Company and the bank agreed to exchange at specified intervals, the difference between paying fixed rate and floating rate interest calculated by reference to the agreed principal amounts and maturities. Interest rate swaps allow the Company to convert long-term borrowings issued at floating rates into equivalent fixed rates. Even though the interest rate swaps were entered into for economic hedging purposes, the derivatives described below do not qualify for accounting purposes as cash flow hedges under the related accounting guidance, as the Company does not have currently written contemporaneous documentation identifying the risk being hedged and both on a prospective and retrospective basis, performed an effective test supporting that the hedging relationship is highly effective. Consequently, the Company recognizes the change in fair value of these derivatives in the statements of income.

For the six month periods ended June 30, 2011, and 2010, the realized loss on interest rate swaps was \$0 and \$716, respectively. As of June 30, 2011 and December 31, 2010, the outstanding net liability was \$0. The movement in the unrealized gain/(loss) for the three month periods ended June 30, 2011 and 2010, was \$0 and \$436, respectively, and for the six month periods ended June 30, 2011 and 2010 was \$0 and \$674, respectively.

There are no swap agreements as of June 30, 2011, as all swap agreements expired during 2010.

NAVIOS MARITIME HOLDINGS INC.
UNAUDITED CONDENSED NOTES TO THE
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

Forward Freight Agreements (FFAs)

The Company trades in the FFAs market with both an objective to utilize them as economic hedging instruments that are highly effective in reducing the risk on specific vessel(s), freight commitments, or the overall fleet or operations, and to take advantage of short-term fluctuations in the market prices. FFAs trading generally have not qualified as hedges for accounting purposes, except as discussed below.

Drybulk shipping FFAs generally have the following characteristics: they cover periods from one month to one year; they can be based on time charter rates or freight rates on specific quoted routes; they are executed between two parties and give rise to a certain degree of credit risk depending on the counterparties involved and they are settled monthly based on publicly quoted indices.

For FFAs that qualify for hedge accounting the changes in fair values of the effective portion representing unrealized gain or losses are recorded under “Accumulated Other Comprehensive Income” in stockholders’ equity while the unrealized gains or losses of the FFAs not qualifying for hedge accounting, together with the ineffective portion of those qualifying for hedge accounting, are recorded in the statements of income under “Gain/(loss) on derivatives”. The gains included in “Accumulated Other Comprehensive Income” are being reclassified to earnings under “Revenue” in the statements of income in the same period or periods during which the hedged forecasted transaction affects earnings. There were no amounts during the periods ended June 30, 2011 and 2010, which have been included in “Accumulated Other Comprehensive Income” and reclassified to earnings.

At June 30, 2011 and December 31, 2010, none of the “mark to market” positions of the open dry bulk FFA contract, qualified for hedge accounting treatment. Dry bulk FFAs traded by the Company that do not qualify for hedge accounting are shown at fair value through the statement of operations.

The net gains/(losses) from FFAs recorded in the statement of income amounted to \$303 and \$62, for the three month periods ended June 30, 2011 and 2010, respectively, and \$(82) and \$(1,804) for the six month periods ended June 30, 2011 and 2010, respectively.

During each of the three month periods ended June 30, 2011 and 2010, the changes in net unrealized gains/(losses) on FFAs amounted to \$533 and \$(4,391), respectively, and for the six month periods ended June 30, 2011 and 2010, the changes in net unrealized gains/(losses) on FFAs amounted to \$270 and \$(10,159), respectively.

The open drybulk shipping FFAs at net contracted (strike) rate after consideration of the fair value settlement rates is summarized as follows:

	June 30, 2011	December 31, 2010

Fair Value of Financial Instruments

The following methods and assumptions were used to estimate the fair value of each class of financial instrument:

Cash and cash equivalents: The carrying amounts reported in the consolidated balance sheets for interest bearing deposits approximate their fair value because of the short maturity of these investments.

Restricted Cash: The carrying amounts reported in the consolidated balance sheets for interest bearing deposits approximate their fair value because of the short maturity of these investments.

Forward Contracts: The estimated fair value of forward contracts and other assets was determined based on quoted market prices.

Borrowings: The carrying amounts of the floating rate loans approximates their fair value. The senior and ship mortgage notes are fixed rate borrowings and their fair value, which was determined based on quoted market prices, is indicated in the table below.

Accounts receivable: Carrying amounts are considered to approximate fair value due to the short-term nature of these accounts receivables and because there were no significant changes in interest rates. All amounts that are assumed to be uncollectible are written off and/or reserved.

Accounts payable: The carrying amounts of accounts payable reported in the balance sheet approximates their fair value due to the short-term nature of these accounts payable and because there were no significant changes in interest rates.

Investment in available for sale securities: The carrying amount of the investment in available-for-sale securities reported in the balance sheet represents unrealized gains and losses on these securities, which are reflected directly in equity unless an unrealized loss is considered “other-than-temporary”, in which case it is transferred to the statements of income.

Forward freight agreements: The fair value of forward freight agreements is the estimated amount that the Company would receive or pay to terminate the agreement at the reporting date by obtaining quotes from brokers or exchanges.

The estimated fair values of the Company’s financial instruments are as follows:

	June 30, 2011		December 31, 2010	
	Book Value	Fair Value	Book Value	Fair Value
Cash and cash equivalent	\$ 342,354	\$ 342,354	\$ 207,410	\$ 207,410

Total	\$ 245	\$ 245	\$ —	\$ —

The Company's FFAs are valued based on published quoted market prices. Investments in available for sale securities are valued based on published quoted market prices. Where possible, the Company verifies the values produced by its pricing models to market prices. Valuation models require a variety of inputs, including contractual terms, market prices, yield curves, credit spreads, measures of volatility, and correlations of such inputs. The Company's derivatives trade in liquid markets, and as such, model inputs can generally be verified and do not involve significant management judgment. Such instruments are typically classified within Level 1 of the fair value hierarchy.

NOTE 9: PREFERRED AND COMMON STOCK

In November 2008, the Board of Directors approved a share repurchase program for up to \$25,000 of Navios Holdings' common stock. Share repurchases were made pursuant to a program adopted under Rule 10b5-1 under the Exchange Act. The program did not require any minimum purchase or any specific number or amount of shares and may be suspended or reinstated at any time in Navios Holdings' discretion and without notice. Repurchases are subject to restrictions under the terms of the Company's credit facilities and indentures. There were no shares repurchased during the six month period ended June 30, 2011 and during the year ended December 31, 2010.

Issuances to Employees and Exercise of Options

On June 2, 2010, July 1, 2010 and September 9, 2010, 86,328, 15,000 and 29,249 shares, respectively, were issued following the exercise of the options for cash at an exercise price of \$3.18 per share.

On December 16, 2010, pursuant to the stock plan approved by the Company's Board of Directors, the Company issued to its employees 537,310 shares of restricted common stock, 30,500 restricted stock units and 954,842 stock options.

On March 1, March 2, March 7, 2011 and June 23, 2011, 18,281, 29,250, 68,047 and 15,000 shares, respectively, were issued following the exercise of the options for cash at an exercise price of \$3.18 per share.

Vested, Surrendered and Forfeited

During 2010, 30,333 restricted stock units, which were issued to the Company's employees in 2009 and 2008, have vested.

During 2010, 3,550 restricted shares of common stock were forfeited upon termination of employment and 5,103 were surrendered.

During the six month period ended June 30, 2011, 8,001 restricted shares of common stock were forfeited upon termination of employment.

Issuances for Construction or Purchase of Vessels

On January 20, 2010 and on January 27, 2010, Navios Holdings issued 1,780 shares of preferred stock (fair value \$10,550) and 300 shares of preferred stock (fair value \$1,651) at \$10.0 nominal value per share to partially finance the acquisition of the Navios Antares and the construction of the Navios Azimuth, respectively. These vessels were delivered to Navios Holdings on January 1, 2010 and February 14, 2011, respectively.

On July 31, 2010 and on August 31, 2010, Navios Holdings issued 2,500 shares of preferred stock (fair value \$12,421) and 1,870 shares of preferred stock (fair value \$9,093) at \$10.0 nominal value per share to partially finance the acquisition of the Navios Melodia and Navios Fulvia, respectively. The Navios Melodia and Navios Fulvia were delivered to Navios Holdings on September 20, 2010 and October 1, 2010, respectively.

On October 29, 2010 and November 17, 2010, Navios Holdings issued 2,500 shares of preferred stock (fair value \$13,120) and 980 shares of preferred stock (fair value \$4,710), respectively, at \$10.0 nominal value per share to partially finance the construction of the Navios Buena Ventura and the Navios Luz.

On December 3, 2010 and December 17, 2010, Navios Holdings issued 980 shares of preferred stock (fair value \$4,705) and 2,500 shares of preferred stock (fair value \$11,402), respectively, at \$10.0 nominal value per share to partially finance the construction of the Navios Etoile and the Navios Bonheur.

All of the above mentioned shares of 2% Mandatorily Convertible Preferred Stock ("Preferred Stock") were recorded at fair market value on issuance. The fair market value was determined using a binomial valuation model. The model used takes into account the credit spread of the Company, the volatility of its stock, as well as the price of its stock at the issuance date. Each preferred share has a par value of \$0.0001. Each holder of Preferred Stock is entitled to receive an annual dividend equal to 2% on the nominal value of the Preferred Stock after approval by the Board of Directors, payable quarterly, until such time as the Preferred Stock converts into common stock. Five years after the issuance date, all Preferred Stock shall automatically convert into shares of common stock at a conversion price equal to \$10.00 per preferred share. At any time following the third anniversary from their issuance date, if the closing price of the common stock has been at least \$20.00 per share for 10 consecutive business days, the remaining balance of the then-outstanding preferred shares shall automatically convert at a conversion price equal to \$14.00 per share of common stock. The holders of Preferred Stock are entitled, at their option, at any time following their issuance date and prior to their final conversion date, to convert all or any such then-outstanding preferred shares into common stock at a conversion price equal to \$14.00 per preferred share.

NAVIOS MARITIME HOLDINGS INC.
UNAUDITED CONDENSED NOTES TO THE
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

Buyback of \$131,320 2% Preferred Stock

On December 27, 2010, Navios Holdings repurchased \$131,320 (or 13,132 shares) of certain shares of Preferred Stock previously issued in connection with the acquisition of Capesize vessels for a cash consideration of \$49,245, reflecting a 62.5% discount to the face amount (or nominal value).

Following the issuances and cancellations of the shares, described above, Navios Holdings had as of June 30, 2011, 101,686,343 shares of common stock and 8,479 shares of Preferred Stock outstanding.

NOTE 10: COMMITMENTS AND CONTINGENCIES

As of June 30, 2011, the Company was contingently liable for letters of guarantee and letters of credit amounting to \$490 (December 31, 2010: \$1,098) issued by various banks in favor of various organizations and the total amount was collateralized by cash deposits, which were included as a component of restricted cash.

The Company is involved in various disputes and arbitration proceedings arising in the ordinary course of business. Provisions have been recognized in the financial statements for all such proceedings where the Company believes that a liability may be probable, and for which the amounts are reasonably estimable, based upon facts known at the date the financial statements were issued. In the opinion of management, the ultimate disposition of these matters is immaterial and will not adversely affect the Company's financial position, results of operations or liquidity.

As of June 30, 2011, the Company's subsidiaries in South America were contingently liable for various claims and penalties to the local tax authorities amounting to \$5,051 (\$4,674 as of December 31, 2010). The respective provision for such contingencies was included in "Other long-term liabilities and deferred income". According to the acquisition agreement (see Note 1), if the Company becomes obligated to pay such amounts, the amounts involved will be reimbursed by the previous shareholders, and, as such, the Company has recognized a respective receivable (included in "Other long-term assets") against such liability, since the management considers collection of the receivable to be probable. The contingencies are expected to be resolved in the next four years. In the opinion of management, the ultimate disposition of these matters will not adversely affect the Company's financial position, results of operations or liquidity.

On August 19, 2009, Navios Logistics issued a guarantee and indemnity letter that guarantees the fulfillment by Petrolera San Antonio S.A. ("Petrosan") of all its obligations to Vitol S.A. ("Vitol") up to \$4,000. On May 6, 2011, the guarantee amount was increased to \$10,000. In addition, Petrosan agreed to pay Vitol immediately upon demand, any and all sums up to the referred limit, plus interest and costs, in relation to sales of gas oil under certain contracts between Vitol and Petrosan. This guarantee expired on August 18, 2011.

On July 19, 2011 and in consideration of Gunvor S.A. entering into sales of oil or petroleum products with Petrosan, Navios Logistics has undertaken to pay to Gunvor S.A. on first demand any obligations arising directly from the non-fulfillment of said contracts. Guarantee shall not exceed \$1,500 and shall remain in full force and effect until December 31, 2011.

The Company, in the normal course of business, entered into contracts to time charter-in vessels for various periods through June 2023.

As of June 30, 2011, the Company's future minimum commitments, net of commissions under chartered-in vessels, barges and pushboats were as follows:

	Amounts in thousands of U.S. Dollars
June 30, 2012	\$ 108,380
June 30, 2013	103,797
June 30, 2014	111,148
June 30, 2015	108,502
June 30, 2016	101,193
June 30, 2017 and thereafter	<u>506,252</u>

(Expressed in thousands of U.S. dollars — except share data)

NOTE 11: TRANSACTIONS WITH RELATED PARTIES

Office rent: On January 2, 2006, Navios Corporation and Navios ShipManagement Inc., two wholly owned subsidiaries of Navios Holdings, entered into two lease agreements with Goldland Ktimatiki-Ikodomiki-Touristiki and Xenodohiaki Anonimos Eteria, both of which are Greek corporations that are currently majority owned by Angeliki Frangou, Navios Holdings' Chairman and Chief Executive Officer. The lease agreements provide for the leasing of two facilities located in Piraeus, Greece, of approximately 2,034.3 square meters to house the operations of most of the Company's subsidiaries. The total annual lease payments are €473 (approximately \$681) and the lease agreements expire in 2017. These payments are subject to annual adjustments starting from the third year, which are based on the inflation rate prevailing in Greece as reported by the Greek State at the end of each year.

On October 31, 2007, Navios ShipManagement Inc. entered into a lease agreement with Emerald Ktimatiki-Ikodomiki-Touristiki and Xenodohiaki Anonimos Eteria, both of which are Greek corporations that are currently majority owned by Angeliki Frangou, Navios Holdings' Chairman and Chief Executive Officer. The lease agreement initially provided for the leasing of one facility in Piraeus, Greece, of approximately 1,376.5 square meters to house part of the operations of the Company. On October 29, 2010, the existing lease agreement was amended and Navios ShipManagement Inc. leases 253.75 less square meters. The total annual lease payments are €370 (approximately \$532) and the lease agreement expires in 2019. These payments are subject to annual adjustments starting from the third year, which are based on the inflation rate prevailing in Greece as reported by the Greek State at the end of each year.

On October 29, 2010, Navios Tankers Management Inc. entered into a lease agreement with Emerald Ktimatiki-Ikodomiki-Touristiki and Xenodohiaki Anonimos Eteria, both of which are Greek corporations that are currently majority owned by Angeliki Frangou, Navios Holdings' Chairman and Chief Executive Officer. The lease agreement provides for the leasing of one facility in Piraeus, Greece, of approximately 253.75 square meters to house part of the operations of the Company. The total annual lease payments are €79 (approximately \$114) and the lease agreement expires in 2019. These payments are subject to annual adjustments starting from the third year, which are based on the inflation rate prevailing in Greece as reported by the Greek State at the end of each year.

Purchase of services: The Company utilizes Acropolis Chartering and Shipping Inc. ("Acropolis"), a brokerage firm for freight and shipping charters, as a broker. Navios Holdings has a 50% interest in Acropolis. Although Navios Holdings owns 50% of Acropolis' stock, Navios Holdings has agreed with the other shareholder that the earnings and amounts declared by way of dividends will be allocated 35% to the Company with the balance to the other shareholder. Commissions paid to Acropolis for each of the three month periods ended June 30, 2011 and 2010 were \$17 and \$0, respectively, and for the six months periods ended June 30, 2011 and 2010, were \$17 and \$56, respectively. During the six month period ended June 30, 2011 and 2010, the Company received dividends of \$0 and \$616, respectively and during the three month period ended June 30, 2011 and 2010, the Company received no dividends. Included in the trade accounts payable at June 30, 2011 and December 31, 2010 was an amount of \$120 and \$121, respectively, which was due to Acropolis.

Management fees: Pursuant to a management agreement dated November 16, 2007, Navios Holdings provides commercial and technical management services to Navios Partners' vessels for a daily fixed fee of \$4 per owned Panamax vessel and \$5 per owned Capesize vessel. This daily fee covers all of the vessels' operating expenses, including the cost of drydock and special surveys. The daily initial term of the agreement is five years commencing from November 16, 2007. Total management fees for the three month periods ended June 30, 2011 and 2010 amounted to \$6,466 and \$4,836, respectively and for the six month periods ended June 30, 2011 and 2010, amounted to \$12,514 and \$8,894, respectively. In October 2009, the fixed fee period was extended for two years and the daily fees were amended to \$4.5 per owned Ultra Handymax vessel, \$4.4 per owned Panamax vessel and \$5.5 per owned Capesize vessel.

Pursuant to a management agreement dated May 28, 2010, as amended on September 10, 2010, for five years from the closing of Navios Acquisition's initial vessel acquisition. Navios Holdings provides commercial and technical management services to Navios Acquisition's vessels for a daily fee of \$6 per owned MR2 product tanker and chemical tanker vessel and \$7 per owned LR1 product tanker vessel and \$10 per owned VLCC vessel, for the first two years with the fixed daily fees adjusted for the remainder of the term based on then-current market fees. This daily fee covers all of the vessels' operating expenses, other than certain extraordinary fees and costs. During the remaining three years of the term of the Management Agreement, Navios Acquisition expects that it will reimburse Navios Holdings for all of the actual operating costs and expenses it incurs in connection with the management of its fleet. Actual operating costs and expenses will be determined in a manner consistent with how the initial \$6 and \$7 fixed fees were determined. Drydocking expenses will be fixed under this agreement for up to \$300 per vessel and will be reimbursed at cost for VLCC vessels. Total management fees for the three month periods ended June 30, 2011 and 2010 amounted to \$8,056 and \$14, respectively, and for the six month period ended June 30, 2011 and 2010, amounted to \$15,640 and \$14, respectively. The management fees have been eliminated upon consolidation of Navios Acquisition through March 30, 2011.

UNAUDITED CONDENSED NOTES TO THE
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

General & administrative expenses: Pursuant to the administrative services agreement dated November 16, 2007, Navios Holdings provides administrative services to Navios Partners which include: bookkeeping, audit and accounting services, legal and insurance services, administrative and clerical services, banking and financial services, advisory services, client and investor relations and other services. Navios Holdings is reimbursed for reasonable costs and expenses incurred in connection with the provision of these services. Total general and administrative fees charged for the three month periods ended June 30, 2011 and 2010 amounted to \$847 and \$699, respectively, and for the six month periods ended June 30, 2011 and 2010 amounted to \$1,647 and \$1,302, respectively.

On May 28, 2010, Navios Acquisition entered into an administrative services agreement, expiring May 28, 2015, with Navios Holdings, pursuant to which Navios Holdings provides office space and certain administrative management services to Navios Acquisition which include: bookkeeping, audit and accounting services, legal and insurance services, administrative and clerical services, banking and financial services, advisory services, client and investor relations and other. Navios Holdings is reimbursed for reasonable costs and expenses incurred in connection with the provision of these services. Total general and administrative fees charged for the three month periods ended June 30, 2011 and 2010 amounted to \$338 and \$49, respectively, and for the six month periods ended June 30, 2011 and 2010 amounted to \$654 and \$49, respectively.

On April 12, 2011, Navios Holdings entered into an administrative services agreement with Navios Logistics for a term of five years, pursuant to which Navios Holdings provides certain administrative management services to Navios Logistics. Such services include bookkeeping, audit and accounting services, legal and insurance services, administrative and clerical services, banking and financial services, advisory services, client and investor relations and other. Navios Holdings is reimbursed for reasonable costs and expenses incurred in connection with the provision of these services. Total general and administrative fees charged for the three month periods ended June 30, 2011 and 2010 amounted to \$125 and \$0, respectively, and for the six month periods ended June 30, 2011 and 2010 amounted to \$125 and \$0, respectively.

Balance due from affiliate: Balance due from affiliate as of June 30, 2011 amounted to \$30,208 (December 31, 2010: \$2,603) which includes the current amounts due from Navios Partners and Navios Acquisition, which are \$6,418 and \$23,818, respectively. The balances mainly consist of management fees, administrative fees and other expenses.

Omnibus agreements: Navios Holdings entered into an omnibus agreement with Navios Partners (the “Partners Omnibus Agreement”) in connection with the closing of Navios Partners’ IPO governing, among other things, when Navios Holdings and Navios Partners may compete against each other as well as rights of first offer on certain drybulk carriers. Pursuant to the Partners Omnibus Agreement, Navios Partners generally agreed not to acquire or own Panamax or Capesize drybulk carriers under time charters of three or more years without the consent of an independent committee of Navios Partners. In addition, Navios Holdings agreed to offer to Navios Partners the opportunity to purchase vessels from Navios Holdings when such vessels are fixed under time charters of three or more years. The Partners Omnibus Agreement was amended in June 2009 to release Navios Holdings for two years from restrictions on acquiring Capesize and Panamax vessels from third parties.

Navios Acquisition entered into an omnibus agreement (the “Acquisition Omnibus Agreement”) with Navios Holdings and Navios Partners in connection with the closing of Navios Acquisition’s initial vessel acquisition pursuant to which, among other things, Navios Holdings and Navios Partners agreed not to acquire, charter-in or own liquid shipment vessels, except for container vessels and vessels that are primarily employed in operations in South America without the consent of an independent committee of Navios Acquisition. In addition, Navios Acquisition, under the Acquisition Omnibus Agreement, agreed to cause its subsidiaries not to acquire, own, operate or charter drybulk carriers subject to specific exceptions. Under the Acquisition Omnibus Agreement, Navios Acquisition and its subsidiaries granted to Navios Holdings and Navios Partners a right of first offer on any proposed sale, transfer or other disposition of any of its drybulk carriers and related charters owned or acquired by Navios Acquisition. Likewise, Navios Holdings and Navios Partners agreed to grant a similar right of first offer to Navios Acquisition for any liquid shipment vessels it might own. These rights of first offer will not apply to a (a) sale, transfer or other disposition of vessels between any affiliated subsidiaries, or pursuant to the terms of any charter or other agreement with a counterparty, or (b) merger with or into, or sale of substantially all of the assets to, an unaffiliated third party.

NAVIOS MARITIME HOLDINGS INC.
UNAUDITED CONDENSED NOTES TO THE
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

Sale of Vessels and Sale of Rights to Navios Partners: Upon the sale of vessels to Navios Partners, Navios Holdings recognizes the gain immediately in earnings only to the extent of the interest in Navios Partners owned by third parties and defers recognition of the gain to the extent of its own ownership interest in Navios Partners (the “deferred gain”). Subsequently, the deferred gain is amortized to income over the remaining useful life of the vessel. The recognition of the deferred gain is accelerated in the event that (i) the vessel is subsequently sold or otherwise disposed of by Navios Partners or (ii) the Company’s ownership interest in Navios Partners is reduced. In connection with the public offerings of common units by Navios Partners, a pro rata portion of the deferred gain is released to income upon dilution of the Company’s ownership interest in Navios Partners. As of June 30, 2011 and December 31, 2010, the unamortized deferred gain for all vessels and rights sold totaled \$46,492 and \$38,599, respectively, and for the three months ended June 30, 2011 and 2010, Navios Holdings recognized \$4,344 and \$4,124, respectively, of the deferred gain in “Equity in net earnings of affiliated companies”. For the six months ended June 30, 2011 and 2010, Navios Holdings recognized \$6,535 and \$10,919, respectively, of the deferred gain in “Equity in net earnings of affiliated companies”.

Purchase of Shares in Navios Acquisition: During 2010, Navios Holdings purchased 6,337,551 shares of Navios Acquisition’s common stock for \$63,230 in open market purchases. Moreover, on May 28, 2010, certain shareholders of Navios Acquisition redeemed 10,021,399 shares pursuant to redemption rights granted in Navios Acquisition’s IPO upon de-“SPAC”-ing. As of May 28, 2010, following these transactions, Navios Holdings owned 12,372,551 shares, or 57.3%, of the outstanding common stock of Navios Acquisition. At that date, Navios Holdings acquired control over Navios Acquisition, consequently concluded a business combination had occurred and consolidated the results of Navios Acquisition from that date onwards. As a result of gaining control, Navios Holdings recognized the effect of \$17,742, which represents the fair value of the shares that exceed the carrying value of the Company’s ownership of 12,372,551 shares of Navios Acquisition’s common stock, in the statements of income under “Gain/(loss) on change in control”. On November 19, 2010, following Navios Acquisition public offering of 6,500,000 shares of common stock at \$5.50 per share, Navios Holdings’ interest in Navios Acquisition decreased to 53.7%.

Pursuant to the Exchange Agreement signed on March 30, 2011, Navios Holdings completed the Navios Acquisition Share Exchange, whereby Navios Holdings exchanged 7,676,000 shares of Navios Acquisition’s common stock it held for 1,000 non-voting Series C Convertible Preferred Stock of Navios Acquisition.

As of March 30, 2011, following this transaction, Navios Holdings owned 18,331,551 shares or 45% of the outstanding voting stock of Navios Acquisition (see Note 1, 3). As a result, from March 30, 2011, Navios Acquisition is considered as an affiliate entity of Navios Holdings and is not a controlled subsidiary of the Company, and the investment in Navios Acquisition is now accounted for under the equity method due to the Company’s significant influence over Navios Acquisition. From March 30, 2011, Navios Acquisition is being accounted for under the equity method based on Navios Holdings’ 53.7% economic interest since the preferred stock is considered in substance common stock for accounting purposes.

Acquisition of Eleven Product Tanker and Two Chemical Tanker Vessels: On April 8, 2010, pursuant to the terms and conditions of the Acquisition Agreement by and between Navios Acquisition and Navios Holdings, Navios Acquisition agreed to acquire 13 vessels (11 product tankers and two chemical tankers) plus options to purchase two additional product tankers, for an aggregate purchase price of \$457,659 (see Note 3).

Navios Acquisition Warrant Exercise Program: On September 2, 2010, Navios Acquisition announced the successful completion of its warrant program (the “Warrant Exercise Program”). Under the Warrant Exercise Program, holders of publicly traded warrants (“Public Warrants”) had the opportunity to exercise the Public Warrants on enhanced terms through August 27, 2010. Navios Holdings exercised 13,635,000 private warrants for a total \$77,037 in cash. Navios Holdings currently holds no warrants of Navios Acquisition.

The Navios Holdings Credit Facility: In connection with the VLCC Acquisition, Navios Acquisition entered into a \$40,000 credit facility with Navios Holdings. The \$40,000 facility has a margin of LIBOR plus 300 bps and a term of 18 months, maturing on April 1, 2012. Following the issuance of the notes in October 2010 and during the first half of 2011, Navios Acquisition prepaid \$33,609 of this facility. Pursuant to an amendment in October 2010, the facility will be available for multiple drawings up to a limit of \$40,000. As of June 30, 2011, the outstanding amount under this facility was \$6,391.

CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

NOTE 12: SEGMENT INFORMATION

The Company has three reportable segments from which it derives its revenues: Drybulk Vessel Operations, Tanker Vessel Operations and Logistics Business. The reportable segments reflect the internal organization of the Company and are strategic businesses that offer different products and services. Starting in 2008, following the acquisition of Horamar and the formation of Navios Logistics, the Company renamed its Port Terminal Segment as its Logistics Business Segment to include the activities of Horamar, which provides similar products and services in the region that Navios Holdings' existing port facility currently, operates. The Drybulk Vessel Operations business consists of transportation and handling of bulk cargoes through ownership, operation, and trading of vessels, freight, and FFAs. The Logistics Business Segment consists of our port terminal business, barge business and cabotage business in the Hidrovia region of South America. Following the formation of Navios Acquisition and its consolidation with Navios Holdings from May 25, 2010, the Company included an additional reportable segment, the Tanker Vessel Operations business, which consisted of transportation and handling of liquid cargoes through ownership, operation, and trading of tanker vessels.

The Company measures segment performance based on net income. Inter-segment sales and transfers are not significant and have been eliminated and are not included in the following tables. Summarized financial information concerning each of the Company's reportable segments is as follows:

	Drybulk Vessel Operations		Logistics Business		Tanker Vessel Operations		Total

(Expressed in thousands of U.S. dollars — except share data)

The denominator of diluted earnings per share excludes the weighted average stock options outstanding since the effect is anti-dilutive.

NOTE 14: INVESTMENT IN AFFILIATES

Navios Maritime Partners L.P.

On August 7, 2007, Navios Holdings formed Navios Partners under the laws of Marshall Islands. Navios GP L.L.C. (the “General Partner”), a wholly owned subsidiary of Navios Holdings, was also formed on that date to act as the general partner of Navios Partners and received a 2% general partner interest.

On June 9, 2009, Navios Holdings relieved Navios Partners from its obligation to purchase the Capesize vessel Navios Bonavis for \$130,000 and, with the delivery of the Navios Bonavis to Navios Holdings, Navios Partners was granted a 12-month option to purchase the vessel for \$125,000. In return, Navios Partners issued to Navios Holdings 1,000,000 subordinated Series A units. The 1,000,000 subordinated Series A units are included in “Investments in affiliates”. At issuance, the Company calculated the fair value of the 1,000,000 subordinated Series A units by adjusting the publicly-quoted price for Navios Partners’ common units on the transaction date to reflect the differences between the common and subordinated Series A units of Navios Partners. Principal among these differences is the fact that the subordinated Series A units are not entitled to dividends prior to their automatic conversion to common units on the third anniversary of their issuance. Accordingly, the present value of the expected dividends during that three-year period (discounted at a rate that reflects Navios Partners’ estimated weighted average cost of capital) was deducted from the publicly-quoted price for Navios Partners’ common units in arriving at the estimated fair value of the subordinated Series A units of \$6.08/unit or \$6,082 for the 1,000,000 units received, which was recognized in Navios Holdings results as a non-cash compensation income. In addition, Navios Holdings was released from the omnibus agreement restrictions for two years in connection with acquiring vessels from third parties (but not from the requirement to offer to sell to Navios Partners qualifying vessels in Navios Holdings’ existing fleet). The investment in subordinated series A units is accounted for under the cost method.

Navios Partners is engaged in the seaborne transportation services of a wide range of drybulk commodities including iron ore, coal, grain and fertilizer, chartering its vessels under medium to long-term charters. The operations of Navios Partners are managed by Navios Shipmanagement Inc. (the “Manager”), from its offices in Piraeus, Greece.

As of June 30, 2011 and December 31, 2010, the carrying amount of the investment in Navios Partners (subordinated units and general partner units) accounted for under the equity method was \$10,714 and \$12,218, respectively. The 3,131,415 common units from the sale of the Navios Hope on July 1, 2008, the 1,174,219 common units received from the sale of the Navios Aurora II on March 18, 2010, 788,370 common units from the sale of both the Navios Fulvia and the Navios Melodia on November 15, 2010, and 507,916 common units from the sale of both the Navios Luz and the Navios Orbiter on May 19, 2011, to Navios Partners were accounted for under investment in available for sale securities. As of June 30, 2011 and December 31, 2010, the carrying amount of the investment in available-for-sale common units was \$102,963 and \$99,078, respectively.

Dividends received during the three month periods ended June 30, 2011 and 2010 were \$6,187 and \$5,401, respectively, and for the six month periods ended June 30, 2011 and 2010 were \$12,313 and \$10,162, respectively.

Acropolis Chartering and Shipping Inc.

Navios Holdings has a 50% interest in Acropolis, a brokerage firm for freight and shipping charters. Although Navios Holdings owns 50% of Acropolis’ stock, Navios Holdings agreed with the other shareholder that the earnings and amounts declared by way of dividends will be allocated 35% to the Company with the balance to the other shareholder. As of June 30, 2011 and December 31, 2010, the carrying amount of the investment was \$637 and \$385, respectively. During the three month periods ended June 30, 2011 and 2010, the Company received no dividends, and during the six month period ended June 30, 2011 and 2010, the Company received \$0 and \$616, respectively.

Navios Maritime Acquisition Corporation

On July 1, 2008, the Company completed the IPO of units in its noncontrolled subsidiary, Navios Acquisition. At the time of the IPO, Navios Acquisition was a blank check company. In the offering, Navios Acquisition sold 25,300,000 units for an aggregate purchase price of \$253,000. Each unit consisted of one share of Navios Acquisition’s common stock and one Sponsor Warrant. Navios Acquisition at the time was not a controlled subsidiary of the Company but was accounted for under the equity method due to the Company’s significant influence over Navios Acquisition.

NAVIOS MARITIME HOLDINGS INC.
UNAUDITED CONDENSED NOTES TO THE
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

On May 28, 2010, certain stockholders of Navios Acquisition redeemed their shares pursuant to redemption rights granted in the IPO upon de-“SPAC”-ing, and Navios Holdings’ ownership of Navios Acquisition increased to 57.3%. At that point, Navios Holdings obtained control over Navios Acquisition and, consequently, concluded that a business combination had occurred and has consolidated the results of Navios Acquisition from that date onwards (see Note 1, 3) until March 30, 2011.

Navios Holdings exchanged 7,676,000 shares of Navios Acquisition common stock it held for 1,000 shares of non-voting Series C preferred stock of Navios Acquisition pursuant to an Exchange Agreement entered into on March 30, 2011 between Navios Acquisition and Navios Holdings. The fair value of the exchange was \$30,474. Following the Navios Acquisition Share Exchange, Navios Holdings has 45% of the voting power and 53.7% of the economic interest in Navios Acquisition. As a result, from March 30, 2011, Navios Acquisition is considered as an affiliate entity of Navios Holdings and is not a controlled subsidiary of the Company, and the investment in Navios Acquisition is now accounted for under the equity method due to the Company’s significant influence over Navios Acquisition. From March 30, 2011, Navios Acquisition is being accounted for under the equity method based on Navios Holdings’ 53.7% economic interest since the preferred stock is considered in substance common stock for accounting purposes.

Dividends received during the three month periods ended June 30, 2011 and 2010 were \$1,300 and \$0, respectively, and for the six month periods ended June 30, 2011 and 2010 were \$2,601 and \$0, respectively.

NOTE 15: OTHER FINANCIAL INFORMATION

The Company’s 8.125% senior notes issued on January 28, 2011 are fully and unconditionally guaranteed on a joint and several basis by all of the Company’s subsidiaries with the exception of NMF, Navios Maritime Finance (US) Inc., Navios Acquisition and its subsidiaries and Navios Logistics and its subsidiaries for the periods prior to the formation of Navios Logistics and designated as unrestricted subsidiaries or those not required by the indenture (see Note 7). All subsidiaries, except for the non-guarantor subsidiaries of Navios Logistics, are 100% owned. In addition, Navios Acquisition is not a subsidiary. Following the Navios Acquisition Share Exchange, Navios Holdings has 45% of the voting power and 53.7% of the economic interest in Navios Acquisition.

NAVIOS MARITIME HOLDINGS INC.
UNAUDITED CONDENSED NOTES TO THE
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

As a result, from March 30, 2011, Navios Acquisition is considered an affiliate entity and is not a controlled subsidiary of the Company, and the investment in Navios Acquisition is accounted for under the equity method due to Navios Holdings' significant influence over Navios Acquisition. Navios Acquisition will be accounted for under the equity method based on Navios Holdings' 53.7% economic interest since the preferred stock is considered in substance common stock for accounting purposes. These condensed consolidating statements of Navios Holdings, the guarantor subsidiaries and the non-guarantor subsidiaries have been prepared in accordance on an equity basis as permitted by U.S. GAAP.

NOTE 16: SUBSEQUENT EVENTS

- (a) On July 25, 2011, Navios Logistics acquired the noncontrolling interests of its joint ventures Thalassa Energy S.A., HS Tankers Inc., HS Navigation Inc., HS Shipping Ltd. Inc. and HS South Inc., in accordance with the terms of certain stock purchase agreements with HS Energy Ltd., an affiliate of Vitol S.A. Navios Logistics paid a total consideration of \$8,500 for such noncontrolling interests, and simultaneously paid \$53,155 in full and final settlement of all amounts of indebtedness of such joint ventures under certain loan agreements.
- (b) On August 10, 2011, Navios Holdings received an amount of \$6,664 as a dividend distribution from its affiliate, Navios Partners.
- (c) On August 18, 2011, the Board of Directors declared a quarterly cash dividend in respect of the second quarter of 2011 of \$0.06 per common share payable on October 6, 2011 to stockholders of record as of September 22, 2011.
- (d) On August 19, 2011, Navios Holdings entered into a facility agreement with Emporiki Bank of Greece for an amount up to \$23,000 in order to partially finance the construction of a newbuilding bulk carrier (see Note 5). The facility is repayable in 20 semi-annual installments of \$750 after the drawdown date, with a final balloon payment of \$8,000 on the last payment date. The interest rate of the facility is based on a margin of 275 bps. The facility also requires compliance with certain financial covenants.
- (e) On various dates on or prior to August 22, 2011, Navios Logistics used a portion of the proceeds from the Logistics Senior Notes offering to pay \$3,300 for the remaining portion of the acquisition price of the floating drydock facility and \$9,647 for the acquisition of 31 dry barges, and \$5,728 for transportation and other related costs.

Operating and Financial Review and Prospects

The following is a discussion of the financial condition and results of operations of Navios South American Logistics Inc. (“Navios Logistics” or the “Company”) for each of the three and six month periods ended June 30, 2011 and 2010. All of these financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America (“U.S. GAAP”). You should read this section together with the condensed consolidated financial statements including the notes to those financial statements for the periods mentioned above which are included elsewhere in this report.

This report contains forward-looking statements. These forward-looking statements are based on Navios Logistics’ current expectations and observations. See “Forward-Looking Statements” and “Risk Factors” in the annual report on Form 20-F of Navios Maritime Holdings Inc. (“Navios Holdings”) for the year ended December 31, 2010 for the factors that, in Navios Logistics’ view, could cause actual results to differ materially from the forward-looking statements contained in this report.

This Exhibit 99.1 is being furnished solely in connection with Navios Logistics’ reporting obligations under the Indenture governing the Senior Notes (as defined below).

Recent Developments

\$200.0 million 9.25% Senior Notes Due 2019

On April 12, 2011, Navios Logistics and its wholly-owned subsidiary Navios Logistics Finance (US) Inc. (“Logistics Finance” and, together with the Company, the “Co-Issuers”) issued \$200.0 million in senior unsecured notes (the “Senior Notes”) due on April 15, 2019 at a fixed rate of 9.25%. The Senior Notes are fully and unconditionally guaranteed, jointly and severally, by all of Navios Logistics’ direct and indirect subsidiaries except for Hidronave South American Logistics S.A. and Navios Logistics Finance (US) Inc.

Indebtedness Repayment

On April 12, 2011, Navios Logistics used the proceeds from the Senior Notes to fully repay the \$70.0 million loan facility with Marfin Popular Bank. On July 25, 2011, Navios Logistics used the proceeds from the Senior Notes to fully repay \$53.2 million (including \$0.2 million of accrued interest up to July 25, 2011) of debt of the non-wholly owned subsidiaries in connection with Navios Logistics’ purchase of the noncontrolling interests of such non-wholly owned subsidiaries.

Acquisition of Noncontrolling Interests in Joint Ventures

On July 25, 2011, Navios Logistics acquired the noncontrolling interests of its joint ventures, Thalassa Energy S.A., HS Tankers Inc., HS Navigation Inc., HS Shipping Ltd. Inc. and HS South Inc., in accordance with the terms of certain stock purchase agreements with HS Energy Ltd., an affiliate of Vitol S.A. Navios Logistics paid a total consideration of \$8.5 million for such noncontrolling interests.

Acquisitions

During the second and third quarter of 2011, on various dates on or prior to August 22, 2011, Navios Logistics used a portion of the proceeds from its offering of senior unsecured notes due 2019 to acquire three pushboats, 66 barges and one floating drydock for a total cost of approximately \$45.8 million, including transportation and other related costs.

Completion of Construction of New Drying and Conditioning Facility

During the first quarter of 2010, Navios Logistics began the construction of a grain drying and conditioning facility at its dry port facility in Nueva Palmira, Uruguay. The facility has been operational since May 16, 2011 and was financed with funds generated by Navios Logistics' port operations. Navios Logistics paid \$3.0 million during the year ended December 31, 2010 and \$0.9 million during the first half of 2011 to construct this facility, which is focused primarily on Uruguayan soy for export and is expected to serve the needs of Navios Logistics' clients for grain products that meet the quality standards imposed by international buyers.

Overview

General

Navios Logistics has been incorporated under the laws of the Republic of the Marshall Islands since December 17, 2007. Navios Logistics is one of the largest logistics companies in the Hidrovia region of South America. Navios Logistics serves the storage and marine transportation needs of its customers through two port storage and transfer facilities, one for dry bulk commodities, agricultural, forest and mineral-related exports and the other for refined petroleum products, and a diverse fleet, consisting of vessels, barges and pushboats. Navios Logistics has combined its ports in Uruguay and Paraguay with its versatile fleet to create an end-to-end logistics solution for customers seeking to transport mineral and grain commodities and liquid cargoes through the Hidrovia region. Navios Logistics provides transportation for liquid cargo (hydrocarbons such as crude oil, gas oil, naphtha, fuel oil and vegetable oils), liquefied cargo (liquefied petroleum gas (LPG)) and dry cargo (cereals, cotton pellets, soybeans, wheat, limestone (clinker), mineral iron, and rolling stones).

On January 1, 2008, pursuant to a share purchase agreement, Navios Holdings contributed (i) \$112.2 million in cash and (ii) the authorized capital stock of its wholly owned subsidiary Corporacion Navios Sociedad Anonima ("CNSA") in exchange for the issuance and delivery of 12,765 of Navios Logistics' shares, representing 63.8% (or 67.2% excluding contingent consideration) of Navios Logistics' outstanding stock. Navios Logistics acquired all ownership interests in the Horamar Group ("Horamar") in exchange for (i) \$112.2 million in cash, of which \$5.0 million was kept in escrow, payable upon the attainment of certain EBITDA targets during specified periods through December 2008 (the "EBITDA Adjustment") and (ii) the issuance of 7,235 of Navios Logistics' shares representing 36.2% (or 32.8% excluding contingent consideration) of Navios Logistics' outstanding stock, of which 1,007 shares were kept in escrow pending attainment of certain EBITDA targets. CNSA owned and operated the largest bulk transfer and storage port terminal in Uruguay. Horamar was a privately held Argentina-based group specializing in the transportation and storage of liquid cargoes and the transportation of drybulk cargoes in South America along the Hidrovia river system. The combination of CNSA and Horamar under the Navios Logistics umbrella created one of the largest logistics companies in the Hidrovia Region of South America.

In November 2008, \$2.5 million in cash and 503 shares were released from escrow when Horamar achieved the interim EBITDA target. As a result, Navios Holdings owned 65.5% (excluding 504 shares that remained in escrow as of such November 2008 date) of Navios Logistics' stock.

On March 20, 2009, August 19, 2009, and December 30, 2009, the agreement pursuant to which Navios Logistics acquired CNSA and Horamar was amended to postpone until June 30, 2010 the date for determining whether the EBITDA target was achieved. On June 17, 2010, \$2.5 million in cash and the 504 shares remaining in escrow were released from escrow upon the achievement of the EBITDA target threshold. Following the release of the remaining shares that were held in escrow, Navios Holdings currently owns 63.8% of Navios Logistics' stock.

The 1,007 shares held in escrow have been reflected as part of Navios Logistics' outstanding shares from the date of issuance since these shares were irrevocably issued on January 1, 2008 with the identity of the ultimate recipient to be determined at a future date. Following the achievement of the EBITDA targets mentioned above, the shares were delivered to Horamar shareholders.

Ports

Navios Logistics owns two port storage and transfer facilities, one for agricultural, forest and mineral-related exports and the other for refined petroleum products. Navios Logistics' port facility in Nueva Palmira, Uruguay moved 1.1 million tons of dry cargo in the six month period ended June 30, 2011, as compared to 1.2 million tons of dry cargo in the same period of 2010, and its port facility in San Antonio, Paraguay moved approximately 122,378 cubic meters of liquid fuels (primarily diesel and naphtha) in the six month period ended June 30, 2011 as compared to approximately 173,492 cubic meters in the same period of 2010.

Fleet

Navios Logistics' current core fleet consists of a total of 303 vessels, barges and pushboats. Navios Logistics owns four product tanker vessels totaling 47,482 dwt, two self-propelled barges totaling 11,600 cubic meters, two small inland oil tankers totaling 3,900 dwt, 223 dry barges totaling 264,500 dwt, three LPG barges with a capacity of 4,752 cubic meters, 22 tank barges with a capacity of 66,800 cubic meters, and 20 pushboats.

The rest of Navios Logistics' current core fleet is chartered-in under long-term charter-in contracts with an average remaining duration of approximately 1.3 years. Long-term charter-in contracts are considered to be charter-in contracts with a duration of more than one year at inception. Navios Logistics currently has entered into charter-in contracts having a minimum remaining duration of 0.3 years and maximum remaining duration of 3.0 years. Navios Logistics charters-in and operates a fleet of 23 tank barges totaling 58,700 cubic meters and two pushboats. In addition, in June 2010, Navios Logistics entered into long-term bareboat agreements for two new product tankers, the Stavroula and the Jiujiang, each with a capacity of 16,871 dwt. The Jiujiang and the Stavroula were delivered in June and July 2010, respectively. Both tankers are chartered-in for a two-year period, and Navios Logistics has the obligation to purchase the vessels immediately upon the expiration of the respective charter periods. Navios Logistics has recognized a capital lease obligation for the Jiujiang and the Stavroula amounting to \$17.0 million and \$17.1 million, respectively. The lease payments during 2010 for both vessels were \$1.8 million and \$0.6 million for the six month period ended June 30, 2011, respectively.

Chartering Arrangements

Navios Logistics continually monitors developments in the shipping and logistics industry and makes decisions on an individual vessel and segment basis, as well as based on its view of overall market conditions in order to implement its overall business strategy. In its barge business, Navios Logistics typically operates under a mix of time charters and contracts of affreightment ("CoAs") with durations of one to five years, some of which have minimum guaranteed volumes, and spot contracts. In its cabotage business, Navios Logistics typically operates under time charters with durations in excess of one year at inception. Some of its charters provide fixed pricing, minimum volume requirements and fuel price adjustment formulas. On other occasions, Navios Logistics engages in CoAs, which allow the Company flexibility in transporting a certain cargo to its destination.

Factors Affecting Navios Logistics' Results of Operations**Contract rates**

The shipping and logistics industry has been highly volatile during the last several years. In order to have a full utilization of Navios Logistics' fleet and storage capacity, the Company must be able to renew the contracts on its fleet and ports on the expiration or termination of its current contracts. This ability depends upon economic conditions in the sectors in which the vessels, barges and pushboats operate, changes in the supply and demand for vessels, barges and pushboats and changes in the supply and demand for the transportation and storage of commodities.

Weather conditions

As Navios Logistics specializes in the transportation and storage of liquid cargoes and dry bulk cargoes along the Hidrovia, any changes adversely affecting the region, such as low water levels, could reduce or limit Navios Logistics' ability to effectively transport cargo.

Droughts and other adverse weather conditions, including any possible effects of climate change, could result in a decline in production of the agricultural products Navios Logistics transports and stores, and this could likely result in a reduction in demand for services.

Seasonality

One significant factor that affects Navios Logistics' results of operations and revenues from quarter to quarter, particularly in the first and last quarters of each year, is seasonality. Generally, the high season for the barge business is the period between February and July as a result of the South American harvest and higher river levels. Expected growth in soybean and minerals production and transportation may offset part of this seasonality. During the South American late spring and summer, mainly from November to January, the low level of water in the northern Hidrovia could adversely affect Navios Logistics' operations because the water level is not high enough to accommodate the draft of a heavily laden vessel. Such low levels also adversely impact Navios Logistics' ability to employ convoys as the water level towards the banks of the river may be too low to permit vessel traffic even if the middle of the river is deep enough to permit passage. With respect to dry port terminal operations in Uruguay, the high season is mainly from April to September, in tandem with the arrival of the first barges down-river and with the oceangoing vessels' logistics operations. The liquid port terminal operations in Paraguay and Navios Logistics' cabotage business are not significantly affected by seasonality as the operations of the port and Navios Logistics' cabotage business are primarily linked to refined petroleum products.

For a detailed discussion of Navios Logistics' foreign currency transactions and inflation and fuel price increases refer to the section "Quantitative and Qualitative Disclosures about Market Risks" included elsewhere in this document.

Statement of Operations Breakdown by Segments

Historically, the Company had two reportable segments, Logistics Business and Dry Port Terminal Business. Since Navios Logistics was formed by the business combination between CNSA and Horamar, Navios Logistics has grown its vessel fleet through acquisitions of vessels, barges and pushboats. Additionally, Navios Logistics expanded its Uruguayan port terminal with the construction of a new silo the acquisition of an additional land and the installation of a grain drying and conditioning facility, which has been operational since May 16, 2011. Following these recent business developments, beginning in 2011, the Company reports its operations based on three reportable segments: Port Terminal Business, Barge Business and Cabotage Business. The Port Terminal Business aggregates the dry port terminal operations (previously identified as the Dry Port Terminal Business) and the liquid port terminal operations previously included in the Logistics Business segment. The previously identified Logistics Business segment has been split to form the Barge Business segment and the Cabotage Business segment. Historical information has been reclassified in accordance with the new reportable segments.

Period over Period Comparisons of Navios Logistics

The following table presents consolidated revenue and expense information for each of the three and six month periods ended June 30, 2011 and 2010. This information was derived from the unaudited condensed consolidated financial statements.

	Three Month Period Ended June 30, 2011 (unaudited)	Three Month Period Ended June 30, 2010 (unaudited)	Six Month Period Ended June 30, 2011 (unaudited)	Six Month Period Ended June 30, 2010 (unaudited)
<i>(Expressed in thousands of U.S. dollars)</i>

For the three month period ended June 30, 2011 compared to the three month period ended June 30, 2010

Time Charter, Voyage and Port Terminal Revenues: For the three month period ended June 30, 2011, Navios Logistics revenue increased by \$7.7 million or 21.7% to \$43.2 million, as compared to \$35.5 million for the same period during 2010. Revenue from the cabotage business increased by \$5.9 million or 65.6% to \$14.9 million for the three months period ended June 30, 2011, as compared to \$9.0 million for the same period during 2010. This increase was mainly attributable to the new vessels under capital leases, the Jiujiang and the Stavroula, which were delivered in June and July 2010, respectively. Revenue from the barge business increased by \$2.5 million or 13.1% to \$21.6 million for the three months period ended June 30, 2011, as compared to \$19.1 million for the same period during 2010. This increase was mainly attributable to the improved performance due to the increase in the iron ore transportation. This overall increase from the cabotage and the barge business was mitigated by a \$0.7 million decrease in revenue from the port terminal business. Revenue from the port terminal business decreased by \$0.7 million or 9.5% to \$6.7 million for the three month period ended June 30, 2011, as compared to \$7.4 million for the same period during 2010. The decrease was mainly attributable to a decrease in volumes in the dry port terminal.

Sales of Products: For the three month period ended June 30, 2011, Navios Logistics' sales of products decreased by \$4.6 million or 28.6% to \$11.5 million, as compared to \$16.1 million for the same period during 2010. The decrease was mainly attributable to a decrease in the Paraguayan liquid port's volume.

Time Charter, Voyage and Port Terminal Expenses: Time charter, voyage and port terminal expenses decreased by \$0.1 million or 1.1% to \$9.2 million for the three month period ended June 30, 2011, as compared to \$9.3 million for the same period during 2010. This decrease was due to (i) a \$0.2 million or 50.0% decrease in time charter and voyage expenses of the cabotage business to \$0.2 million for the three month period ended June 30, 2011, as compared to \$0.4 million for the same period in 2010; and (ii) a decrease in time charter and voyage expenses of the barge business by \$0.8 million or 11.4% to \$6.2 million for the three month period ended June 30, 2011, as compared to \$7.0 million for the same period in 2010. This overall decrease was partially offset by a \$0.9 million or 47.4% increase in expenses of the port terminal business to \$2.8 million for the three month period ended June 30, 2011, as compared to \$1.9 million for the same period during 2010. This increase was attributable to an increase in the operating costs at Navios Logistics' dry port in Uruguay.

Direct Vessels Expenses: Direct vessels expenses increased by \$7.5 million or 65.2% to \$19.0 million for the three month period ended June 30, 2011, as compared to \$11.5 million for the same period in 2010. Direct vessels expenses of the cabotage business increased by \$3.4 million or 66.7% to \$8.5 million for the three month period ended June 30, 2011, as compared to \$5.1 million for the same period in 2010. The increase resulted primarily from the additional operating expenses generated by the new vessels under capital leases, the Jiujiang and the Stavroula, which were delivered in June and July 2010, respectively. Direct vessels expenses of the barge business increased by \$4.1 million or 64.1% to \$10.5 million for the three months period ended June 30, 2011, as compared to \$6.4 million for the same period in 2010. The increase resulted primarily from the increase in crew costs, spares and maintenance. Direct vessels expenses include crew costs, victualing costs, dockage expenses, lubricants, spares, insurance, maintenance and repairs.

Cost of Products Sold: For the three month period ended June 30, 2011, Navios Logistics' cost of products sold decreased by \$3.9 million or 26.5% to \$10.8 million, as compared to \$14.7 million for the same period during 2010. The decrease was mainly attributable to a decrease in the Paraguayan liquid port's volumes.

Depreciation and Amortization: Depreciation and amortization decreased by \$0.7 million to \$5.0 million for the three month period ended June 30, 2011, as compared to \$5.7 million for the same period of 2010. The depreciation of tangible assets and the amortization of intangible assets for the three month period ended June 30, 2011 amounted to \$3.9 million and \$1.1 million, respectively. Depreciation of tangible assets and amortization of intangible assets for the three month period ended June 30, 2010 amounted to \$4.6 million and \$1.1 million, respectively. Depreciation and amortization in the barge business decreased by \$0.7 million to \$3.2 million for the three month period ended June 30, 2011, as compared to \$3.9 million for the same period during 2010. Such decrease is due to the fact that certain barges have reached the end of their useful estimated lives in 2010.

Depreciation and amortization in the cabotage business for the three month period ended June 30, 2011 increased by \$0.2 million to \$1.1 million, as compared with \$0.9 million for the same period during 2010, and depreciation and amortization in the port terminal business decreased by \$0.2 million to \$0.7 million for the three month period ended June 30, 2011, as compared to \$0.9 million for the same period during 2010.

General and Administrative Expenses: General and administrative expenses increased by \$1.6 million or 66.7% to \$4.0 million for the three month period ended June 30, 2011, as compared to \$2.4 million for the same period during 2010. General and administrative expenses relating to the port terminal business increased by \$0.3 million or 75% to \$0.7 million, as compared to \$0.4 million in the same period during 2010. General and administrative expenses relating to the barge business increased by \$1.3 million or 68.4% to \$3.2 million for the three month period ended June 30, 2011, as compared to \$1.9 million for the same period during 2010. The increase was mainly attributable to an increase in salaries, travel expenses and other administrative costs. General and administrative expenses relating to the cabotage business was \$0.1 million in both the three month periods ended June 30, 2011 and 2010.

Interest Income/Expense and Finance Costs, Net: Interest income/expense and finance costs, net increased by \$4.0 million to \$5.1 million for the three month period ended June 30, 2011, as compared to \$1.1 million for the same period of 2010. For the three month period ended June 30, 2011, interest expense amounted to \$4.7 million, other finance costs amounted to \$0.7 million and interest income amounted to \$0.3 million. For the three month period ended June 30, 2010, interest expense amounted to \$1.0 million and other finance costs amounted to \$0.1 million. The main reason for the increase was the interest generated by the Senior Notes issued in April 2011.

Other Expense, Net: Other expense, net decreased by \$1.9 million to \$1.2 million for the three month period ended June 30, 2011, as compared to \$3.1 million for the same period of 2010. Other expense, net of the port terminal business decreased by \$0.3 million to an expense of \$0.2 million for the three month period ended June 30, 2011, as compared to a \$0.1 million income for the same period in 2010. The decrease was mainly attributable to foreign currency exchange losses generated during the three month period ended June 30, 2011. Other expense, net for the cabotage business increased by \$0.9 million to an expense of \$1.3 million for the three month period ended June 30, 2011, as compared to an expense of \$0.4 million for the same period in 2010. This increase was due mainly to an increase in taxes other-than income taxes. The overall increase in other income/expense, net was offset by a \$3.1 million decrease of other expenses of the barge business to an income of \$0.3 million for the three month period ended June 30, 2011, as compared to an expense of \$2.8 million for the same period in 2010. This decrease was mainly due to the recognition of income from insurance claims and a lower provision for bad debts as compared to the same period of 2010.

Income Tax (Expense)/Benefit: Income taxes increased by \$1.3 million to \$1.0 million loss for the three month period ended June 30, 2011, as compared to \$0.3 million income for the same period in 2010. Income taxes in the port terminal business and in the cabotage business were \$0 for both the three month periods ended June 30, 2011 and 2010. Income taxes, net of the barge business increased by \$1.3 million to \$1.0 million loss for the three month period ended June 30, 2011 as compared to \$0.3 million income for the same period in 2010. The variation was mainly due to (i) a \$0.6 million increase in income tax charges with respect to undistributed retained earnings in Paraguay; and (ii) \$0.7 million of higher income tax charges in Argentina due to the decrease of deferred tax assets carried forward.

For the six month period ended June 30, 2011 compared to the six month period ended June 30, 2010

Time Charter, Voyage and Port Terminal Revenues: For the six month period ended June 30, 2011, Navios Logistics' revenue increased by \$17.2 million or 27.5% to \$79.8 million, as compared to \$62.6 million for the same period during 2010. Revenue from the port terminal business increased by \$0.3 million or 2.6% to \$11.9 million for the six month period ended June 30, 2011, as compared to \$11.6 million for the same period during 2010. The increase was mainly attributable to an increase in tariffs in the dry port terminal. Revenue from the cabotage business increased by \$10.3 million or 65.2% to \$26.1 million for the six months period ended June 30, 2011, as compared to \$15.8 million for the same period during 2010. This increase was mainly attributable to the new vessels under capital leases, the Jiujiang and the Stavroula, which were delivered in June and July 2010, respectively. Revenue from the barge business increased by \$6.6 million or 18.8% to \$41.8 million for the six months period ended June 30, 2011, as compared to \$35.2 million for the same period during 2010. This increase was mainly attributable to the improved performance due to the increase in the iron ore transportation.

Sales of Products: For the six month period ended June 30, 2011, Navios Logistics' sales of products decreased by \$5.9 million or 23.4% to \$19.3 million, as compared to \$25.2 million for the same period during 2010. The decrease was mainly attributable to a decrease in the Paraguayan liquid port's volume.

Time Charter, Voyage and Port Terminal Expenses: Time charter, voyage and port terminal expenses decreased by \$0.1 million or 0.6% to \$17.5 million for the six months period ended June 30, 2011, as compared to \$17.6 million for the same period during 2010. This decrease is due to a \$0.4 million or 36.4% decrease in time charter and voyage expenses of the cabotage business to \$0.7 million for the six month period ended June 30, 2011, as compared to \$1.1 million for the same period in 2010, and a decrease in time charter and voyage expenses of the barge business by \$0.8 million or 6.2% to \$12.2 million for the six month period ended June 30, 2011, as compared to \$13.0 million for the same period in 2010. This decrease was offset by a \$1.1 million or 31.4% increase in expenses of the port terminal business to \$4.6 million for the six month period ended June 30, 2011, as compared to \$3.5 million for the same period during 2010. This is attributable to an increase in the operating costs at Navios Logistics port facilities in Uruguay.

Direct Vessels Expenses: Direct vessel expenses increased by \$11.2 million or 50.5% to \$33.4 million for the six month period ended June 30, 2011, as compared to \$22.2 million for the same period in 2010. Direct vessels expenses of the cabotage business increased by \$5.8 million or 70.7% to \$14.0 million for the six months period ended June 30, 2011, as compared to \$8.2 million for the same period in 2010. The increase resulted primarily from the additional operating expenses generated by the new vessels under capital lease, the Jiujiang and the Stavroula, which were delivered in June and July 2010, respectively. Direct vessels expenses of the barge business increased by \$5.4 million or 38.6% to \$19.4 million for the six months period ended June 30, 2011, as compared to \$14.0 million for the same period in 2010. The increase resulted primarily from the increase in crew costs, spares and maintenance. Direct vessels expenses include crew costs, victualing costs, dockage expenses, lubricants, spares, insurance, maintenance and repairs.

Cost of Products Sold: For the six month period ended June 30, 2011, Navios Logistics' cost of products sold decreased by \$4.9 million or 21.0% to \$18.4 million, as compared to \$23.3 million for the same period during 2010. The decrease was mainly attributable to a decrease in the Paraguayan liquid port's volumes.

Depreciation and Amortization: Depreciation and amortization decreased by \$0.2 million to \$11.1 million for the six month period ended June 30, 2011, as compared to \$11.3 million for the same period of 2010. The depreciation of tangible assets and the amortization of intangible assets for the six month period ended June 30, 2011 amounted to \$8.9 million and \$2.2 million, respectively. Depreciation of tangible assets and amortization of intangible assets for the six month period ended June 30, 2010 amounted to \$9.1 million and \$2.2 million, respectively. Depreciation and amortization in the barge business decreased by \$0.6 million to \$7.3 million for the six month period ended June 30, 2011, as compared to \$7.9 million for the same period during 2010. Such decrease is due to the fact that certain barges have reached the end of their estimated useful lives in 2010. Depreciation and amortization in the cabotage business for the six month period ended June 30, 2011 increased by \$0.4 million to \$2.1 million, as compared with \$1.7 million for the same period during 2010, and depreciation and amortization in the port terminal business was \$1.7 million for both of the six month periods ended June 30, 2011 and 2010.

General and Administrative Expenses: General and administrative expenses increased by \$1.0 million or 17.2% to \$6.8 million for the six month period ended June 30, 2011, as compared to \$5.8 million for the same period during 2010. General and administrative expenses relating to the port terminal business increased by \$0.2 million or 20% to \$1.2 million, as compared to \$1.0 million in the same period during 2010. General and administrative expenses relating to the barge business increased by \$0.8 million or 17.0% to \$5.5 million for the six month period ended June 30, 2011, as compared to \$4.7 million for the same period during 2010. The increase was mainly attributable to an increase in salaries, travel expenses and other administrative costs. General and administrative expenses relating to the cabotage business was \$0.1 million in both the six month periods ended June 30, 2011 and 2010.

Interest Income/Expense and Finance Costs, Net: Interest expense and finance costs, net increased by \$4.2 million to \$6.2 million for the six month period ended June 30, 2011, as compared to an expense \$2.0 million for the same period of 2010. For the six month period ended June 30, 2011, interest expense amounted to \$5.7 million, other finance costs amounted to \$0.9 million and interest income amounted to \$0.4 million. For the six month period ended June 30, 2010, interest expense amounted to \$1.8 million, other finance costs amounted to \$0.3 million and interest income amounted to \$0.4 million. The main reason for the increase was the interest expense generated by the Senior Notes issued in April 2011.

Other Expense, Net: Other expense, net decreased by \$2.0 million to \$2.7 million for the six month period ended June 30, 2011, as compared to \$4.7 million for the same period of 2010. Other expense, net for the barges business decreased by \$2.3 million to an expense of \$0.6 million for the six month period ended June 30, 2011, as compared to an expense of \$2.9 million for the same period in 2010. This decrease was mainly due to the recognition of income from insurance claims and a lower provision for bad debts as compared to the same period of 2010. Other expense, net for the port terminal business increased by \$0.4 million to an income of \$0.4 million for the six month period ended June 30, 2011, as compared to net other income/expense of \$0 million for the same period in 2010. The increase was mainly attributable to foreign currency exchange gains generated during the six month period ended June 30, 2011. The overall decrease in other expense, net was offset by an increase in other expense, net for the cabotage business by \$0.7 million to an expense of \$2.5 million for the six month period ended June 30, 2011, as compared to an expense of \$1.8 million for the same period in 2010. This increase was due mainly to an increase in taxes other-than income taxes.

Income Tax (Expense)/Benefit: Income taxes increased by \$1.0 million or 100% to \$0 million for the six month period ended June 30, 2011, as compared to \$1.0 million income for the same period in 2010. Income taxes in the port terminal business were \$0 for both the six month periods ended June 30, 2011 and 2010. Income taxes of the cabotage business decreased by \$0.1 million or 25% to \$0.3 million loss for the six month period ended June 30, 2011 as compared to \$0.4 million loss for the same period in 2010. Income taxes of the barge business decreased by \$1.1 million or 78.6% to \$0.3 million income for the six month period ended June 30, 2011 as compared to \$1.4 million income for the same period in 2010. The variation was mainly due to (a) a \$0.1 million increase in income tax charges with respect to undistributed retained earnings in Paraguay; and (b) \$0.9 million of higher income tax charges in Argentina due to the decrease of deferred tax assets carried forward.

Non-Guarantor Subsidiaries

Navios Logistics' subsidiaries that do not guarantee the Senior Notes, Hidronave South American Logistics S.A. and Logistics Finance, accounted for approximately \$0.8 million, or 0.8%, of total revenue, and approximately \$0.02 million, or 0.1%, of total EBITDA for the six month period ended June 30, 2011, approximately \$1.6 million, or 0.2%, of total assets, and approximately \$1.2 million, or 0.3%, of total liabilities, in each case, as of June 30, 2011.

Navios Logistics' subsidiaries that do not guarantee the Senior Notes, Hidronave South American Logistics S.A. and Logistics Finance, accounted for approximately \$0.9 million, or 1.0%, of total revenue, and approximately \$0.3 million, or 2.1%, of total EBITDA, in each case, for the six month period ended June 30, 2010. Additionally, they accounted for approximately \$2.2 million, or 0.4%, of total assets, and approximately \$1.1 million, or 0.5%, of total liabilities, in each case, as of December 31, 2010.

Non-Guarantor EBITDA Reconciliation to Net Income Attributable to Navios Logistics' Stockholders

	For the Six Month Period Ended June 30, 2011 (unaudited)	For the Six Month Period Ended June 30, 2010 (unaudited)
<i>(Expressed in thousands of U.S. dollars)</i>		
Net (loss)/income attributable to Navios Logistics' stockholders	\$ (24)	\$ 213
Depreciation and amortization	28	29
Interest expense and finance cost, net	18	12
EBITDA	\$ 22	\$ 254

Liquidity and Capital Resources

Navios Logistics has historically financed its capital requirements with cash flows from operations, equity contributions from stockholders, borrowings under its credit facilities and the issuance of other debt. Main uses of funds have been capital expenditures for the acquisition of new vessels, construction and upgrades at the port terminals, expenditures incurred in connection with ensuring that the owned vessels comply with international and regulatory standards and repayments of credit facilities. Navios Logistics anticipates that cash on hand, internally generated cash flows and borrowings under existing and future credit facilities will be sufficient to fund its operations, including working capital requirements. See "Working Capital Position", "Capital Expenditures" and "Long-term Debt Obligations and Credit Arrangements" for further discussion of Navios Logistics' working capital position.

The following table presents cash flow information derived from the unaudited consolidated statements of cash flows of Navios Logistics for the six month periods ended June 30, 2011 and 2010.

	Six Month Period Ended <u>June 30, 2011</u> (unaudited)	Six Month Period Ended <u>June 30, 2010</u> (unaudited)
<i>(Expressed in thousands of U.S. dollars)</i>		
Net cash provided by operating activities	\$ 11,178	\$ 10,079
Net cash used in investing activities	(33,152)	(4,614)
Net cash provided by/(used in) financing activities	<u>118,966</u>	<u>(3,159)</u>
Increase in cash and cash equivalents	\$ 96,992	\$ 2,306
Cash and cash equivalents, beginning of the period	<u>39,204</u>	<u>26,927</u>
Cash and cash equivalents, end of period	<u>136,196</u>	<u>29,233</u>

Cash provided by operating activities for the six month period ended June 30, 2011 as compared to the six month period ended June 30, 2010

Net cash from operating activities increased by \$1.1 million to \$11.2 million of cash provided by operating activities for the six month period ended June 30, 2011, as compared to \$10.1 million of cash used in operating activities for the same period in 2010. In determining net cash from operating activities, net income is adjusted for the effect of certain non-cash items including depreciation and amortization and income taxes, which are analyzed in detail as follows:

	Six Month Period Ended <u>June 30,</u> <u>2011</u> (unaudited)	Six Month Period Ended <u>June 30,</u> <u>2010</u> (unaudited)
<i>(Expressed in thousands of U.S. dollars)</i>		
Net income	\$ 3,055	\$ 1,902
Depreciation of vessels, port terminals and other fixed assets, net	8,863	9,102
Amortization of intangible assets and liabilities, net	2,215	2,240
Amortization of deferred financing costs	707	172
Amortization of deferred drydock costs	261	169
Provision for losses on accounts receivable	234	1,430
Income tax benefit/(expense)	<u>33</u>	<u>(1,044)</u>
Net income adjusted for non-cash items	<u>\$ 15,368</u>	<u>\$ 13,971</u>

Net income is also adjusted for changes in operating assets and liabilities in order to determine net cash from operating activities.

The negative change in operating assets and liabilities of \$2.7 million for the six month period ended June 30, 2011 resulted primarily from a \$12.4 million increase in accounts receivable and a \$0.5 million decrease in accounts payable. The negative change was partially offset by a \$0.3 million decrease in restricted cash, a \$0.4 million increase in amounts due to affiliates, a \$6.0 million increase in accrued expenses, and a \$3.5 million decrease in prepaid expenses and other assets.

The negative change in operating assets and liabilities of \$3.3 million for the six month period ended June 30, 2010 resulted from a \$6.5 million increase in accounts receivable, \$1.8 million in payments of interest, a \$0.1 million decrease in long term liabilities, and a \$0.8 million increase in other long-term assets. This negative change was partially offset by a \$0.7 million decrease in restricted cash, a \$2.1 million decrease in prepaid expenses and other current assets, a \$1.0 million increase in accrued expenses and a \$2.1 million increase in accounts payable.

Cash used in investing activities for the six month period ended June 30, 2011 as compared to the six month period ended June 30, 2010:

Net cash used in investing activities increased by \$28.6 million to \$33.2 million for the six month period ended June 30, 2011 from \$4.6 million for the same period in 2010.

Cash used in investing activities for the six month period ended June 30, 2011 was mainly the result of (a) \$0.9 million in payments for the construction of the new drying and conditioning facility in Nueva Palmira, (b) \$26.0 million in payments for the acquisition of 3 pushboats, and 35 barges, (c) \$5.3 million in payments for the purchase of other fixed assets, transportation of vessels and improvements and (d) \$1.0 million in payments in advance for the acquisition of a floating dry dock.

Cash used in investing activities for the six month period ended June 30, 2010 was the result of (a) a \$1.2 million payment for the construction of the new drying and conditioning facility in Nueva Palmira, Uruguay, (b) \$0.7 million in payments for the acquisition of a barge, and (c) \$2.7 million in payments for the purchase of other fixed assets.

Cash provided by financing activities for the six month period ended June 30, 2011 as compared to cash used in financing activities for the six month period ended June 30, 2010:

Net cash provided by financing activities increased by \$122.2 million to \$119.0 million of funds provided by financing activities for the six month period ended June 30, 2011, as compared to funds used in financing activities of \$3.2 million for the same period of 2010.

Cash provided by financing activities for the six month period ended June 30, 2011 was mainly due to the \$200.0 million proceeds from the senior notes issued in April 2011. This was partially offset by (a) \$0.6 million in payments of obligations under capital leases in connection with the product tanker vessels the Jiujiang and the Stavroula, (b) \$3.7 million of installments paid in connection with Navios Logistics' outstanding loans, (c) \$70.0 million repayment of Marfin Loan and (d) a \$6.7 million in payments of deferred financing costs following the amendment of the Marfin loan facility and the issuance of the Senior Notes.

Cash used in financing activities for the six month period ended June 30, 2010 was mainly the result of (a) \$2.5 million of repayments of long-term debt, (b) \$0.5 million for a distribution of dividends to noncontrolling shareholders, and (c) \$0.5 million in payments of deferred financing costs. This was partially mitigated by \$0.3 million of proceeds from long term loans.

Reconciliation of EBITDA to Net Income/(Loss) Attributable to Navios Logistics' Stockholders

EBITDA represents net income/(loss) attributable to Navios Logistics' stockholders before interest, taxes, depreciation, and amortization. Navios Logistics believes that EBITDA is a basis upon which operational performance can be assessed and presents useful information to investors regarding Navios Logistics' ability to service and/or incur indebtedness, pay capital expenditures and meet working capital requirements. EBITDA is also used: (i) by prospective and current lessors as well as potential lenders to evaluate potential transactions; and (ii) to evaluate and price potential acquisition candidates. Navios Logistics' calculation of EBITDA may not be comparable to that reported by other companies due to differences in methods of calculation.

EBITDA	\$ 6,570	\$ 2,817	\$ 973	\$ 10,360

EBITDA increased by \$0.1 million to \$10.5 million for the three month period ended June 30, 2011, as compared to \$10.4 million for the same period of 2010. This increase was mainly due to (a) a \$7.7 million increase in time charter, voyage and port terminal revenues, of which \$5.9 million was attributable to the cabotage business and \$2.5 million was attributable to the barge business, which was mitigated by a decrease of \$0.7 million attributable to the port terminal business, (b) a \$0.1 million decrease in time charter, voyage and port terminal expenses, of which a \$0.8 million decrease was attributable to the barge business, a \$0.2 million decrease was attributable to the cabotage business, and was mitigated by an increase of \$0.9 million attributable to the port terminal business, (c) a \$3.9 million decrease in cost of products sold attributable to the port terminal business, (d) a \$0.1 million decrease in noncontrolling interest mainly relating to the cabotage business and (e) a \$1.9 million decrease in other expense, net. This increase was partially offset by (a) a \$4.6 million decrease in sales of products in the port terminal business, (b) a \$1.6 million increase in general and administrative expenses, out of which \$1.3 million was attributable to the barge business and \$0.3 million to the port terminal business, and (c) a \$7.4 million increase in direct vessels expenses, of which \$3.4 million and \$4.0 million was attributable to the cabotage business and to the barge business, respectively.

EBITDA	\$ 8,948	\$ 4,407	\$ 1,020	\$ 14,375

EBITDA increased by \$5.6 million to \$20.0 million for the six month period ended June 30, 2011, as compared to \$14.4 million for the same period of 2010. This increase was mainly due to (a) a \$17.2 million increase in time charter, voyage and port terminal revenues, of which \$10.3 million was attributable to the cabotage business, \$6.6 million was attributable to the barge business and \$0.3 million was attributable to the port terminal business, (b) a \$0.1 million decrease in time charter, voyage and port terminal expenses, of which \$0.8 million was attributable to the barge business and \$0.4 million was attributable to the cabotage business, which was mitigated by an increase of \$1.1 million attributable to the port terminal business, (c) the decrease in cost of products sold by \$4.9 million attributable to the port terminal business, and (d) a decrease in other expense, net by \$1.9 million. This increase was partially offset by (a) a \$5.9 million decrease in sales of products in the port terminal business, (b) an increase in general and administrative expenses by \$1.0 million, out of which \$0.8 million was attributable to the barge business and \$0.2 million relating to the port terminal business, (c) a \$11.1 million increase in direct vessels expenses, of which \$5.8 million was attributable to the cabotage business and \$5.3 million was attributable to the barge business and (d) a \$0.5 million increase in noncontrolling interest mainly relating to the cabotage business.

Long-term Debt Obligations and Credit Arrangements

Senior Notes: On April 12, 2011, Navios Logistics and its wholly-owned subsidiary Logistics Finance together with the Co-Issuers issued \$200.0 million in Senior Notes due on April 15, 2019 at a fixed rate of 9.25%. The Senior Notes are fully and unconditionally guaranteed, jointly and severally, by all of Navios Logistics' direct and indirect subsidiaries except for Hidronave South American Logistics S.A. and Logistics Finance. The Co-Issuers have the option to redeem the notes in whole or in part, at their option, at any time (i) before April 15, 2014, at a redemption price equal to 100% of the principal amount plus the applicable make-whole premium plus accrued and unpaid interest, if any, to the redemption date and (ii) on or after April 15, 2014, at a fixed price of 106.938%, which price declines ratably until it reaches par in 2017. At any time before April 15, 2014, the Co-Issuers may redeem up to 35% of the aggregate principal amount of the Senior Notes with the net proceeds of an equity offering at 109.25% of the principal amount of the notes, plus accrued and unpaid interest, if any, to the redemption date so long as at least 65% of the originally issued aggregate principal amount of the notes remains outstanding after such redemption. In addition, upon the occurrence of certain change of control events, the holders of the Senior Notes will have the right to require the Co-Issuers to repurchase some or all of the notes at 101% of their face amount, plus accrued and unpaid interest to the repurchase date.

Under a registration rights agreement, the Co-Issuers and the subsidiary guarantors are obliged to file a registration statement prior to January 7, 2012, that enables the holders of the Senior Notes to exchange the privately placed notes with publicly registered notes with identical terms. The Senior Notes contain covenants which, among other things, limit the incurrence of additional indebtedness, issuance of certain preferred stock, the payment of dividends, redemption or repurchase of capital stock or making restricted payments and investments, creation of certain liens, transfer or sale of assets, entering in transactions with affiliates, merging or consolidating or selling all or substantially all of Navios Logistics' properties and assets and creation or designation of restricted subsidiaries.

Loan Facilities:

Marfin Facility

On March 31, 2008, the Company entered into a \$70.0 million loan facility with Marfin Popular Bank for the purpose of providing Nauticler S.A. with investment capital to be used in connection with one or more investment projects. The loan was initially repayable in one installment by March 2011 and bore interest at LIBOR plus a margin of 175 basis points. In March 2009, the Company transferred its loan facility of \$70.0 million to Marfin Popular Bank Public Co. Ltd. The loan provided for an additional one year extension and an increase of the margin to 275 basis points. On March 23, 2010, the loan was extended for one additional year, providing an increase of the margin to 300 basis points. On March 29, 2011, the Company agreed with Marfin Popular Bank to amend its current loan agreement with its subsidiary, Nauticler S.A., to provide for a \$40.0 million revolving credit facility. Under the amended facility, the existing margin of 300 basis points will apply and the obligations will be secured by mortgages on four tanker vessels or alternative security over other assets acceptable to the bank. The amended facility requires compliance with customary covenants. The obligation of the bank under the amended facility is subject to prepayment of the existing facility and is subject to customary conditions, such as the receipt of satisfactory appraisals, insurance, opinions and the negotiation, execution and delivery of mutually satisfactory loan documentation. On April 12, 2011, following the completion of the sale of \$200.0 million of Senior Notes, Navios Logistics fully repaid the \$70.0 million loan facility with Marfin Bank using a portion of the proceeds from the Senior Notes. As of June 30, 2011, the revolving credit facility of \$40.0 million had not been drawn.

Other Indebtedness

On July 25, 2011, Navios Logistics acquired the noncontrolling interests of its joint ventures, Thalassa Energy S.A., HS Tankers Inc., HS Navigation Inc., HS Shipping Ltd. Inc. and HS South Inc., in accordance with the terms of certain stock purchase agreements with HS Energy Ltd., an affiliate of Vitol S.A. Navios Logistics paid a total consideration of \$8.5 million for such noncontrolling interests, and simultaneously paid \$53.2 million (including \$0.2 million of accrued interest up to July 25, 2011) in full and final settlement of all amounts of indebtedness of such joint ventures under certain loan agreements as further described below.

In connection with the acquisition of Horamar, Navios Logistics assumed a \$9.5 million loan facility that was entered into by HS Shipping Ltd. Inc., a majority owned subsidiary, in 2006, in order to finance the construction of an 8,974 dwt double hull tanker (Malva H). Since the vessel's delivery, the interest rate had been LIBOR plus 150 basis points. The loan was repayable in installments of at least 90% of the amount of the last hire payment due to be paid to HS Shipping Ltd. Inc. The loan was repayable by December 31, 2011 and could have been prepaid before such date, upon two days written notice. The loan also required compliance with certain covenants. As of June 30, 2011, the amount outstanding under this facility was \$5.7 million. This loan was repaid in full on July 25, 2011.

On September 4, 2009, Navios Logistics entered into a loan facility for an amount of up to \$18.7 million that bore interest at LIBOR plus 225 basis points in order to finance the acquisition cost of the Estefania H. The loan was repayable in installments of at least the higher of (a) 90% of the amount of the last hire payment due to HS Navigation Inc. prior to the repayment date, and (b) \$0.3 million, inclusive of any interest accrued in relation to the loan at that time. The loan was repayable by May 15, 2016 and could have been prepaid before such date with two days written notice. The loan also required compliance with certain covenants. As of June 30, 2011, the amount outstanding under this facility was \$13.7 million. This loan was repaid in full on July 25, 2011.

On December 15, 2009, Navios Logistics entered into a loan facility in order to finance the acquisition cost of the Makenita H for an amount of \$24.0 million, which bore interest at LIBOR plus 225 basis points. The loan was repayable in installments of at least the higher of (a) 90% of the amount of the last hire payment due to HS Tankers Inc. prior to the repayment date, and (b) \$0.3 million, inclusive of any interest accrued in relation to the loan at that time. The loan was repayable by March 24, 2016 and could have been prepaid before such date with two days written notice. The loan also required compliance with certain covenants. As of June 30, 2011, the amount outstanding under this facility was \$20.0 million. This loan was repaid in full on July 25, 2011.

On December 20, 2010, in order to finance the acquisition cost of the Sara H, Navios Logistics entered into a loan facility for \$14.4 million that bore interest at LIBOR plus 225 basis points. The loan was repayable in installments of at least the higher of (a) 90% of the amount of the last hire payment due to be HS South Inc. prior to the repayment date, and (b) \$0.3 million, inclusive of any interest accrued in relation to the loan at that time. The loan was repayable by May 24, 2016 and could have been prepaid before such date with two days written notice. The loan also required compliance with certain covenants. As of June 30, 2011, the amount outstanding under this facility was \$13.5 million. This loan was repaid in full on July 25, 2011.

Navios Logistics assumed a \$2.3 million loan facility that was entered into, by its majority owned subsidiary, Thalassa Energy S.A., in October 2007 in order to finance the purchase of two self-propelled barges, the Formosa and the San Lorenzo. The loan bore interest at LIBOR plus 150 basis points. The loan was repayable in five equal installments of \$0.5 million, which were made in November 2008, June 2009, January 2010, August 2010, and March 2011. The loan was secured by a first priority mortgage over the two self-propelled barges. As of June 30, 2011, the amount outstanding under this facility was \$0 (\$0.5 million as of December 31, 2010).

In connection with the acquisition of Hidronave S.A. on October 29, 2009, Navios Logistics assumed a \$0.8 million loan facility that was entered into by Hidronave S.A. in 2001, in order to finance the construction of the pushboat Nazira. As of June 30, 2011, the outstanding loan balance was \$0.7 million. The loan facility bears a fixed interest rate of 600 basis points. The loan will be repaid in monthly installments of \$5,740 each and the final repayment date shall not extend beyond August 10, 2021. The loan also requires compliance with certain covenants.

The maturity table below reflects the principal payments due by period of all credit facilities outstanding as of June 30, 2011 for the next five years and thereafter, based on the repayment schedule of the respective loan facilities (as described above) and the issuance of \$200.0 million of Senior Notes on April 12, 2011 (due on April 2019).

	As of June 30, 2011 (Amounts in millions of U.S. dollars)
Payment due by period	
June 30, 2012	8.8
June 30, 2013	3.1
June 30, 2014	3.1
June 30, 2015	3.1
June 30, 2016	35.3
June 30, 2017 and thereafter	200.3
Total long-term borrowings	\$ 253.7

Contractual Obligations:

The following table summarizes Navios Logistics' contractual obligations as of June 30, 2011:

Contractual Obligations	Less than 1 year	1-3 years	3-5 years	More than 5 years	Total
Payment due by period (in million \$)					
Long-term debt obligations ⁽¹⁾	\$ 8.8	\$ 6.2	\$ 38.4	\$ 0.3	\$ 53.7
Senior Notes ⁽²⁾	—	—	—	200.0	200.0
Operating lease obligations	5.4	4.6	—	—	10.0
Capital lease obligations	16.3	15.3	—	—	31.6
Rent obligations ⁽³⁾	0.3	0.3	0.2	0.2	1.0
Total	\$ 30.8	\$ 26.4	\$ 38.6	\$ 200.5	\$ 296.3

(1) The amount identified does not include interest costs associated with the outstanding credit facilities, which are based on LIBOR or applicable interest rate swap rates, plus the costs of complying with any applicable regulatory requirements and a margin ranging from 1.5% to 3.00% per annum.

(2) The Senior Notes have a fixed rate of 9.25% per annum.

(3) Navios Logistics has several lease agreements with respect to its various operating offices.

Working Capital Position

On June 30, 2011, Navios Logistics' current assets totaled \$175.7 million, while current liabilities totaled \$64.0 million, resulting in a positive working capital position of \$111.7 million. Navios Logistics' cash forecast indicates that Navios Logistics will generate sufficient cash for at least the next 12 months to make the required principal and interest payments on Navios Logistics' indebtedness, provide for the normal working capital requirements of the business and remain in a positive cash position.

Capital Expenditures

In February 2010, HS South Inc., a majority owned subsidiary of Navios Logistics, took delivery of the Sara H, a 9,000 dwt double hull product oil tanker vessel, which, as of the beginning of March 2010, is chartered-out for three years. The purchase price of the vessel (including direct costs) amounted to \$18.0 million. On December 20, 2010, HS South Inc., entered into a loan facility to finance the acquisition cost of the Sara H for an amount of \$14.4 million, which bears interest at a rate of LIBOR plus 225 basis points. As of June 30, 2011, the amount outstanding under this facility was \$13.5 million. This loan was repaid in full on July 25, 2011. See “Long term Debt Obligations and Credit Arrangements” above.

During the first quarter of 2010, Navios Logistics began the construction of a grain drying and conditioning facility at Navios Logistics’ dry port facility in Nueva Palmira. The facility has been operational since May 16, 2011 and is being financed entirely with funds provided by the port operations. Navios Logistics paid an amount of \$3.9 million as of June 30, 2011 for the construction of the facility (\$3.0 million as of December 31, 2010).

In June 2010, Navios Logistics entered into long-term bareboat agreements for two new product tankers, the Stavroula and the Jiujiang, each with a capacity of 16,871 dwt. The Jiujiang and the Stavroula were delivered in June and July 2010, respectively. Both tankers are chartered-in for a two-year period, and Navios Logistics has the obligation to purchase the vessels immediately upon the expiration of their respective charter periods. Navios Logistics has recognized a capital lease obligation for the Jiujiang and the Stavroula amounting to \$17.0 million and \$17.1 million, respectively.

In 2010, Navios Logistics acquired two 29 acre parcels of land located south of the Nueva Palmira Free Zone as part of a project to develop a new transshipment facility for mineral ores and liquid bulks, paying a total of \$1.0 million.

During the second and third quarter of 2011, on various dates on or prior to August 22, 2011, Navios Logistics used a portion of the proceeds from its offering of senior unsecured notes due 2019 to acquire three pushboats, 66 barges and one floating drydock for a total cost of approximately \$45.8 million, including transportation and other related costs.

Dividend Policy

The payment of dividends is in the discretion of Navios Logistics’ board of directors. Navios Logistics anticipates retaining most of its future earnings, if any, for use in its operations and the expansion of its business. Any determination as to dividend policy will be made by Navios Logistics’ board of directors and will depend on a number of factors, including the requirements of Marshall Islands law, Navios Logistics’ future earnings, capital requirements, financial condition and future prospects and such other factors as Navios Logistics’ board of directors may deem relevant. Marshall Islands law generally prohibits the payment of dividends other than from surplus, when a company is insolvent or if the payment of the dividend would render the company insolvent.

Navios Logistics’ ability to pay dividends is also restricted by the terms of its credit facilities and the indenture governing its Senior Notes.

Because Navios Logistics is a holding company with no material assets other than the stock of its subsidiaries, its ability to pay dividends is dependent upon the earnings and cash flow of its subsidiaries and their ability to pay dividends to Navios Logistics. If there is a substantial decline in any of the markets in which Navios Logistics participates, its earnings will be negatively affected, thereby limiting its ability to pay dividends.

Concentration of Credit Risk

Concentrations of credit risk with respect to accounts receivables are limited due to Navios Logistics’ large number of customers, who are established international operators and have an appropriate credit history. Due to these factors, management believes that no additional credit risk beyond amounts provided for collection losses is inherent in Navios Logistics’ trade receivables. For the six month period ended June 30, 2011, two customers, Petropar and Petrobras, accounted for 13.4% and 12.7% of Navios Logistics’ revenues, respectively. For the six month period ended June 30, 2010, one customer, Petrobras, accounted for 16.7% of Navios Logistics’ revenues.

Off-Balance Sheet Arrangements

Charter hire payments to third parties for chartered-in barges and pushboats are treated as operating leases for accounting purposes. Navios Logistics is also committed to making rental payments under various operating leases for office and other premises.

As of June 30, 2011, Navios Logistics' subsidiaries in South America were contingently liable for various claims and penalties towards the local tax authorities amounting to a total of approximately \$5.1 million. According to the acquisition agreement, if such cases are brought against Navios Logistics, the amounts involved will be reimbursed by the previous shareholders, and, as such, Navios Logistics has recognized a receivable against such liability. The contingencies are expected to be resolved in the next four years. In the opinion of management, the ultimate disposition of these matters is immaterial and will not adversely affect Navios Logistics financial position, results of operations or liquidity.

On August 19, 2009, the Company issued a guarantee and indemnity letter that guarantees the performance by Petrolera San Antonio S.A. ("Petrosan") of all its obligations to Vitol S.A. ("Vitol") up to \$4.0 million. On May 6, 2011, the guarantee amount was increased to \$10.0 million. In addition, Petrosan agreed to pay Vitol immediately upon demand, any and all sums up to the referred limit, plus interest and costs, in relation to sales of gas oil under certain contracts between Vitol and Petrosan. The guarantee expired on August 18, 2011.

As of July 19, 2011 and in consideration of Gunvor S.A. entering into sales of oil or petroleum products with Petrosan, the Company has undertaken to pay to Gunvor S.A. on first demand any obligations arising directly from the non-fulfillment of said contracts. The guarantee shall not exceed \$1.5 million and shall remain in full force and effect until December 31, 2011.

Legal proceedings

The Company is subject to legal proceedings, claims and contingencies arising in the ordinary course of business. When such amounts can be estimated and the contingency is probable, management accrues the corresponding liability. While the ultimate outcome of lawsuits or other proceedings against the Company cannot be predicted with certainty, management does not believe the costs of such actions will have a material effect on the Company's consolidated financial position, results of operations or cash flows.

Related Party Transactions

Balance due to affiliates as of June 30, 2011 amounted to \$0.5 million (December 31, 2010: \$0.2 million) which includes the current amounts due to Navios Holdings.

Navios Logistics rents barges and pushboats and pays expenses for lodging at companies indirectly owned by certain of Navios Logistics' directors and officers. In relation to these transactions, amounts payable to other related parties amounted to \$0.3 million as of June 30, 2011 (\$0.3 million in December 31, 2010) and rent expense for the three and six month periods ended June 30, 2011 amounted to \$0.5 million and \$1.1 million, respectively (\$0.5 million and \$1.1 million in the same periods of 2010, respectively).

Leases: On October 2, 2006, Petrovia S.A. and Mercopar SACI, two wholly owned subsidiaries of Navios Logistics, entered into lease agreements with Holdux Maritima Leasing Corp., a Panamanian corporation owned by the estate of Horacio A. Lopez (the father of Claudio Pablo Lopez, Carlos Augusto Lopez and Horacio Enrique Lopez). The lease agreements provide for the leasing of one pushboat and three tank barges. The total annual lease payments are \$0.6 million and the lease agreements expire in October 2011.

On July 1, 2007, Compania Naviera Horamar S.A., a wholly owned subsidiary of Navios Logistics, entered into two lease agreements with Mercotrans S.A. and Mercoparana S.A., two Argentinean corporations owned by the estate of Horacio A. Lopez (the father of Claudio Pablo Lopez, Carlos Augusto Lopez and Horacio Enrique Lopez). The lease agreements provide for the leasing of one pushboat and three tank barges. The total annual lease payments are \$1.5 million and the lease agreements expire in 2012. The lease agreement with Mercotrans S.A. was terminated on July 20, 2011.

Lodging: Compania Naviera Horamar S.A., a wholly owned subsidiary of Navios Logistics, obtains lodging services from Empresa Hotelera Argentina S.A./ (NH Lancaster) an Argentinean corporation owned by certain of Navios Logistics' directors and officers, including Claudio Pablo Lopez, Navios Logistics' Chief Executive Officer, and Carlos Augusto Lopez, Navios Logistics' Chief Commercial Officer—Shipping Division, each of whom does not have a controlling interest in those companies. The total expense payments were less than \$0.1 million for the three and six month periods ended June 30, 2011 and 2010.

General & administrative expenses: On April 12, 2011, Navios Logistics entered into an administrative services agreement for a term of five years, with Navios Holdings, pursuant to which Navios Holdings will provide certain administrative management services to Navios Logistics. Such services include bookkeeping, audit and accounting services, legal and insurance services, administrative and clerical services, banking and financial services, advisory services, client and investor relations and other. Navios Holdings is reimbursed for reasonable costs and expenses incurred in connection with the provision of these services. Total general and administrative fees charged for the three and six month periods ended June 30, 2011 amounted to \$0.1 million and \$0.1 million, respectively (\$0 for both of the three and six month periods ended June 30, 2010).

Navios Logistics believes that the transactions discussed above were made on terms no less favorable to the Company than would have been obtained from unaffiliated third parties.

Employment Agreements

Navios Logistics has executed employment agreements with several of its key employees who are its noncontrolling shareholders. These agreements stipulate, among other things, severance and benefit arrangements in the event of termination. In addition, the agreements include confidentiality provisions and covenants not to compete. The employment agreements initially expired in December 31, 2009, but renew automatically for successive one-year periods until either party gives 90 days' written notice of its intention to terminate the agreement. Generally, the agreements call for a base salary ranging from \$0.28 million to \$0.34 million per year, annual bonuses and other incentives, provided that certain performance targets are achieved. Under the agreements, Navios Logistics' accrued compensation totaling \$0.2 million and \$0.5 million for the three and six month periods ended June 30, 2011 and 2010 (\$0.2 million and \$0.5 million in the same periods of 2010).

Quantitative and Qualitative Disclosures about Market Risks

Navios Logistics is exposed to certain risks related to interest rate, foreign currency and time charter hire rate fluctuation. Risk management is carried out under policies approved by executive management.

Interest Rate Risk:

Debt Instruments — On June 30, 2011 and December 31, 2010, Navios Logistics had a total of \$253.7 million and \$127.4 million, respectively, in long-term indebtedness. The debt is dollar denominated and bears interest at a floating rate, except for the Hidronave loan and the Senior Notes, which bear interest at a fixed rate.

The interest on the loan facilities is at a floating rate and, therefore, changes in interest rates would affect their value. The interest rates on the Hidronave loan and the Senior Notes are fixed and, therefore, changes in interest rates do not affect their value, which as of June 30, 2011 was \$0.7 million and \$200.0 million, respectively.

Navios Logistics' financial variable rate debt, as of June 30, 2011, amounted to \$53.0 million. During the six month period ended June 30, 2011, Navios Logistics paid interest on this debt based on LIBOR plus an average spread of 205 basis points. Navios Logistics variable rate debt had an average interest rate of 230 basis points as of June 30, 2011. A change in the LIBOR rate of 100 basis points would change interest expense for the three month period ended June 30, 2011 by \$0.1 million.

On July 25, 2011, Navios Logistics used proceeds from the Senior Notes to fully repay \$53.0 million of debt of the non-wholly owned subsidiaries in connection with Navios Logistics' purchase of the noncontrolling interests of such non-wholly owned subsidiaries. As a result, from that date onward Navios Logistics' debt bears interest at a fixed rate only.

For a detailed discussion of Navios Logistics' debt instruments refer to section "Long-term Debt Obligations and Credit Arrangements" included elsewhere in this document.

Foreign currency transactions:

Navios Logistics' operating results, which are reported in U.S. dollars, may be affected by fluctuations in the exchange rate between the U.S. dollar and other currencies. For accounting purposes, Navios Logistics uses U.S. dollars as its functional and reporting currency. Therefore, revenue and expense accounts are translated into U.S. dollars at the exchange rate in effect at the date of each transaction. The balance sheets of the foreign operations are translated using the exchange rate at the balance sheet date except for property and equipment and equity, which are translated at historical rates.

Navios Logistics' subsidiaries in Uruguay, Argentina, Brazil and Paraguay transact part of their operations in Uruguayan pesos, Argentinean pesos, Brazilian reals and Paraguayan guaraníes; however, all of the subsidiaries' primary cash flows are U.S. dollar denominated. For the six month periods ended June 30, 2011 and 2010 approximately 54.9% and 46.8%, respectively, of Navios Logistics' expenses were incurred in currencies other than U.S. dollars. Transactions in currencies other than the functional currency are translated at the exchange rate in effect at the date of each transaction. Differences in exchange rates during the period between the date a transaction denominated in a foreign currency is consummated and the date on which it is either settled or translated are recognized in the statement of income.

Inflation and fuel price increases

The impact of inflation and the resulting pressure on prices in the South American countries in which Navios Logistics operates may not be fully neutralized by equivalent adjustments in the rate of exchange between the local currencies and the U.S. dollar. Specifically, for Navios Logistics' vessels, barges and pushboats business, Navios Logistics negotiated, and will continue to negotiate, fuel price adjustment clauses; however, in some cases, prices that Navios Logistics pays for fuel are temporarily not aligned with the adjustments that Navios Logistics obtains under its freight contracts.

Critical Accounting Policies

Navios Logistics' condensed consolidated financial statements have been prepared in accordance with U.S. GAAP. The preparation of these financial statements requires Navios Logistics to make estimates in the application of its accounting policies based on the best assumptions, judgments and opinions of management. Following is a discussion of the accounting policies that involve a higher degree of judgment and the methods of their application that affect the reported amount of assets and liabilities, revenues and expenses and related disclosure of contingent assets and liabilities at the date of Navios Logistics' financial statements. Actual results may differ from these estimates under different assumptions or conditions.

Critical accounting policies are those that reflect significant judgments or uncertainties, and potentially result in materially different results under different assumptions and conditions. Navios Logistics has described below what it believes are its most critical accounting policies that involve a high degree of judgment and the methods of their application.

Impairment of Long-Lived Assets: Vessels, other fixed assets and other long-lived assets held and used by Navios Logistics are reviewed periodically for potential impairment whenever events or changes in circumstances indicate that the carrying amount of a particular asset may not be fully recoverable. In accordance with accounting for long-lived assets, management determines projected undiscounted cash flows for each asset and compares it to its carrying amount. In the event that projected undiscounted cash flows for an asset is less than its carrying amount, then management reviews fair values and compares them to the asset's carrying amount. In the event that impairment occurs, an impairment charge is recognized by comparing the asset's carrying amount to its fair value. For the purposes of assessing impairment, long-lived assets are grouped at the lowest levels for which there are separately identifiable cash flows.

For the period ended June 30, 2011, after considering various indicators, including but not limited to the market price of Navios Logistics' long-lived assets, Navios Logistics' contracted revenues and cash flows and the economic outlook, Navios Logistics concluded that no impairment loss should be recognized on the long-lived assets.

Although Navios Logistics believes the underlying indicators supporting this assessment are reasonable, if charter rate trends became unfavorable and the length of the current market downturn extends beyond expectations, Navios Logistics may be required to perform impairment analysis in the future that could expose Navios Logistics to material charges in the future.

No impairment loss was recognized for any of the periods presented.

Vessels, Barges, Pushboats and Other Fixed Assets, Net: Vessels, barges, pushboats and other fixed assets acquired as parts of a business combination or asset acquisition are recorded at fair value on the date of acquisition. All other vessels, barges and pushboats acquired are stated at historical cost, which consists of the contract price, and any material expenses incurred upon acquisition (improvements and delivery expenses). Subsequent expenditures for major improvements and upgrading are capitalized, provided they appreciably extend the life, increase the earning capacity or improve the efficiency or safety of the vessels. The cost and related accumulated depreciation of assets retired or sold are removed from the accounts at the time of sale or retirement and any gain or loss is included in the accompanying condensed consolidated statement of income.

Expenditures for routine maintenance and repairs are expensed as incurred.

Depreciation is computed using the straight-line method over the useful life of the assets, after considering the estimated residual value. Management estimates the useful life of the majority of Navios Logistics' vessels to be between 15 and 40 years from the asset's original construction or acquisition with the exception of certain product tankers for which their useful life was estimated to be 44 to 45 years. However, when regulations place limitations over the ability of a vessel to trade on a worldwide basis, its useful life is reestimated to end at the date such regulations become effective. An increase in the useful life of a vessel or in its residual value would have the effect of decreasing the annual depreciation charge and extending it into later periods. A decrease in the useful life of a vessel or in its residual value would have the effect of increasing the annual depreciation charge.

Navios Logistics capitalizes interest on long-term construction projects.

Port Terminals and Other Fixed Assets, Net: Port terminals and other fixed assets acquired as part of a business combination or asset acquisition are recorded at fair value on the date of acquisition. All other port terminals and other fixed assets are recorded at cost, which consists of the construction contracts prices, and material equipment expenses. Port terminals and other fixed assets are depreciated utilizing the straight-line method at rates equivalent to their average estimated economic useful lives. The cost and related accumulated depreciation of assets retired or sold are removed from the accounts at the time of sale or retirement and any gain or loss is included in the accompanying condensed consolidated statements of income.

Useful life of the assets, are:

Dry port terminal	5 to 40 years
Oil storage, plant and port facilities for liquid cargoes	5 to 20 years
Other fixed assets	5 to 10 years

Deferred Drydock and Special Survey Costs: Navios Logistics' vessels are subject to regularly scheduled drydocking and special surveys that are carried out every five years for oceangoing vessels and every seven years for pushboats and barges, to coincide with the renewal of the related certificates issued by the classification societies, as applicable, unless a further extension is obtained under certain conditions. The costs of drydocking and special surveys are deferred and amortized over the above-mentioned periods or to the next drydocking or special survey date if such has been determined. Unamortized drydocking or special survey costs of vessels sold are charged against income in the year the vessel is sold. When a vessel is acquired, the portion of the asset's capitalized cost that relates to drydocking or special survey is treated as a separate component of the asset's cost and is deferred and amortized as above. This cost is determined by reference to the estimated economic benefits to be derived until the next drydocking or special survey.

Goodwill and Other Intangibles:

(i) *Goodwill:* Goodwill is tested for impairment at the reporting unit level at least annually and written down with a charge to operations if its carrying amount exceeds the estimated implied fair value. Navios Logistics evaluates impairment of goodwill using a two-step process. First, the aggregate fair value of the reporting unit is compared to its carrying amount, including goodwill. Navios Logistics determines the fair value of the reporting unit based on a combination of discounted cash flow analysis and an industry market multiple.

If the fair value of a reporting unit exceeds the carrying amount, no impairment exists. If the carrying amount of the reporting unit exceeds the fair value, then Navios Logistics must perform the second step to determine the implied fair value of the reporting unit's goodwill and compare it with its carrying amount. The implied fair value of goodwill is determined by allocating the fair value of the reporting unit to all the assets and liabilities of that reporting unit, as if the reporting unit had been acquired in a business combination and the fair value of the reporting unit was the purchase price. If the carrying amount of the goodwill exceeds the implied fair value, then goodwill impairment is recognized by writing the goodwill down to its implied fair value.

No impairment loss was recognized for any of the periods presented.

(ii) *Intangibles Other than Goodwill*: Navios Logistics' intangible assets and liabilities consist of favorable lease terms, customer relationships, trade name, port terminal operating rights, and favorable construction options. Intangible assets resulting from acquisitions accounted for using the purchase method of accounting are recorded at fair value as estimated by an external expert valuation.

The fair value of the trade name was determined based on the "relief from royalty" method which values the trade name based on the estimated amount that a company would have to pay in an arms-length transaction in order to use that trade name. Other intangibles that are being amortized, such as the amortizable portion of favorable leases, port terminal operating rights, customers relationships and backlog assets, would be considered impaired if their fair market value could not be recovered from the future undiscounted cash flows associated with the asset. Vessel purchase options, which are included in favorable lease terms, are not amortized and would be considered impaired if the carrying value of an option, when added to the option price of the vessel, exceeded the fair value of the vessel.

The fair value of customer relationships was determined based on the "excess earnings" method, which relies upon the future cash flow generating ability of the asset. The asset is amortized under the straight line method over 20 years.

When intangible assets or liabilities associated with the acquisition of a vessel are identified, they are recorded at fair value. Fair value is determined by reference to market data and the discounted amount of expected future cash flows. Where charter rates are higher than market charter rates, an asset is recorded, being the difference between the acquired charter rate and the market charter rate for an equivalent vessel. Where charter rates are less than market charter rates, a liability is recorded, being the difference between the assumed charter rate and the market charter rate for an equivalent vessel. The determination of the fair value of acquired assets and assumed liabilities requires Navios Logistics to make significant assumptions and estimates of many variables, including market charter rates, expected future charter rates, the level of utilization of Navios Logistics' vessels and its weighted average cost of capital. The use of different assumptions could result in a material change in the fair value of these items, which could have a material impact on Navios Logistics' financial position and results of operations.

The amortizable value of favorable leases is amortized over the remaining life of the lease term and the amortization expense is included in the statement of operations in the "Depreciation and amortization" line item.

The amortizable value of favorable leases would be considered impaired if its fair market value could not be recovered from the future undiscounted cash flows associated with the asset. As of June 30, 2011, there is no impairment of intangible assets.

Amortizable intangible assets are amortized under the straight line method according to the following weighted average amortization periods:

Intangible assets/liabilities	Years
Trade name	10
Favorable lease terms	2 to 5
Port terminal operating rights	20 to 25
Customers relationships	20
Backlog asset—port terminal	3.6

Recent Accounting Pronouncements

Presentation of Comprehensive Income

In June 2011, the FASB issued an update in the presentation of comprehensive income. According to the update an entity has the option to present the total of comprehensive income, the components of net income, and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements. The statement of other comprehensive income should immediately follow the statement of net income and include the components of other comprehensive income and a total for other comprehensive income, along with a total for comprehensive income. Regardless of whether an entity chooses to present comprehensive income in a single continuous statement or in two separate but consecutive statements, the entity is required to present on the face of the financial statements reclassification adjustments for items that are reclassified from other comprehensive income to net income in the statement(s) where the components of net income and the components of other comprehensive income are presented. The amendments in this update do not change the items that must be reported in other comprehensive income or when an item of other comprehensive income must be reclassified to net income. For public entities, the amendments are effective for fiscal years, and interim periods within those years, beginning after December 15, 2011. Early adoption is permitted, because compliance with the amendments is already permitted. The amendments do not require any transition disclosures. The adoption of the new amendments is not expected to have a significant impact on Navios Logistics' consolidated financial statements.

Fair Value Measurement

In May 2011, the Financial Accounting Standards Board ("FASB") issued amendments to achieve common fair value measurement and disclosure requirements. The new guidance (i) prohibits the grouping of financial instruments for purposes of determining their fair values when the unit of accounting is specified in another guidance, unless the exception provided for portfolios applies and is used; (ii) prohibits the application of a blockage factor in valuing financial instruments with quoted prices in active markets and (iii) extends that prohibition to all fair value measurements. Premiums or discounts related to size as a characteristic of the entity's holding (that is, a blockage factor) instead of as a characteristic of the asset or liability (for example, a control premium), are not permitted. A fair value measurement that is not a Level 1 measurement may include premiums or discounts other than blockage factors when market participants would incorporate the premium or discount into the measurement at the level of the unit of accounting specified in another guidance. The new guidance aligns the fair value measurement of instruments classified within an entity's shareholders' equity with the guidance for liabilities. As a result, an entity should measure the fair value of its own equity instruments from the perspective of a market participant that holds the instruments as assets. The disclosure requirements have been enhanced. The most significant change will require entities, for their recurring Level 3 fair value measurements, to disclose quantitative information about unobservable inputs used, to include a description of the valuation processes used by the entity, and to include a qualitative discussion about the sensitivity of the measurements. In addition, entities must report the level in the fair value hierarchy of assets and liabilities not recorded at fair value but where fair value is disclosed. The new guidance is effective for interim and annual periods beginning on or after December 15, 2011, with early adoption prohibited. The new guidance will require prospective application. The adoption of the new standard is not expected to have a significant impact on Navios Logistics' consolidated financial statements.

Fair Value Disclosures

In January 2010, the Financial Accounting Standards Board ("FASB") issued amended standards requiring additional fair value disclosures. The amended standards require disclosures of transfers in and out of Levels 1 and 2 of the fair value hierarchy, as well as requiring gross basis disclosures for purchases, sales, issuances and settlements within the Level 3 reconciliation. Additionally, the update clarifies the requirement to determine the level of disaggregation for fair value measurement disclosures and to disclose valuation techniques and inputs used for both recurring and nonrecurring fair value measurements in either Level 2 or Level 3. Navios Logistics adopted the new guidance in the first quarter of fiscal year 2010, except for the disclosures related to purchases, sales, issuance and settlements within Level 3, which will be effective for Navios Logistics beginning in the first quarter of fiscal year 2011. The adoption of the new standards did not have and is not expected to have a significant impact on Navios Logistics' consolidated financial statements.

NAVIOS SOUTH AMERICAN LOGISTICS INC.
NOTES TO THE UNAUDITED
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

NOTE 1: DESCRIPTION OF BUSINESS

Nature of operations

Navios South American Logistics Inc. (“Navios Logistics” or the “Company”), together with its subsidiaries, is one of the largest logistics companies in the Hidrovia region of South America, serving the storage and marine transportation needs of its customers through two port storage and transfer facilities, one for grain commodities and the other for refined petroleum products, and a diverse fleet, consisting of vessels, barges and pushboats. Navios Logistics has combined its ports in Uruguay and Paraguay with its versatile fleet to create an end-to-end logistics solution for customers seeking to transport mineral and grain commodities and liquid cargoes through the Hidrovia region. The Company provides transportation for liquid cargo (hydrocarbons such as crude oil, gas oil, naphtha, fuel oil and vegetable oils), liquefied cargo (liquefied petroleum gas (LPG)) and dry cargo (cereals, cotton pellets, soybeans, wheat, limestone (clinker), mineral iron, and rolling stones).

Formation of Navios Logistics

Navios Logistics was incorporated under the laws of the Republic of the Marshall Islands on December 17, 2007. On January 1, 2008, pursuant to a Share Purchase Agreement, Navios Maritime Holdings Inc. (“Navios Holdings”) (NYSE: NM) contributed: (a) \$112,200 in cash and (b) all of the authorized capital stock of its wholly-owned subsidiary, Corporacion Navios Sociedad Anonima (“CNSA”), to Navios Logistics in exchange for 12,765 shares of Navios Logistics representing 63.8% (67.2% excluding contingent consideration) of Navios Logistics’ outstanding stock. As part of the same transaction, Navios Logistics acquired 100% ownership of Horamar Group (“Horamar”) in exchange for: (i) \$112,200 in cash, of which \$5,000 was escrowed and payable upon the attainment of certain EBITDA targets during specified periods through December 2008; and (ii) the issuance of 7,235 shares of Navios Logistics representing 36.2% (32.8% excluding contingent consideration) of Navios Logistics’ outstanding stock, of which 1,007 shares were escrowed upon the attainment of certain EBITDA targets. During the year ended December 31, 2008, \$2,500 in cash and 503 shares were released from escrow when Horamar achieved the interim EBITDA target. On March 20, August 19, and December 30, 2009, the Share Purchase Agreement was amended to postpone until June 17, 2010 the date for determining whether the EBITDA target was achieved. On June 17, 2010, following the release of \$2,500 in cash and the 504 shares remaining in escrow upon the achievement of the EBITDA target thresholds, goodwill increased by \$13,370, to reflect the changes in non-controlling interests. Navios Holdings currently holds 63.8% of Navios Logistics’ outstanding stock. The shares released from escrow on June 17, 2010 related to the Horamar acquisition were valued in the Company’s financial statements at \$10,870 on the basis of their estimated fair value on the date of the release. The fair value of the escrowed shares was estimated based on a discounted cash flow analysis prepared by the Company, which projected the expected future cash flows for its logistics business and discounted those cash flows at a rate that reflects the business’ weighted-average cost of capital. This release was accounted for by increasing goodwill and increasing paid-in capital.

The Company used the following key methods and assumptions in the discounted cash flow analysis: (a) its free cash flows (EBITDA less capital expenditures and income taxes) for each of the years from 2010 through 2014 was projected on the basis of a compound annual growth rate for revenue of approximately 8.8%; (b) its cash flow projections were prepared on the basis of revenue producing assets that were owned by the logistics business as of the date of the analysis; (c) a terminal value for the business was calculated by applying a growth factor of 4.9% in perpetuity to projected free cash flow for the last specifically-forecasted year (2014); (d) its projected future cash flows, including the terminal value, were discounted using a weighted-average cost of capital of 12.9%; and (e) net debt of the business was deducted from the discounted cash flows in arriving at estimated fair value of the logistics business.

The 7,235 shares of Navios Logistics issued were valued at fair value as this was a transaction involving unrelated, independent parties, while the 12,765 shares issued to Navios Holdings in exchange for its 100% equity interest in CNSA were accounted for at carryover basis.

NAVIOS SOUTH AMERICAN LOGISTICS INC.
NOTES TO THE UNAUDITED
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

(a) Basis of Presentation:

The accompanying interim condensed consolidated financial statements are unaudited, but, in the opinion of management, reflect all adjustments for a fair statement of Navios Logistics' consolidated financial positions, statements of changes in equity, statements of operations and cash flows for the periods presented. Adjustments consist of normal, recurring entries. Where necessary comparative figures have been reclassified to conform to changes in presentation in the current year. The results of operations for the interim periods are not necessarily indicative of results for the full year. The footnotes are condensed as permitted by the requirements for interim financial statements and, accordingly, do not include information and disclosures required under United States generally accepted accounting principles ("GAAP") for complete financial statements. The December 31, 2010 balance sheet data was derived from audited financial statements, but do not include all disclosures required by GAAP.

For the three and six month period ended June 30, 2010, the Company reclassified \$11,474 and \$22,210, respectively, from time charter, voyage and port terminal expenses to direct vessel expenses since the Company considers this to be a better presentation to reflect the results of operations.

(b) Principles of Consolidation

The accompanying interim consolidated financial statements include the accounts of Navios Logistics and its majority owned subsidiaries. All significant intercompany balances and transactions have been eliminated in the consolidated statements.

(c) Subsidiaries Included in the Consolidation:

Subsidiaries are those entities in which the Company has an interest of more than one half of the voting rights or otherwise has power to govern the financial and operating policies. Barges, pushboats and other vessels acquired as part of a business combination are recorded at fair market value on the date of acquisition. Barges, pushboats and other vessels acquired as asset acquisitions are stated at historical cost, which consists of the contract price and any material expenses incurred upon acquisition (improvements and delivery expenses). The excess of the cost of acquisition over the fair value of the net assets acquired and liabilities assumed is recorded as goodwill.

Subsidiaries included in the consolidation:

Company Name	Country of Incorporation	Nature/Vessel Name	Percentage Of Ownership	Statement of Operations

Balance June 30, 2011	\$ 25,949	\$ (4,595)	\$ 21,354
Other Fixed Assets	Cost	Accumulated Depreciation	Net Book Value
Balance December 31, 2010	\$ 4,139	\$ (433)	\$ 3,706
Additions	679	(155)	524
Balance June 30, 2011	\$ 4,818	\$ (588)	\$ 4,230
Total	Cost	Accumulated Depreciation	Net Book Value
Balance December 31, 2010	\$ 348,234	\$ (52,101)	\$ 296,133
Additions	32,152	(8,863)	23,289
Balance June 30, 2011	\$ 380,386	\$ (60,964)	\$ 319,422

Certain assets of the Company have been pledged as collateral for loan facilities. As of June 30, 2011 and December 31, 2010, the net book value of such assets was \$45,688 and \$45,568, respectively (See Note 6).

During the first quarter of 2010, Navios Logistics began the construction of a grain drying and conditioning facility at its dry port facility in Nueva Palmira, Uruguay. The facility, which has been operational since May 16, 2011, has been financed entirely with funds provided by Navios Logistics' dry port operations. For the construction of the facility, Navios Logistics paid \$841 during the six month period ended June 30, 2011 and \$3,043 during the year ended December 31, 2010.

NAVIOS SOUTH AMERICAN LOGISTICS INC.
NOTES TO THE UNAUDITED
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

During the second quarter of 2011, Navios Logistics used a portion of the proceeds from the Senior Notes offering to pay \$10,360 for the acquisition of two pushboats named William Hank and Lonny Fugate and another \$6,360 for the acquisition of a pushboat named WW Dyer. Additionally, Navios Logistics used a portion of such proceeds to pay \$10,188 for the acquisition of 35 dry barges, \$1,500 relating to transportation and other related costs associated to the pushboats and barges acquired, and \$1,000 for a payment in advance for the acquisition of a floating drydock facility (total cost \$4,300).

Additionally, during the six month period ended June 30, 2011, Navios Logistics performed some improvements relating to its vessels, the Malva H, Estefania H and the Jiujiang, amounting to \$44, \$599 and \$1,070, respectively.

In 2010, Navios Logistics acquired two pieces of land located at the south of the Nueva Palmira Free Zone as part of a project to develop a new transshipment facility for mineral ores and liquid bulks, paying a total of \$987.

In February 2010, the Company took delivery of a product tanker, the Sara H. The purchase price of the vessel (including direct costs) amounted to approximately \$17,981.

In June 2010, Navios Logistics entered into long-term bareboat agreements for two new product tankers, the Stavroula and the Jiujiang, each with a capacity of 16,871 dwt. The Jiujiang and the Stavroula were delivered in June and July 2010, respectively. Both tankers are chartered-in for a two-year period, and Navios Logistics has the obligation to purchase the vessels immediately upon the expiration of their respective charter periods. The purchase price of the vessels (including direct costs) amounted to approximately \$19,643 and \$17,904, respectively. As of June 30, 2011, the obligations for these vessels were accounted for as capital leases and the lease payments during the six month period ended June 30, 2011 for both vessels were \$612.

The following is an analysis of the leased property under capital leases:

Vessel	June 30, 2011
Jiujiang and Stavroula	\$ 37,547
Less: Accumulated amortization	(500)
Net book value	\$ 37,047

Future minimum lease payments under capital lease together with the present value of the future minimum lease payments as of June 30, 2011, are as follows:

Payment due by period	June 30, 2011
June 30, 2012	\$ 17,260
June 30, 2013	15,383
Total future minimum lease payments (1)	\$ 32,643
Less: amount representing interest (2)	(994)
Present value of future minimum lease payments (3)	\$ 31,649

- (1) There are no minimum sublease rentals to reduce minimum payments.
- (2) Amount necessary to reduce net minimum lease payments to present value calculated at the Company's incremental borrowing rate at the inception of the lease.
- (3) Reflected in the balance sheet as current and noncurrent obligations under capital leases of \$16,341 and \$15,308, respectively.

CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

NOTE 5: INTANGIBLE ASSETS OTHER THAN GOODWILL

Intangible assets as of June 30, 2011 and December 31, 2010 consisted of the following:

June 30, 2011	Acquisition Cost	Accumulated Amortization	Disposal/Transfer to Vessel Cost	Net Book Value June 30, 2011
Trade name	\$ 10,420	\$ (3,647)	\$ —	\$ 6,773
Port terminal operating rights	34,060	(5,066)	—	28,994
Customer relationships	36,120	(6,841)	—	29,279
Favorable lease terms	3,780	(2,742)	—	1,038
Total	\$ 84,380	\$ (18,296)	\$ —	\$ 66,084

December 31, 2010	Acquisition Cost	Accumulated Amortization	Disposal/Transfer to Vessel Cost	Net Book Value December 31, 2010
Trade name	\$ 10,420	\$ (3,126)	\$ —	\$ 7,294
Port terminal operating rights	34,060	(4,605)	—	29,455
Customer relationships	36,120	(5,954)	—	30,166
Favorable construction contracts (*)	4,400	—	(4,400)	—
Favorable lease terms	3,780	(2,396)	—	1,384
Total	\$ 88,780	\$ (16,081)	\$ (4,400)	\$ 68,299

(*) This amount is not amortized until the vessel is delivered. When a vessel is delivered, the amount is capitalized as part of the cost of the vessel and then depreciated over the remaining useful life of the vessel. Following the delivery of the tanker vessel Sara H (in 2010), \$4,400 was transferred in 2010 to the cost of the vessel.

Amortization expense, net for the three and six month periods ended June 30, 2011 amounted to \$1,109 and \$2,215, respectively (\$1,120 and \$2,240 for the three and six month periods ended June 30, 2010, respectively).

The remaining aggregate amortization of acquired intangibles as of June 30, 2011 will be as follows:

Description	Within one year	Year two	Year three	Year four	Year five	Thereafter	Total
Trade name	\$ 1,042	\$ 1,042	\$ 1,042	\$ 1,042	\$ 1,042	\$ 1,563	\$ 6,773
Port terminal operating rights	917	917	917	917	917	24,409	28,994
Customer relationships	1,775	1,775	1,775	1,775	1,775	20,404	29,279
Favorable lease terms	692	346	—	—	—	—	1,038
Total	\$ 4,426	\$ 4,080	\$ 3,734	\$ 3,734	\$ 3,734	\$ 46,376	\$ 66,084

NOTE 6: BORROWINGS

On April 12, 2011, Navios Logistics and its wholly-owned subsidiary Navios Logistics Finance (US) Inc. (“Logistics Finance” and, together with the Company, the “Co-Issuers”) issued \$200,000 in Senior Notes (the “Senior Notes”) due on April 15, 2019 at a fixed rate of 9.25%. The Senior Notes are fully and unconditionally guaranteed, jointly and severally, by all of Navios Logistics’ direct and indirect subsidiaries except for Hidronave South American Logistics S.A. and Navios Logistics Finance (US) Inc. The Co-Issuers have the option to redeem the notes in whole or in part, at their option, at any time (i) before April 15, 2014, at a redemption price equal to 100% of the principal amount plus the applicable make-whole premium plus accrued and unpaid interest, if any, to the redemption date and (ii) on or after April 15, 2014, at a fixed price of 106.938%, which price declines ratably until it reaches par in 2017. At any time before April 15, 2014, the Co-Issuers may redeem up to 35% of the aggregate principal amount of the Senior Notes with the net proceeds of an equity offering at 109.25% of the principal amount of the notes, plus accrued and unpaid interest, if any, to the redemption date so long as at least 65% of the originally issued aggregate principal amount of the notes remains outstanding after such redemption. In addition, upon the occurrence of certain change of control events, the holders of the Senior Notes will have the right to require the Co-Issuers to repurchase some or all of the notes at 101% of their face amount, plus accrued and unpaid interest to the repurchase date.

NAVIOS SOUTH AMERICAN LOGISTICS INC.
NOTES TO THE UNAUDITED
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

Under a registration rights agreement, the Co-Issuers and the subsidiary guarantors are obliged to file a registration statement prior to January 7, 2012 that enables the holders of the Senior Notes to exchange the privately placed notes with publicly registered notes with identical terms.

The Senior Notes contain covenants which, among other things, limit the incurrence of additional indebtedness, issuance of certain preferred stock, the payment of dividends, redemption or repurchase of capital stock or making restricted payments and investments, creation of certain liens, transfer or sale of assets, entering in transactions with affiliates, merging or consolidating or selling all or substantially all of Navios Logistics' properties and assets and creation or designation of restricted subsidiaries.

The net proceeds from the Senior Notes were approximately \$194,000 after deducting fees and estimated expenses relating to the offering. The net proceeds from the Senior Notes have been or will be used to (i) repay existing indebtedness, including any indebtedness of Navios Logistics' non-wholly owned subsidiaries excluding Hidronave South American Logistics S.A. ("non-wholly owned subsidiaries"), (ii) purchase barges and pushboats and (iii) to the extent there are remaining proceeds after the uses in (i) and (ii), for general corporate purposes.

Borrowings, other than the Senior Notes mentioned above, consist of the following:

	June 30, 2011
Loan for Malva H	5,739
Loan for Estefania H	13,740
Loan for Makenita H	19,997
Loan for Sara H	13,495
Loan for Nazira	700
Total borrowing	53,671
Less: current portion	(8,808)
Total long-term borrowings	\$ 44,863

Marfin Facility

On March 31, 2008, the Company entered into a \$70,000 loan facility with Marfin Popular Bank for the purpose of providing Nauticler S.A. with investment capital to be used in connection with one or more investment projects. The loan was initially repayable in one installment by March 2011 and bore interest at LIBOR plus a margin of 175 basis points. In March 2009, the Company transferred its loan facility of \$70,000 to Marfin Popular Bank Public Co. Ltd. The loan provided for an additional one year extension and increase of the margin to 275 basis points. On March 23, 2010, the loan was extended for one additional year, providing an increase of the margin to 300 basis points. On March 29, 2011, the Company agreed with Marfin Popular Bank to amend its current loan agreement with its subsidiary, Nauticler S.A., to provide for a \$40,000 revolving credit facility. Under the amended facility, the existing margin of 300 basis points will apply and the obligations will be secured by mortgages on four tanker vessels or alternative security over other assets acceptable to the bank. The amended facility requires compliance with customary covenants. The obligation of the bank under the amended facility is subject to prepayment of the existing facility and is subject to customary conditions, such as the receipt of satisfactory appraisals, insurance, opinions and the negotiation, execution and delivery of mutually satisfactory loan documentation. On April 12, 2011, following the completion of the sale of the Senior Notes by the Co-Issuers, Navios Logistics fully repaid the \$70,000 loan facility with Marfin Popular Bank using a portion of the proceeds of the Senior Notes. As of June 30, 2011, the revolving credit facility of \$40,000 had not been drawn.

Other Indebtedness

In connection with the acquisition of Horamar, Navios Logistics had assumed a \$9,500 loan facility that was entered into by its majority owned subsidiary, HS Shipping Ltd. Inc. in 2006, in order to finance the construction of a 8,974 dwt double-hull tanker, the Malva H. After the vessel's delivery, the interest rate has been LIBOR plus 150 basis points.

NAVIOS SOUTH AMERICAN LOGISTICS INC.
NOTES TO THE UNAUDITED
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

The loan was repayable in installments of at least 90% of the amount of the last hire payment due by Horamar to be paid to HS Shipping Ltd. Inc. The loan was repayable by December 31, 2011 and could have been prepaid before such date, upon two days written notice. The loan also required compliance with certain covenants. As of June 30, 2011, the amount outstanding under this facility was \$5,739 (\$6,645 as of December 31, 2010). This loan was repaid in full on July 25, 2011 using a portion of the proceeds from the Senior Notes. See also Note 12.

Navios Logistics assumed a \$2,286 loan facility that was entered into, by its majority owned subsidiary, Thalassa Energy S.A., in October 2007 in order to finance the purchase of two self-propelled barges, the Formosa and the San Lorenzo. The loan bears interest at LIBOR plus 150 basis points. The loan was repayable in five equal installments of \$457, which were made in November 2008, June 2009, January 2010, August 2010, and March 2011. The loan was secured by a first priority mortgage over the two self-propelled barges. As of June 30, 2011, the amount outstanding under this facility was \$0 (\$457 as of December 31, 2010). See also Note 12.

On September 4, 2009, Navios Logistics entered into a loan facility in order to finance the acquisition cost of the Estefania H for an amount of up to \$18,710 that bears interest at LIBOR plus 225 basis points. The loan is repayable in installments of at least the higher of (a) 90% of the amount of the last hire payment due to HS Navigation Inc. prior to the repayment date; and (b) \$250, inclusive of any interest accrued in relation to the loan at that time. The loan was repayable by May 15, 2016 and could have been prepaid before such date with two days written notice. As of June 30, 2011, the amount outstanding under this facility was \$13,740 (\$14,405 as of December 31, 2010). The loan also required compliance with certain covenants. This loan was repaid in full on July 25, 2011 using a portion of the proceeds from the Senior Notes. See also Note 12.

On December 15, 2009, in order to finance the acquisition cost of Makenita H, Navios Logistics entered into a loan facility for \$24,000 that bears interest at LIBOR plus 225 basis points. The loan is repayable in installments of at least the higher of (a) 90% of the amount of the last hire payment due to HS Tankers Inc. prior to the repayment date; and (b) \$250, inclusive of any interest accrued in relation to the loan at that time. The loan was repayable by March 24, 2016 and could have been prepaid before such date with two days written notice. As of June 30, 2011, the amount outstanding under this facility was \$19,997 (\$21,093 as of December 31, 2010). The loan also required compliance with certain covenants. This loan was repaid in full on July 25, 2011 using a portion of the proceeds from the 9.25% Senior Notes. See also Note 12.

On December 20, 2010, in order to finance the acquisition cost of Sara H, Navios Logistics entered into a loan facility for \$14,385 that bears interest at LIBOR plus 225 basis points. The loan is repayable in installments of at least the higher of (a) 90% of the amount of the last hire payment due to HS South Inc. prior to the repayment date; and (b) \$250, inclusive of any interest accrued in relation to the loan at that time. The loan was repayable by May 24, 2016 and could have been prepaid before such date with two days written notice. As of June 30, 2011, the amount outstanding under this facility was \$13,495 (\$14,087 as of December 31, 2010). The loan also requires compliance with certain covenants. This loan was repaid in full on July 25, 2011 using a portion of the proceeds from the Senior Notes. See also Note 12.

In connection with the acquisition of Hidronave S.A. on October 29, 2009, the Company assumed an \$817 loan facility that was entered into by Hidronave S.A. in 2001 in order to finance the construction of the pushboat Nazira. As of June 30, 2011, the outstanding loan balance was \$700 (\$735 as of December 31, 2010). The loan facility bears interest at a fixed rate of 600 basis points. The loan is repayable in monthly installments of \$6 each and the final repayment must occur prior to August 10, 2021. The loan also requires compliance with certain covenants.

In connection with the loans, the Company is subject to certain covenants and commitments and certain of its assets are restricted as collateral. The Company was in compliance with all the covenants as of the period ended June 30, 2011.

The maturity table below reflects future principal payments of the long-term debt outstanding as of June 30, 2011, for the next five years and thereafter.

NAVIOS SOUTH AMERICAN LOGISTICS INC.
NOTES TO THE UNAUDITED
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

Payment due by period	Amounts in thousands of U.S. dollars
June 30, 2012	\$ 8,808

June 30, 2014	3,069
June 30, 2015	3,069
June 30, 2016	35,301
June 30, 2017 and thereafter	<u>200,355</u>
Total long-term borrowings	<u>\$ 253,671</u>

NOTE 7: COMMITMENTS AND CONTINGENCIES

As part of the Horamar acquisition, the Company identified certain preacquisition contingencies amounting to \$6,632 that were included in the allocation of the purchase price based on their respective fair values. The prior owners of Horamar agreed to indemnify the Company. As of June 30, 2011, the indemnity asset amounts to \$5,051 (\$4,674 as of December 31, 2010), which was included in other long term assets.

On August 19, 2009, the Company issued a guarantee and indemnity letter that guarantees the fulfillment by Petrolera San Antonio S.A. (“Petrosan”) of all its obligations to Vitol S.A. (“Vitol”) up to \$4,000. On May 6, 2011, the guarantee amount was increased to \$10,000. In addition, Petrosan agreed to pay Vitol immediately upon demand, any and all sums up to the referred limit, plus interest and costs, in relation to sales of gas oil under certain contracts between Vitol and Petrosan. This guarantee expired on August 18, 2011.

On July 19, 2011 and in consideration of Gunvor S.A. entering into sales of oil or petroleum products with Petrosan, the Company has undertaken to pay to Gunvor S.A. on first demand any obligations arising directly from the non-fulfillment of said contracts. The guarantee shall not exceed \$1,500 and shall remain in full force and effect until December 31, 2011.

The Company is subject to legal proceedings, claims and contingencies arising in the ordinary course of business. When such amounts can be estimated and the contingency is probable, management accrues the corresponding liability. While the ultimate outcome of lawsuits or other proceedings against the Company cannot be predicted with certainty, management does not believe the costs of such actions will have a material effect on the Company’s consolidated financial position, results of operations, or cash flows.

As of June 30, 2011, the Company’s future minimum commitments, net of commissions under chartered-in vessels, barges and pushboats were as follows:

	Amounts in thousands of U.S. dollars
June 30, 2012	5,441
June 30, 2013	3,913
June 30, 2014	<u>710</u>
	<u>\$ 10,064</u>

Additionally, as of June 30, 2011, Navios Logistics has entered into a contract to acquire a floating dry dock the amount of \$4,300, of which \$1,000 has been paid during the second quarter of 2011.

NOTE 8: TRANSACTIONS WITH RELATED PARTIES

Balance due to affiliates as of June 30, 2011 amounted to \$523 (December 31, 2010: \$155) which includes the current amounts due to Navios Holdings. Such payables do not accrue interest and do not have a specific due date for their settlement.

NAVIOS SOUTH AMERICAN LOGISTICS INC.
NOTES TO THE UNAUDITED
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

Navios Logistics rents barges and pushboats and pays expenses for lodging at companies indirectly owned by certain of Navios Logistics' directors and officers. In relation to these transactions, amounts payable to related parties other than Navios Holdings amounted to \$326 as of June 30, 2011 (\$322 as of December 31, 2010) and rent and services expense for the three and six month periods ended June 30, 2011, amounted to \$525 and \$1,064, respectively (\$544 and \$1,084 for the three and six month periods ended June 30, 2010, respectively).

Leases: On October 2, 2006, Petrovia S.A. and Mercopar SACI, two wholly owned subsidiaries of Navios Logistics, entered into lease agreements with Holdux Maritima Leasing Corp., a Panamanian corporation owned by the estate of Horacio A. Lopez (the father of Claudio Pablo Lopez, Carlos Augusto Lopez and Horacio Enrique Lopez). The lease agreements provide for the leasing of one pushboat and three tank barges. The total annual lease payments are \$620 and lease agreements expire in October 2011.

On July 1, 2007, Compania Naviera Horamar S.A., a wholly owned subsidiary of Navios Logistics, entered into two lease agreements with Mercotrans S.A. and Mercoparana S.A., two Argentinean corporations owned by the estate of Horacio A. Lopez (the father of Claudio Pablo Lopez, Carlos Augusto Lopez and Horacio Enrique Lopez). The lease agreements provide for the leasing of one pushboat and three tank barges. The total annual lease payments are \$1,500 and the lease agreements expire in 2012. The lease agreement with Mercotrans S.A. was terminated on July 20, 2011.

Lodging: Compania Naviera Horamar S.A., a wholly owned subsidiary of Navios Logistics, obtains lodging services from Empresa Hotelera Argentina S.A./ (NH Lancaster) an Argentinean corporation owned by certain of Navios Logistics' directors and officers, including Claudio Pablo Lopez, Navios Logistics' Chief Executive Officer and Carlos Augusto Lopez, Navios Logistics' Chief Commercial Officer—Shipping Division, each of whom does not have a controlling interest in those companies. The total expense payments for the three and six month periods ended June 30, 2011 were \$18 and \$27, respectively (\$14 and \$24 for the three and six month periods ended June 30, 2010, respectively).

General & administrative expenses: On April 12, 2011, Navios Logistics entered into an administrative services agreement for a term of five years, with Navios Holdings, pursuant to which Navios Holdings provides certain administrative management services to Navios Logistics. Such services include bookkeeping, audit and accounting services, legal and insurance services, administrative and clerical services, banking and financial services, advisory services, client and investor relations and other. Navios Holdings is reimbursed for reasonable costs and expenses incurred in connection with the provision of these services. Total general and administrative fees charged for each of the three and six month periods ended June 30, 2011 amounted to \$125 (\$0 for each of the three and six month periods ended June 30, 2010).

The Company believes that the transactions discussed above were made on terms no less favorable to the Company than would have been obtained from unaffiliated third parties.

Employment Agreements

The Company has executed employment agreements with several of its key employees who are noncontrolling shareholders of the Company. These agreements stipulate, among other things, severance and benefit arrangements in the event of termination. In addition, the agreements include confidentiality provisions and covenants not to compete.

The employment agreements initially expired on December 31, 2009, but renew automatically for successive one-year periods until either party gives 90 days written notice of its intention to terminate the agreement. Generally, the agreements call for a base salary ranging from \$280 to \$340 per year, annual bonuses and other incentives, provided certain performance targets are achieved. Under the agreements, the Company accrued compensation totalling \$244 and \$488 for the three and six month periods ended June 30, 2011, respectively (\$244 and \$488 for the three and six month periods ended June 30, 2010, respectively).

NOTES TO THE UNAUDITED
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

NOTE 9: SHARE CAPITAL

Common shares and shareholders

On August 4, 2010, the Company amended its articles of incorporation and increased its authorized share capital to 50,000,000 shares of common stock with a par value of \$0.01 per share.

As of June 30, 2011 and December 31, 2010, the Company has issued 20,000 shares of common stock at \$1.00 per share par value.

Holders of each share of common stock have one vote for each share held of record on all matters submitted to a vote of shareholders. Dividends on shares of common stock may be declared and paid from funds available to the Company.

The 1,007 shares issued as part of the Horamar Group acquisition were released from escrow to the former shareholders of Horamar upon achievement of the EBITDA target threshold. The 1,007 shares have been reflected as part of the Company's outstanding shares from the date of issuance since these shares were irrevocably issued on January 1, 2008 with the identity of the ultimate recipient to be determined at a future date. Following the achievement of the EBITDA targets mentioned in Note 1, the shares were delivered to the Horamar Group shareholders, otherwise they would have been delivered to Navios Holdings.

NOTE 10: SEGMENT INFORMATION

Current accounting guidance establishes standards for reporting information about operating segments in annual financial statements and requires reporting of selected information about operating segments in interim financial reports issued to shareholders. Operating segments are components of a company about which separate financial information is available that is regularly evaluated by the chief operating decision makers in deciding how to allocate resources and assess performance. The statement also establishes standards for related disclosures about a company's products and services, geographical areas and major customers. The Company has determined that its reportable segments are those that are based on the Company's method of internal reporting. Historically, Navios Logistics had two reportable segments, Logistics Business and Dry Port Terminal Business.

Since Navios Logistics was formed by the business combination between CNSA and Horamar, Navios Logistics has grown its vessel fleet from approximately 123 vessels, including barges, pushboats and tankers, to 272 vessels through acquisitions of vessels and the acquisition of a 51% interest in Hidronave S.A., a Brazilian pushboat operator. Additionally, Navios Logistics expanded its Uruguayan port terminal with the addition of a new silo with 80,000 metric tons of storage capacity in 2009 reaching a total storage capacity of 360,000 metric tons, and in 2010 Navios Logistics acquired additional land and began the installation of a grain drying and conditioning facility, which has been operational since May 16, 2011.

Following these recent business developments, beginning in 2011, Navios Logistics reports its operations based on three reportable segments: Port Terminal Business, Barge Business and Cabotage Business. The Port Terminal Business aggregates the dry port terminal operations (previously identified as the Dry Port Terminal Business) and the liquid port terminal operations previously included in the Logistics Business segment. The previously identified Logistics Business segment is further split to form the Barge Business segment and the Cabotage Business segment. The information for the six month period ended June 30, 2010 has been reclassified in accordance with the new reportable segments. The information reported to the chief operating decision maker has been modified in accordance with the change in reportable segments. A general description of each segment follows:

The Port Terminal Business segment:

This reportable segment includes the aggregated operating results of two of the Navios Logistics' operating businesses: dry port terminal and liquid port terminal operations.

NAVIOS SOUTH AMERICAN LOGISTICS INC.
NOTES TO THE UNAUDITED
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

(i) Dry port terminal operations

Navios Logistics owns and operates the largest independent bulk transfer and storage port terminal in Uruguay. Its dry port terminal is located in an international tax-free trade zone in the port of Nueva Palmira, Uruguay, at the convergence of the Parana and Uruguay rivers. The terminal operates 24 hours per day, seven days per week, and is ideally located to provide its customers, primarily leading international grain and commodity houses, with a convenient and efficient outlet for the transfer and storage of a wide range of commodities originating in the Hidrovia region.

(ii) Liquid port terminal operations

Navios Logistics owns and operates an up-river port terminal with tank storage for refined petroleum products, oil and gas in San Antonio, Paraguay, approximately 17 miles by river from the capital of Asuncion. Its port terminal is the largest independent storage facility for crude and petroleum products in Paraguay. The port facility serves international operators from Paraguay and Bolivia supplying products that support the growing demand for energy. Because Paraguay is not oil producing country, its needs for both crude and refined petroleum products are served entirely by imports. The main sources of supply are from Argentina and, to a much lesser extent, Bolivia. The strategic location of the terminal at the center of the Paraguay-Parana waterway has comparative advantages for the provision of services to both southern and northern regions.

The Barge Business segment

Navios Logistics services the Argentine, Bolivian, Brazilian, Paraguayan and Uruguayan river transportation markets through its fleet. Navios Logistics operates different types of pushboats and wet and dry barges for delivering a wide range of dry and liquid products between ports in the Parana, Paraguay and Uruguay River systems in South America (the Hidrovia or the “waterway”). Navios Logistics contracts its vessels either on a time charter basis or on a Contract of Affreightment (“CoA”) basis.

The Cabotage Business segment

Navios Logistics owns and operates oceangoing vessels to support the transportation needs of its customers in the South American coastal trade business. The Company believes it operates the largest and youngest Argentine cabotage fleet. Its fleet consists of six oceangoing product tanker vessels and two self propelled barges. Navios Logistics contracts its vessels either on a time charter basis or on a CoA basis.

Inter-segment transactions, if any, are accounted for at current market prices. The Company evaluates performance of its segments and allocates resources to them based on net income.

The following table describes the results of operations of the three segments, the Port Terminal Business segment, the Barge Business segment and the Cabotage Business segment for the three and six month periods ended June 30, 2011 and 2010:

	Port Terminal Business Segment for the Three Month Period Ended June 30, 2011	Cabotage Business Segment for the Three Month Period Ended June 30, 2011	Barge Business Segment for the Three Month Period Ended June 30, 2011	Total

For the Barge Business segment and for the Cabotage Business segment, the Company's vessels operate on a regional basis and are not restricted to specific locations. Accordingly, it is not possible to allocate the assets of these operations to specific locations. The total net book value of long-lived assets for vessels amounted to \$258,711 and \$236,200 as of June 30, 2011 and December 31, 2010, respectively.

All of the assets related to the Port Terminal Business segment are located in Uruguay and in Paraguay. The total net book value of long-lived assets for the Port Terminal Business segment, including constructions in progress, amounted to \$56,481 and \$56,227 as of June 30, 2011 and December 31, 2010, respectively.

In addition, the net book value of intangible assets other than goodwill allocated to the Barge Business segment and to the Cabotage Business segment, collectively, amounted to \$37,967 and \$38,844 as of June 30, 2011 and December 31, 2010, respectively, while the net book value of intangible assets allocated to the Port Terminal segment amounted to \$28,994 and \$29,455 as of June 30, 2011 and December 31, 2010, respectively.

Goodwill resulting from the acquisition of Horamar and Hidronave S.A. has been entirely allocated to the Barge Business segment.

NOTE 11: FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair Value of Financial Instruments

The following methods and assumptions were used to estimate the fair value of each class of financial instrument:

Cash and cash equivalents: The carrying amounts reported in the consolidated balance sheets for interest bearing deposits approximate their fair value because of the short maturity of these investments.

Restricted Cash: The carrying amounts reported in the consolidated balance sheets for interest bearing deposits approximate their fair value because of the short maturity of these investments.

Borrowings: The carrying amounts of the floating rate loans approximate their fair value. The Senior Notes are fixed rate borrowings and their fair value, which was determined based on quoted market prices, is indicated in the table below.

Accounts receivable: Carrying amounts are considered to approximate fair value due to the short-term nature of these accounts receivables and because there were no significant changes in interest rates.

NAVIOS SOUTH AMERICAN LOGISTICS INC.
NOTES TO THE UNAUDITED
CONSOLIDATED FINANCIAL STATEMENTS
(Expressed in thousands of U.S. dollars — except share data)

All amounts that are assumed to be uncollectible are written off and/or reserved.

Accounts payable: The carrying amounts of accounts payable reported in the balance sheet approximate their fair value due to the short-term nature of these accounts payable and because there were no significant changes in interest rates.

The estimated fair values of the Company's financial instruments are as follows:

	June 30, 2011		December 31, 2010	
	Book Value	Fair Value	Book Value	Fair Value
Cash and cash equivalent	\$ 136,196	\$ 136,196	\$ 39,204	\$ 39,204

Accounts payable	\$ (22,063)	\$ (22,063)	\$ (22,591)	\$ (22,591)
Senior notes	\$ (200,000)	\$ (204,250)	\$ —	\$ —
Long-term debt, including current portion	\$ (53,671)	\$ (53,671)	\$(127,422)	\$(118,610)

NOTE 12: SUBSEQUENT EVENTS

Acquisition of Noncontrolling Interests in Joint Ventures

On July 25, 2011, Navios Logistics acquired the noncontrolling interests of its joint ventures Thalassa Energy S.A., HS Tankers Inc., HS Navigation Inc., HS Shipping Ltd. Inc. and HS South Inc., in accordance with the terms of certain stock purchase agreements with HS Energy Ltd., an affiliate of Vitol S.A. Navios Logistics paid total consideration of \$8,500 for such noncontrolling interests, and simultaneously paid \$53,155 in full and final settlement of all amounts of indebtedness of such joint ventures under certain loan agreements.

Acquisitions

On various dates on or prior to August 22, 2011, Navios Logistics used a portion of the proceeds from the Logistics Senior Notes offering to pay \$3,300 for the remaining portion of the acquisition price of the floating drydock facility and \$9,647 for the acquisition of 31 dry barges, and \$5,728 for transportation and other related costs.
